STATUTE OF LIMITATIONS – JOHN ANDERSON LEGALLY CLEARED

LEAVE A COMMENT

updated: 9.24.19 – 10:17 PM

JOHN ANDERSON LEGALLY CLEARED –

Due to Statutes of Limitation of 1 year after "Discovery" is up to charge John Anderson with any crimes, he is legally cleared from any wrongdoing. Supposed Victims are located in the United States – John Anderson is protected under the U.S Constitution and its Laws. Canadian Laws and the U.S Laws were mixed and matched – oops!!!

Simple fact there was no evidence, to begin with, this was clear from the start, Mark Mumma admitted – stalking, threats and harassments and Defamatory statements were allegations, that were yet to be proven because the evidence was being collected after the fact. – Opps!!!

Evidence from (stolen.news) has been collected

LACK OF EVIDENCE: INITIAL APPEARANCE

Lack of – **Tangible or "Direct Evidence" was presented at the initial appearance in front of the Judge.**

John Anderson was **released from custody** and put on a **"Pre-Trial" Probation** – again John Anderson **Plead "Not Guilty" and still not Charged** with Natoriuos Cyber-Crimes he had never Committed. In Order to be put on Probation, the defendant/suspect has to be charged with a crime. This foiled the Prosecutors plans when John Anderson plead "Not Guilty" – John Anderson being released from Police custody and put on "Pre-Trial Probation" – proves he is not an (alleged) Serial Cyberstalker's that committed a decade-long, international cyberstalking and criminal harassment spree.

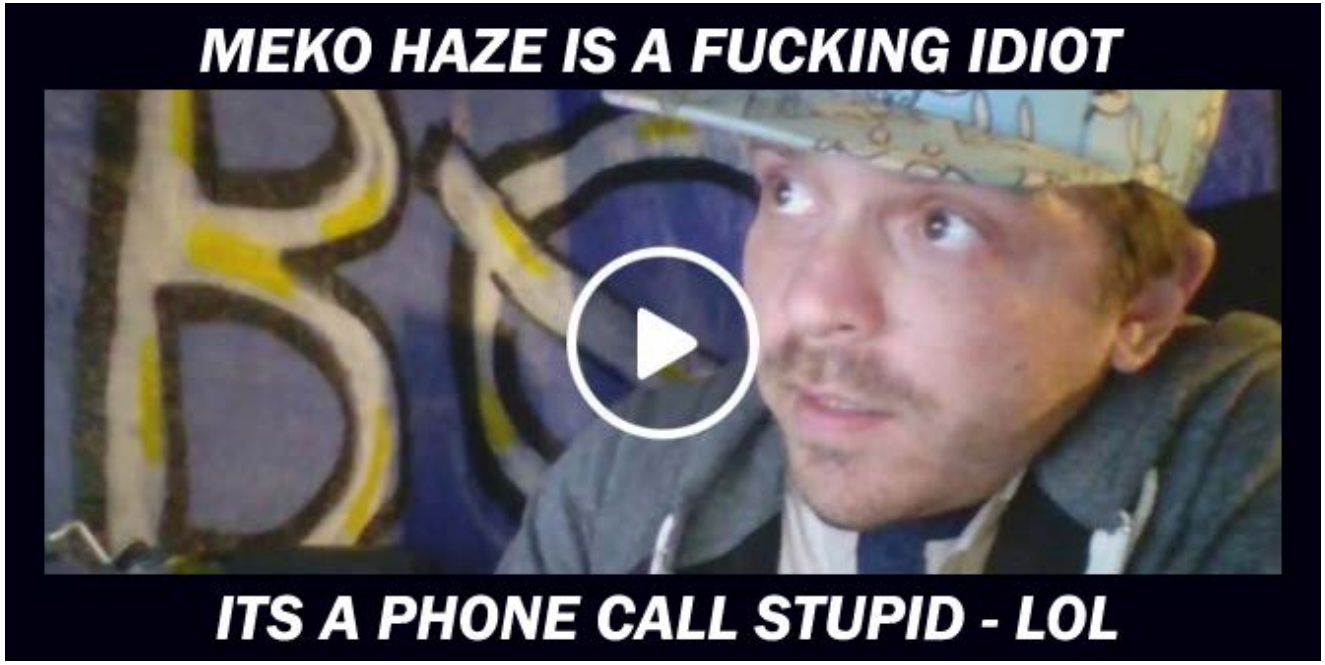

(update) VIDEO NOT PROBABLE CAUSE

A video alone is not "Probable Cause" for an Arrest – Proving John Anderson was placed under false arrest –

PURE GENIUS FAKE JOURNALIST -MEKO HAZE

Failed- Meko Haze believed he could broadcast a Telephone conversation between himself and John Anderson and broadcast the Conversation on Facebook Live – would violate John Andersons "Pre-Trial" Probation Terms and Agreements – then started talking tough to John Anderson –

John Anderson's reply in Mob Accent: "Hey Buddy show some respect here" – shit was too funny – It was a Telphone Conversation idiot – Whoever paid off Meko Haze to pull this stunt is most likely pissed – LOL –

PRE-TRIAL PROBATION: UNITED STATES FEDERAL PROBATION LAW –

Pretrial Probation is a “United States” Federal Probation Law that doesn’t exist in Canada. However, if Pre-Trial Probation Law does exist in Canada the same terms, Conditions, and Laws would apply. Pre-Trial Probation is 6 months to a Year – Recently John Anderson was told he was no longer on pre-trial Probation. There wouldn’t be a hearing or a trial, John Anderson surpassed pre-trial Probation by several months (8 months) without Violating any Terms or Conditions of the Probation. Most of the time there is never a hearing because the defendant is not contacted or kept aware that they had past the pre-trial probation period. – Fact

---

What is Pretrial Probation?

Pretrial Probation “Revised Law”

Again John Anderson was not Charged with any Crimes …..

Pretrial probation can be a fast and favorable resolution of a case for a defendant who is charged with a crime. Pretrial probation is not a conviction, **nor does it require the defendant to admit guilt**. It does

allow a judge in Massachusetts Superior Court, District Court, or Juvenile Court **to dismiss charges against a defendant** if and when the **defendant fulfills certain probationary requirements.**

Pretrial probation can take lots of different forms, depending on the individual circumstances of a case. For example, the **probation requirements** could include **meeting with probation officers** for a specified time period, paying restitution, being subject to drug testing, taking part in rehabilitative programs, or any other number of options. Compliance with the probation requirements will be enforced by the probation department of the court.

Judges have the ultimate discretion to determine whether pretrial probation is appropriate in a given case. Attorneys can make arguments for pretrial probation to a judge, and the prosecutor must also agree to the pretrial probation. Prosecutors and Judges will often look at factors such as the seriousness of the charge, the defendant's past criminal record, and the defendant's personal circumstances when determining the appropriateness of pretrial probation.

There are many benefits for defendants who are granted pretrial probation. First, if the conditions of the probationary term are satisfied it will always lead to a dismissal of the case and does not **involve a finding of guilty, or an admission by the defendant**. This can be especially important for **noncitizens (U.S Federal Law)** that could face potential immigration consequences from a **guilty plea** or admission. Second, once the probationary requirements are fulfilled, the case is dismissed, and the prosecutor cannot bring charges for the same alleged offense again. This is an advantage over other kinds of dismissals which do not necessarily prevent the re-filing of charges. Third, a pretrial resolution will save a substantial amount of time and expense that would otherwise be incurred through continued litigation of a case. Finally, the conditions of probation themselves can be tailored to a person's unique situation, allowing for much more flexibility than other dispositions.

It should be noted that pretrial probation will not remove the charge from a person's criminal record. The person's record will indicate, **however, that the charge was dismissed**. The only way for a charge to be taken out of a person's record entirely is for the person's record to be sealed, which involves a wholly separate procedure.

John Anderson also protected by the "SPEEDY TRIAL CLAUSE" – Opps!!!

SPEEDY TRIAL CLAUSE: REVISED

The **Speedy Trial Clause** of the Sixth Amendment to the United States Constitution provides that "[i]n all

criminal prosecutions, the accused shall enjoy the right to a speedy trial"[1] The Clause protects the defendant from delay between the presentation of the indictment or similar charging instrument and the beginning of trial.

SPEEDY TRIAL STATUTES: REVISED

In addition to the constitutional guarantee, various state and federal statutes confer a more specific right to a speedy trial.[3] In New York, the prosecution must be "ready for trial" within six months on all felonies except murder, or the charges are dismissed by the action of law without regard to the merits of the case. This is also known as a "ready rule".[4] In California courts, defendants have a right to a trial within 100 days to a year.

The federal law detailing this right is the Speedy Trial Act of 1974. All U.S. states have either statutes or constitutional provisions detailing this right.[5] In 1979 the Act was amended to ensure that the defendant had time to provide a suitable defense. This amendment made it so the trial could not start within less than 30 days after the defendant first appeared in the court.[6]

ALL EVIDENCE MUST BE RELEVANT TO THE INITIAL ARREST OF JOHN ANDERSONS – OOOPS!!! – THERE IS NO EVIDENCE THAT IS RELEVANT

Any and all Evidence Collected after the fact, after Johns Andersons Arrest is not Relevant to the initial arrest and not submittable in Court this is "False Evidence" – John Anderson's personal possessions as electronic equipment, cellphones PC's Laptops Etc … were illegally seized – John Anderson's evidence cant be used against him – again falls into "FALSE EVIDENCE" – LOL

EVIDENCE NOT RELEVANT TO JOHN ANDERSONS INITIAL ARREST

Audio
Pictures
Screenshots
Statements

(or other evidence that may have been collected) oops!!!

WHY???

WHY? because the following evidence (Audio, Pictures, Screenshots or Statements) wasn't collected then presented to the Judge for the RCMP to obtain "Fraudulent Warrant" for the Initial arrest of John Anderson. RCMP had no Tangible Evidence to obtain a signed Warrant – this is an illegal issue of a Warrant declaring the Warrant "Null and Void" again Mark Mumma makes this known on (stolen.news) he and other were still collecting evidence after the fact, after John Andersons Arrest -Opps!!!

Everyone direct yourself to (stolen.news) you will find within pages of the site statements by Mark Mumma, Francesca Amato and other was false fabricated – also adding allegations, alleged claims – the evidence was being **collected after the fact.**

Emerging trends in not-for-profit fraud

LEAVE A COMMENT

Emerging trends in not-for-profit fraud

The United States is host to 1.1 million not-for-profit organizations. These organizations, many of which do not maintain strong internal control processes, are ripe for fraud and embezzlement. The Association of Certified Fraud Examiners (ACFE) estimates that not-for-profit organizations sustain annual fraud-related losses of $77 billion. The aim of this paper is to answer the following questions:

- Why are not-for-profit organizations (NFPs) so susceptible to fraud?
- What are some emerging trends in NFP fraud?

What steps can NFP directors and administrators take to protect themselves from fraud?

NFP fraud susceptibility

NFPs are particularly vulnerable to fraud. These organizations tend to place executive control in their founder, executive director, or substantial contributor. Since they often focus their funding on their core service, they tend to overlook crucial areas like accounting, internal controls, and financial oversight – functions that are of vital importance when one individual wields outsize influence on an organization.

Further, NFPs often engage volunteers, who tend to be untrained and ignorant of internal control processes, and who are privy to confidential information. Frequently, even the board of directors is comprised of volunteers with little or no financial oversight expertise.

The very nature of NFP transactions leaves them susceptible to fraud as well. Transactions tend to be non-reciprocal, such as charitable contributions, which are easier to steal than other sources of revenue where consideration is exchanged. NFPs are also highly susceptible to the effects of negative publicity and therefore reluctant to report fraud when it occurs. NFPs are therefore particularly vulnerable targets for fraudsters.

Frauds commonly committed against NFPs

Some common frauds perpetrated against NFPs are as follows:

- Skimming — Cash is stolen before the funds are recorded in the accounting records
- Credit card abuse — Perpetrators either use organization-issued credit cards for personal use or use donor credit card numbers
- Fictitious vendor schemes — Perpetrators set up a company and submit fake invoices for payment
- Conflicts of interest — Board members or executives have hidden financial interests in vendors
- Payroll schemes — Continued payment to terminated employees, overstatement of hours, or fictitious expenditure reimbursement
- Sub-recipient fraud — Abuses by a sub-recipient entity include intentional charges of unallowable costs to the award, fraudulent reporting of levels of effort, and reporting inaccurate performance statistics and data
- Deceptive fundraising practices
- Misrepresentation of the extent of a charitable contribution deduction entitlement, misrepresentation of the fair market value of donated assets, and failing to comply with donor-imposed restrictions on a gift
- Fraudulent financial reporting
- Misclassifying restricted donations to mislead donors or charity watchdogs, misclassifying fundraising and administrative expenses to mislead donors regarding funds used for programs, and fraudulent statements

of compliance requirements with funding sources

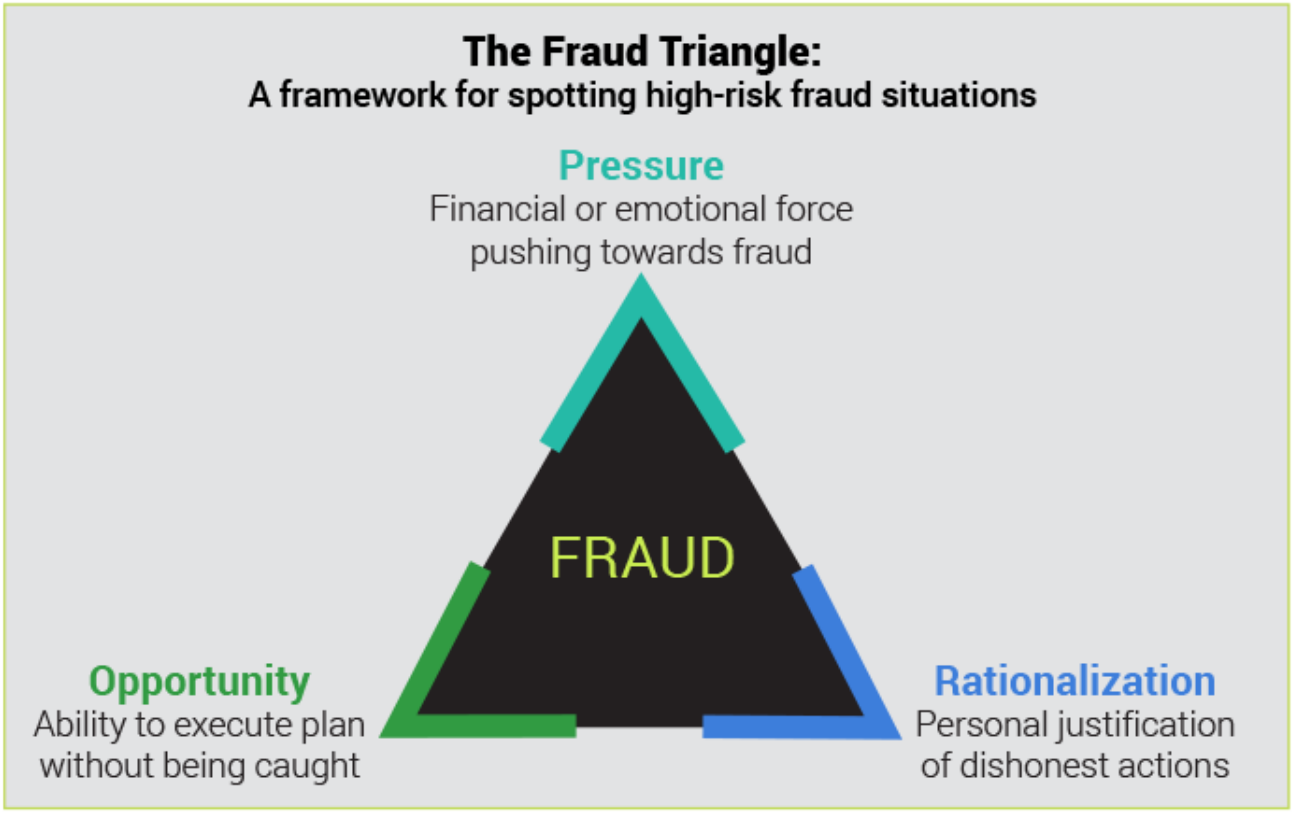

Fighting fraud

To effectively combat fraud and protect an NFP, leadership must establish effective internal controls. These controls must then be regularly reviewed and tested. It is also necessary to establish a fraud hotline and train staff to be equipped to deal with the occurrence of fraud.

There are a number of red flags of fraud that NFP leadership should be aware of.

- Bank reconciliations not performed in a timely manner
- One individual has control over disbursement
- Altered documents
- Inventory shortages
- Employees living beyond their means
- Accounts receivable open for long periods of time
- Donors not receiving receipts for contributions

NFP leadership should also be familiar with the fraud triangle. The fraud triangle is a term coined by Steve Albrecht that refers to a framework for spotting high-fraud situations. The fraud triangle states that all fraud occurs as a result of the collusion of pressure, opportunity, and rationalization.

When formulating an anti-fraud strategy, the fraud triangle may be used in conjunction with the 10-80-10 rule of ethics. This rule is based on the assumption that 10 percent of people are ethical all of the time, 80 percent could behave unethically depending on the situation, and 10 percent are unethical all the time. The fraud triangle represents the circumstances that would result in the 80 percent of people who are not completely honest to perpetrate fraud.

Suspecting fraud

When the organizational leadership of an NFP suspects that fraud is occurring within their organization, they have a number of options. They can choose to do nothing, either to avoid the bad publicity or in the hope that the problem will disappear on its own, they can attempt to handle the issue internally, or they can engage outside investigators and/or forensic accountants to probe the issue more deeply.

The wisest course of action is the last one – to engage a team of forensic experts. These teams consist of a range of professionals such as lawyers, accountants, fraud investigators, and computer forensic specialists. These experienced financial professionals will identify how the loss occurred, preserve any available evidence,

quantify the loss, control the flow of information and, in many cases, stem the loss. The forensic team will then be able to aid the board of directors in establishing adequate fraud prevention and risk management policies and take the appropriate steps to protect their organization.

Lessons learned

In combating fraud, NFP organizations must start with the tone at the top. If management behaves with integrity and meticulousness, the rest of the organization will be motivated to do the same. Management should bear in mind that most fraud is detected either through a tip or by accident and most could have been detected sooner if warning signs had not been ignored.

Moreover, the higher an individual's position in a not-for-profit organization, the greater their ability to commit fraud. Special attention should be paid to high ranking officials. It is also important to note that not too much reliance should be placed on annual audits and that sufficient insurance coverage should be in place.

With correct preparation, internal controls, and use of experts, NFP fraud can be greatly curtailed.

CYBER-STALKER MARK MUMMA – TRACKING FAMED ACTOR AND WIFE

LEAVE A COMMENT

PREDATOR AND SERIAL CYBER-STALKER: MARK MUMMA

In Order for it not to be “Stalking” the Person has to commit an actual Crime Or Evidence that a crime has been committed – If the person hasn’t Committed a Crime, its “Stalking” – “Under Allegations Persons cant be Investigated – an Actual Crime has to occur”

John Anderson was already arrested – any Evidence obtained after the fact – is not relevant and considered “False Evidence” – False Evidence is not submittable –

Mark Mumma openly Admits he filed false claims of Uttering Threats, Criminal Harassment and Defamatory Libel – Mark Mumma is now tried and Prosecuted.

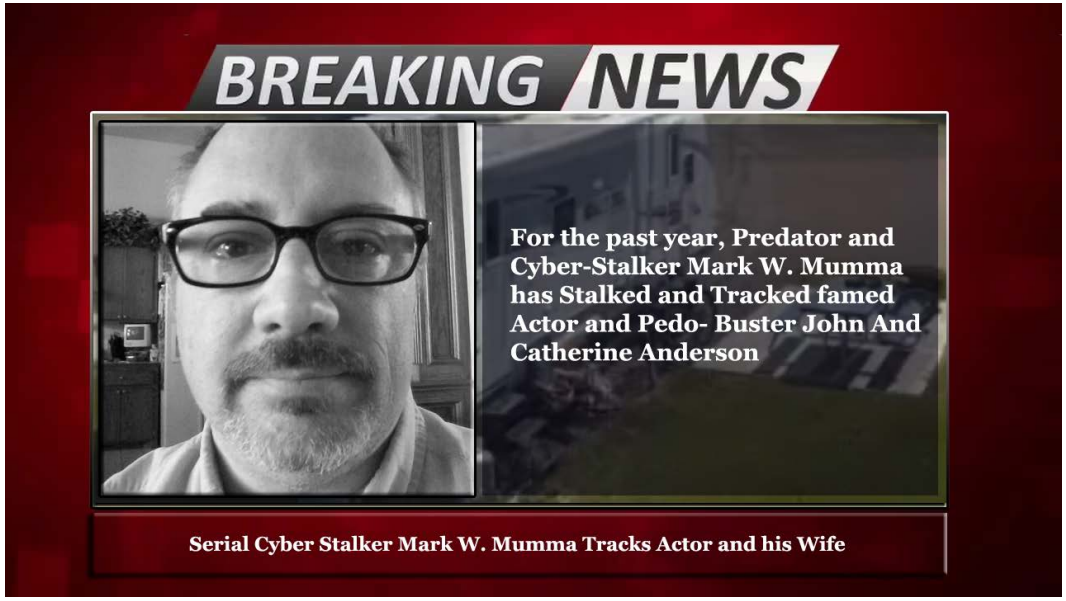

MARK MUMMA PROSECUTED – BECAUSE THE FOLLOWING VIDEO EXIST

The reason Mark Mumma is held liable is because of the following video exist and recorded 2 months prior to John Anderson's arrest – John Anderson made it clear and spoke with the Local RCMP – and said he was making "Non-Serious" threats to force Francesa Amato , Mark Mumma, and others in Court to show his evidence – and stop them from scamming, hurting and destroying Families.

Fast Forward to: (5:39) "Hilarious" – "Yo have zero money – Okay sure – who wants a silver Bar? – share this video" – LOL

For the past year, Mark Mumma has been Criminally Cyber-Stalking and Tracking John Anderson and his wife Catherines every move. Click Evidence button below ….. Image also Available

The Suspect: JOHN HANS ANDERSON

John Hans Anderson, (Public Figure, Actor and Talk Show Host) lives in Spruce Grove, AB Canada

Spruce Grove is on the west side of Edmonton

While John Hans Anderson is the primary suspect, many, many more people are involved in the ongoing alleged stalking, defamation and harassment. (Two others have been named to date)

According to several of suspect's videos, his date of birth is

> July 21, 1979

UPDATE: Suspect may be Armed and Dangerous ?

Suspect has a (maybe two) cell phones through TELUS

> 780-772-0196 - primary number
> 780-772-0198 - additional number

Suspect is confirmed to be residing in an RV campground due west of Edmonton, AB Canada.

Suspect revealed his location by posting 3 videos since he moved to Edmonton. The videos clearly show the RV campsite, as well as nearby eating establishments (Carl's JR and McDonald's restaurants) which allowed us to cross-references images of the RV park as well as images of the fast-food restaurants enabling us to verify his location using Google Maps Street View.

The location is:

> Diamond Grove RV Campground
> 41 Century Close
> Spruce Grove, AB
> T7X 3B3
> Canada

This image suggests where the suspect's trailer may be parked as indicated with the star below. Our best guess is either lot 219, 220 or even 221 on the north section of the internal RV park street called "Chow Chow Crescent".

DOCUMENTED COUNTS OF ALLEGED CRIMINAL HARASSMENT TO DATE:

View / Hear the evidence

ONLINE NOW

We have 610 guests and no members online

Suspect is in a 29 or 32-foot, bumper pull Sunset Trail Travel Trailer with two exterior doors and at least one slider. From the vinyl graphics, it appears to be about 10 years old. Probably a 2007 or 2008.

Suspect is believed to own a 2002, 5-speed manual, Chrysler PT Cruiser with a sunroof, possibly silver or light blue resembling the vehicle below. The suspect has stated in previous videos that he doesn't possess a driver's license. We have reasons to believe that the suspect lost his license due to multiple charges of DUI resulting from driving under the influence of marijuana and/or other intoxicating substances. Suspect conveniently blamed his not driving when he moved on June 30, 2018, on nerves in his leg.

Previous Address 3.

Suspect has a former shipping address where he received medical marijuana. The "robin's egg blue" and white house is pictured below.

Suspect is believed to own (or at least make use of) a 30-foot travel trailer.

His previous address is:

> 11208 106 AVE BOX 2197
> Fairview AB T0H 1L0

UPDATE: Suspect now claims this was not his address, even though this is a screengrab from one of his own videos. It is likely that suspect has been evicted and is now homeless and living in a travel trailer.

LEAVE A COMMENT

MAKE THIS ARTICLE GO VIRAL: ARTICLE WILL BE UPDATED SOON …..

NEW EVIDENCE HAS BEEN UNCOVERED:

In the past week, new evidence has been uncovered. The evidence found P4P: Punished 4 Protecting is a "DOMESTIC: NON-FOR-PROFIT CORPORATION"

– Not-For-Profit Organizations, work side by side with Law Enforcement, Attorneys, DA's Office, CPS: Child Protective Service and provides Foster Care and Adoption.

This was one of the main reasons why John Anderson was arrested, for exposing Francesca Amato and other Individuals. John Anderson at no time had slandered any individual within these groups for he has always posted evidence.

This has been the suspicion for a long time and evidence proves that Francesca Amato P4P: Punished 4 Protecting is an Off-Branch of Child Protective Services. P4P is equivalent or worse to CPS – hopefully, everyone understands why Francesca Amato sent John Anderson a fake Cease and Desist Order – John Anderson had picked Francesca apart at every aspect and angle along with several individuals and numerous organizations.

Francesca was trying anything to shut John Anderson up thinking she could send at fake Cease and Desist Order to keep him quiet. John Anderson immediately realized the Order was fake and burnt on a Facebook live. First of all, no one is going to shut John Anderson up or keep him quiet this has been his passion, duty, and carrier for the past 10 years of exposing Pedophiles Fake Advocates and Fraudulent Organizations.

John Anderson has not lied about Francesca Amato Mark Mumma or anyone else nor has he threatened anyone. RCMP no damn well John Anderson did not make a – "True Threat" – Mark Mummas Documentary "Bong John Silver (2020) Docu-Thriller Teaser Trailer (OFFICIAL)" is beyond fabricated. Another false claim that John Anderson has Stalked, Harassed, threatened defamed thousands of innocent victims. oddly not one person has sued John Anderson for making defamatory remarks. Most of all there is not 10 Solid Years of Arrest Records or Court Records to back Mark Mummas Claim(s) –

Mark Mumma or anyone else believes they can testify on CCTV absolutely not, Testimony by CCTV is "Strictly - Hearsay" – everyone who made false claims against John Anderson has to be physically at the hearing to be cross-examed (to) and against presentation of evidence. There is a lot of legal and illegal issues that makes Johns Anderson's case falls flat I'm not going over that now.

Final Words and Advice:

While Francesca Amato was hurting and Frauding Families – John Anderson was the one who was protecting all of us, by exposing Francesca Amato, Mark Mumma, and others – John Anderson is the real hero

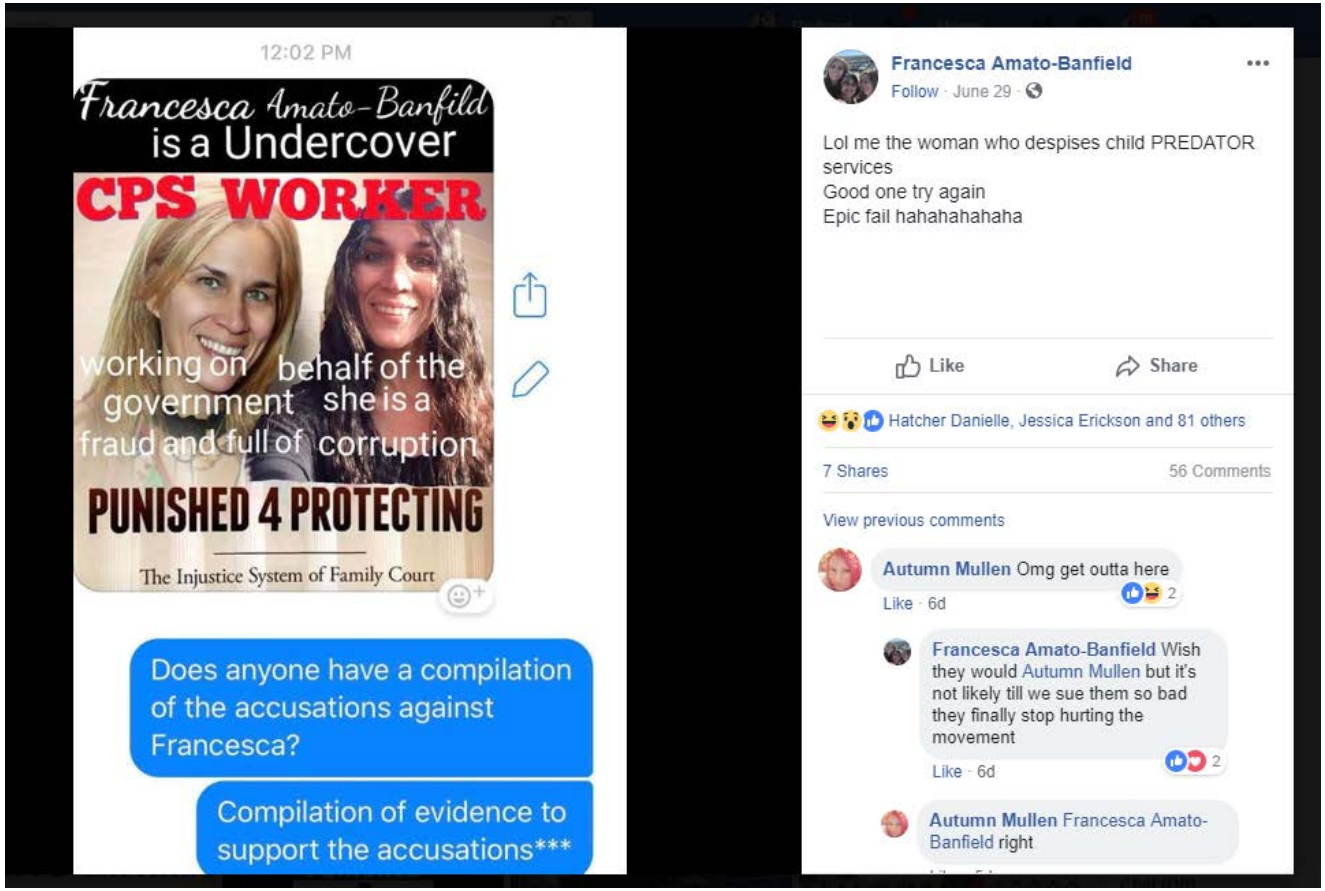

"GET THE HELL AWAY FROM FRANCESCA AMATO P4P, AMERICAS TAKEN AND 4 THE CHILDREN"

> Francesca Amato: Confronted on Youtube

Francesca's own post creates a Meme of herself openly admits she is an undercover CPS Worker working on behalf of the Government a Fraud and full of Corruption. First of all, there is no trace of Francesca being a relation to "Banfield" – she uses different aliases, constantly moving from place to place.

If you notice under Registered Agent: None – Francesca Amato is not a Licensed Attorney, therefore, she cannot own, operate a Child Advocacy Center (Nope!) Not work with or around Attorneys She must be a Licensed Attorney to even step foot on the property unless she was hired on as a secretary.

You also stated in the Interview - you have court watched all over America. First of All Child Advocate Attorneys are not Court watchers, Court Watchers do not handle sensitive Case Records or work hand and hand with the DA's Office or Law Firms.
Practice of Law is opposite from representing persons in Court . Yes, you can practice Law or Study of Law - and have the right to "REPRESENT YOURSELF" without a Law License.
Without a License - You can not give Legal Advice, type out Documents and especially represent a Party or Parties in Court - this Corporate Fiction Law and won't change. As of right now "WE THE PEOPLE" must follow or pay the Cost.
The only possible way to Change all of this - Tyrants, Foreign Agents, Impostors and Puppets must be Physically removed from their positions. No Document is going to work.

This is the key point of the controversy and overall argument(S) - The State(s) will not allow and have not allowed and will never allow for anyone, to give Legal Advice, type out Documents and especially represent Parents and or Children in a Court of Law.

2.

This is clearly evident and my statements are true and factual, because you were denied to represent your son as a "Child Advocate Attorney" -

Amato
v.
McGinty

UNITED STATES DISTRICT COURT NORTHERN DISTRICT OF NEW YORK Sep 15, 2017
1:17-CV-00593 (MAD/ATB) (N.D.N.Y. Sep. 15, 2017)

D. Minor Child Plaintiffs

An individual "who has not been admitted to the practice of law may not represent anybody other than himself." Guest v. Hansen, 603 F.3d 15, 20 (2d Cir. 2010) (citing Lattanzio v. COMTA, 481 F.3d 137, 139 (2d Cir. 2007)). Similarly, "a non-attorney parent must be represented by counsel in bringing an action on behalf of his or her child." Cheung v. Youth Orchestra Found. of Buffalo, Inc., 906 F.2d 59, 61 (2d Cir. 1990). Three minor plaintiffs, Plaintiff CB, Plaintiff John Doe, and Plaintiff Jane Doe, have been listed as pro se litigants in this action. See Dkt. No. 1 at 1-2; Dkt. No. 11 at 16. While the adult Plaintiffs may bring this lawsuit pro se, they may not act as counsel for the minor children without being a licensed attorney. See Cheung, 906 F.2d at 61. Therefore, this Court agrees with Magistrate Judge Baxter's determination that the adult Plaintiffs in this matter may not bring suit on behalf of the minor Plaintiffs.

Who protects the FAMILY — mothers, fathers and children — from becoming victimized by the underbelly of Child Protective Services (CPS)?

"Incentivized adoption is morally wrong. Children in America should never have a price on their head to be 'loved'. It has created a nightmare for those living in poverty, who have neither the resources nor specialized knowledge to fight for their children. Many lawmakers are fully aware of the outcomes of these cases yet turn a blind eye as the funding is good for business in the counties they represent. My son had a jury trial for his son and was found 'guilty' even though he had never been charged with a crime. He was told repeatedly throughout the 'trial' that his son was being taken from him because of my own advocacy and activism speaking out on CPS issues. Federal guidelines and the U.S. Department of Health and Human Services (HHS) policy insist on biological family placement, in reality many caseworkers manipulate the placement toward stranger's because of the higher rate of pay for that type of placement. Since Oct 31, 2013 I have spoken

with thousands of grieving extended biological family members who have been systematically cut out of their grandchild's life because they, like myself, were told they were 'too old' or 'mentally diminished'. I might add that caseworkers although not licensed doctors of medicine, routinely make medical diagnosis to the judge about family members. My work with grieving families led me to work with a dear friend to create a website, AmercasTaken.com, for children and their biological families to search for each other. We offer information, support and hope for many of these families."

TITLES ALONE DONT EXIST:

The Titles Nationally Certified, Child Advocate, Certified Child Advocate, Certified Child *Forensic Interviewer alone don't exist*

Certified Child Advocate is a Licensed Attorney in Children Law – Certified Forensic Interviewer is a Licensed Psychiatrist. Calling yourself a Nationally Certified Child Advocate or Nationally Certified Victims Advocate – means you are a Licensed Attorney in all 50 States.

Many states have an office of the **child advocate** that exists to promote **child** welfare in the courts. … A **child advocate lawyer** must meet the educational **requirements** to be a **licensed attorney**, which include earning a Juris Doctor (J.D.) **law** degree.

Required Education: Juris Doctor

How to Become a Child Advocate Lawyer

Being a child advocate lawyer can be both challenging and rewarding. It is a high-stress career, and you will likely be exposed to some bad experiences. Helping a child navigate these difficult aspects of life can be well worth the stress, though. Below are some things to do if you are considering becoming a child advocate lawyer.

1. **Talk to child advocate attorneys.** One of the best ways to learn what is expected of a child advocate attorney is to ask one. Though there is no single list of responsibilities of a child advocate attorney, some of their responsibilities include:[1]

- Conducting investigations
- Participating in court proceedings
- Making recommendations to the court
- Learning and presenting the child's wishes to the court

Ask to shadow a child advocate attorney. Much of what a child advocate attorney does is highly confidential. With the proper permissions, though, you may be able to watch a child advocate attorney as s/he goes about their day. You would likely need the following:[2]

- Permission of the client/child's parents
- To sign a confidentiality/nondisclosure agreement
- Potentially a criminal background check

Observe some cases involving minors. In some jurisdictions some cases involving minors are closed to the public. These tend to be cases involving dependency and neglect. Sometimes juvenile criminal cases are closed to the public, as well. If you want to observe some cases to see how they are handled, contact a judge who hears juvenile cases. They may allow you to observe some cases and speak with the in chambers about your observations.[3]

Obtain your Bachelor's degree. You cannot get into an ABA (American Bar Association) accredited law school without obtaining a Bachelor's degree. Law schools are not terribly concerned with your major, but they do tend to prefer majors that include a lot of writing and reading. The most important thing about your undergraduate degree is to keep your grades up. Law School Admissions are extremely competitive. [4] If you want to advocate for children, however, you may want to focus your major on subject matter involving children and/or child development. Some programs that may help you in your career include:

- Child development
- Psychology
- Social work
- Early childhood education

Take the LSAT. To get into law school, you must take the Law School Admission Test (LSAT). You will want to take this no later than December of your senior year of undergraduate school. You can take it earlier if you like. Your score is valid for five years, and you want to give yourself ample opportunity for a retake if you have a low score.[5]

- The exam is offered four times a year.
- You must register with LSAC (Law School Admissions Council) to take the LSAT.
- The LSAT is a half-day test in multiple choice format with an unscored essay at the end of the exam
- You can take an LSAT preparation class to prior to taking the exam

Apply to law schools. To be a child advocate lawyer, you must be a lawyer. To be a lawyer, you must go to law school. Most states will only allow you to take the bar exam and admit you to practice if you attend an ABA accredited law school. Some of the things ABA accredited law schools consider when deciding what students to admit include:[6]

- Undergraduate GPA
- Score on the Law School Aptitude Test (LSAT)
- Your personal history

Attend law school. While attending law school, there will be certain required coursework. When selecting your electives, you will want to choose courses that have to do with children. These courses may include juvenile delinquency, dependency and neglect, family law, and domestic violence. In addition, take part in your school's family law clinic. A clinic will help you gain real world experience dealing with family law issues, which includes issues surrounding child advocacy. Before choosing a law school, check with them to ensure they offer this type of clinic. Some great schools that offer family law clinics include:

- Boston College;

- University of California, Berkeley School of Law;
- The University of Chicago Law School;
- Cornell Law School;
- Emory University School of Law; and
- Harvard University Law School.

Take the MPRE. Most states require all prospective attorneys take and pass the MPRE (Multistate Professional Responsibility Examination). Most people take it in their second year of law school, but you can take it at any time prior to being admitted to the bar.[7]

- The MPRE is a two-hour multiple choice exam covering ethics and professional responsibility
- The MPRE is given three times per year, and you must register with NCBE (National Conference of Bar Examiners) to take the exam
- Many bar exam preparation courses offer free programs to study for the MPRE
- Some states require that you also take a professional responsibility course prior to admission to the bar.

Trump: Pedophiles Deserve The Death Penalty

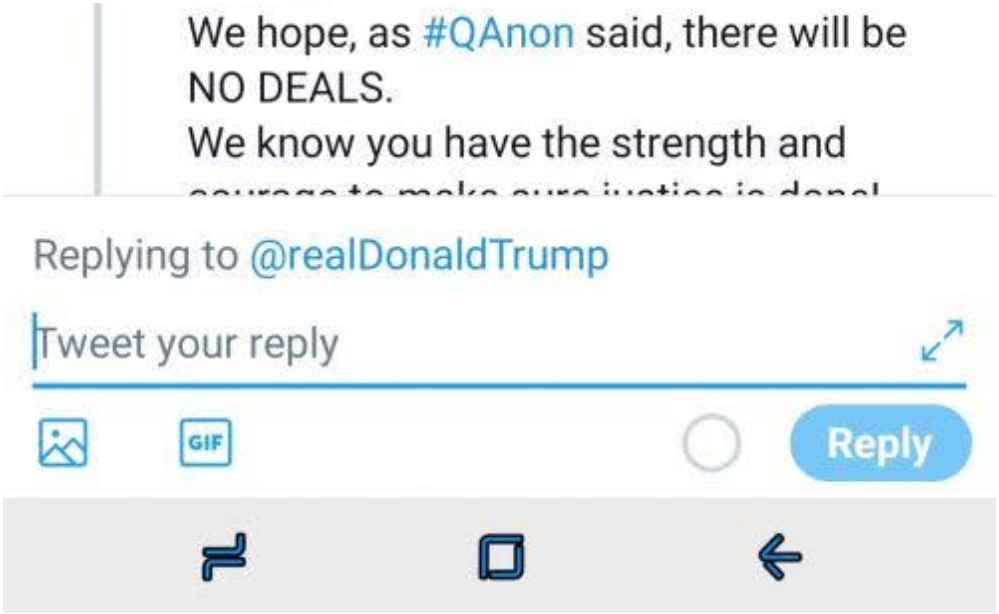

Is Trump preparing to tackle in the rampant pedophilia and child abduction crisis in the United States?

The future president tweeted that something has to be done about "*missing children grabbed by the perverts*" and suggested that a "*fast trial*" followed by the "*death penalty*" is the answer.

According to the National Center for Missing and Exploited Children (citing U.S. Department of Justice reports), nearly 800,000 children are reported missing each year. That's more than 2,000 children abducted every single day.

One every 40 seconds.

In 2010, the Justice Department releasedthe first-ever National Strategy for Child Exploitation Prevention and Interdiction, which aimed to assess the dangers from child pornography, online enticement, and other crimes against children. It found that between 2005 and 2009, there was a 432 percent increase in child pornography movies and files submitted to the National Center for Missing & Exploited Children, which attempts to identify victims.

Child porn crisis

The Daily Beast reports:

"*Although documenting the precise quantity of child pornography is difficult, it is evident that technological advances have contributed significantly to the overall increase in the child pornography threat,*" the strategy report found. From 2005 through 2009, it said, U.S. Attorneys prosecuted 8,352 child pornography cases, "*and in most instances, the offenders used digital technologies and the Internet to produce, view, store, advertise, or distribute child pornography*."

The label "pornography" arguably doesn't capture the depravity of some of the crimes committed against

children. In 2012, a Ganby, Connecticut, police captain was sentenced to 10 years in prison for possessing and trading videos that "*horrifically depicted children being sexually abused by adults,*" according to a U.S. prosecutor. Among the images the former cop sought from fellow traders were those of babies being bound and tortured, officials said.

Also in 2014, the former acting director of cyber security at the U.S. Department of Health and Human Services was convicted for his participation in a child porn ring that included images so violent and disturbing that even veteran investigators said they were shocked by what they saw. A federal prosecutor said the employee used his technical expertise to navigate anonymous computer networks frequented by child porn peddlers.

UK government implicated in pedo ring

Cases of violent child abuse in the United States have mirrored recent revelations from an organized abuse ring in the United Kingdom featuring senior members of the British government. Shocking cases of crimes against children went unreported or covered up for decades. As The Daily Beast reported Friday, the potential key witness in the ring, who was himself allegedly a victim as a schoolboy, fled Britain and now lives in the United States.

The international dimensions of child pornography and violence haven't escaped the FBI, which last week helped to take down an alleged porn kingpin in South Africa. The accused was reportedly arrested at his home in Grahamstown, near the country's southern coast, and had 16 hard drives, a laptop, and video and still cameras. FBI agents are said to have discovered the network after seven people were arrested in the United States using Web sites designed to coax children into performing sexual acts while surreptitiously being videotaped.

Journalist Jailed for Exposing Pedophile Judges

Kangaroo Court of Australia

WHY RENT A LAWYER WHEN YOU CAN BUY A JUDGE

Journalist Shane Dowling has been jailed for exposing pedophile judges and judicial bribery

Australian journalist Shane Dowling has been jailed for publishing articles exposing pedophile judges and judges taking bribes. The exact charge against Mr. Dowling is contempt of court because he repeated in court on the 3rd of February 2017 part of an article he had published and also for publishing an article about the contempt proceedings in breach of suppression orders.Chief Justice Tom Bathurst has been trying to jail Shane Dowling since he sent an email to all the judges of the Supreme Court of NSW and wrote an article in September 2016 titled “Paedophile priest gets 3 months jail for raping 3 boys by NSW Supreme Court’s Justice Hoeben”. (Click here to read) In the email, which was also published in the article, Chief Justice Tom Bathurst was named as a known pedophile and 17 other judicial officers were named as known pedophiles or suspected pedophiles and allegations of judicial bribery were also raised.Chief Justice Tom Bathurst had the NSW Police raid Mr. Dowling’s unit in June 2017 and charge him for sending the email. The charge was withdrawn by the Commonwealth Director of Prosecutions on the 28th March 2018 as it was a blatantly malicious charge.Mr. Dowling raised a number of precedents in his last article which support why he shouldn’t have been found guilty as he was only exercising his right to free speech and political communication. Click here to read the last article: Journalist Shane Dowling to be sentenced to possible jail for criticizing a judge and Registrar Christopher BradfordThere are many articles on this website outlining what happened including the malicious police charge that was eventually withdrawn. Some links are below:The journalist found in contempt for political communication re-judge protecting pedophile priest Blogger charged with contempt ordered to serve Attorney-Generals with Notice of a Constitutional Matter. Chief Justice Bathurst has a journalist charged with contempt for accusing him of corruption. Accusing a judge of being a pedophile or bribe-taker is not a crime rules Justice Lucy McCallum

CDPP formally drop criminal charges against journalist Shane Dowling in free speech case Australia's pedophile epidemic being covered-up by judges. Chief Justice Bathurst again uses Supreme Court for personal grievance and vendetta against journalist Shane Dowling #auspol

Chief Justice Tom Bathurst behind judicial pedophile and bribery cover-up evidence shows. Jailed Australian journalist Shane Dowling released with bail conditions. Friends and family members will be looking after this website and Shane's social media sites while he is in jail.

As further details of Shane's incarceration become available I will update below in the comment section and on the KCA Facebook page and KCA Twitter account.

You can email your outrage and disgust to the federal Attorney-General Christian Porter at Christian.Porter.MP@aph.gov.au and ask him to intervene because what Mr. Dowling said raising allegations of judicial corruption is political communication and protected under the Australian constitution as per the 1997 High Court of Australia precedent Lange v ABC. Breaking News…….04/02/2019

It has been a long time coming but we have established that our presence in our communities is making a difference when we choose to not ever turn our backs on situations that becomes too hard or near impossible to expose due to the constrictions placed on naming or alleging that crimes have been committed……..

John Aster did admit to pleading guilty to downloading child porn, he made this admission to me and in front of two credible witnesses at my home 2009…

Background history on John Aster has exposed several deviancy acts some alledged some proved true, including Rape, Grooming, Bisexual, paedophile, predator, stalker, and according to John Aster was visited by the police and RSPCA for acts of bestiality …..

John Aster has not ever sought any legal action to refute the allegations and never will, it is not for us to prosecute but it is up to us to expose the traits of a serious dangerous predator paedophile…..

There are many men like John Aster that like him believe they have a right to commit crime, and we believe it is our rights as parents to ensure these men are exposed and made known to communities nationwide to warn them about the dangers of these predators…..

Pedo-Scams Case was Kangaroo Court – LOL

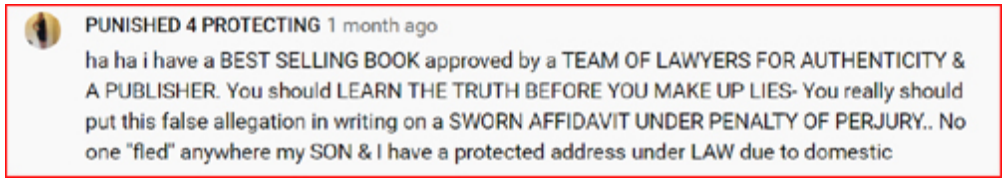

No Part of Francesca- PedoScams Case was a Kangaroo Court.

Kangaroo Court? - LOL
Pedo-Scams Case is Recorded and Case No.(s) Exist ...

Pedo-Scam's case was 100% percent made up bull S- – t!!! – therefor her Case wasn't a Kangaroo Court Process.

PUNISHED 4 PROTECTING 1 month ago

ha ha i have a BEST SELLING BOOK approved by a TEAM OF LAWYERS FOR AUTHENTICITY & A PUBLISHER. You should LEARN THE TRUTH BEFORE YOU MAKE UP LIES- You really should put this false allegation in writing on a SWORN AFFIDAVIT UNDER PENALTY OF PERJURY.. No one "fled" anywhere my SON & I have a protected address under LAW due to domestic

Best selling Book approved by a Team of Lawyers for Authencity and a Publisher? Her Attorneys must work for the New York Times because they and other's mentioned in her stupid book are the only ones who will Validate Stupids Claims of her made-up Case and her fabricated Story. Another lie, Pedo-Scam has protected Address due to Domestic Violence? LOL Protected Adress from Domestic Violence means the father's rights were terminated. – the father still has visitation – LOL

First of all Kangaroo Court is a process, not an actual Court. In the U.S we have – Maritime Courts" – No Court of Records, meaning Cases are not recorded by the means of Audio, Video, Transcripts Documents are not filed and Case No.(s) do not exist. Definitely Cannot file an Appeal

PedoScam's Case is well Recorded and Case No.(s) exist. Francesca wouldn't last 2 seconds in a Kangaroo Court Process. Other Words Pedoscams Story is fabricated bullshit made up and fictitious. Only persons that can Validate the fabricated Story is the Co-Conspirators mentioned in the Book.

The innocent parent cannot file any such documentation as a – "Magic Affidavit" – Any and all Documentation is blocked, Cannot submit Evidence and can not speak in open Court. High majority of Parents are gagged before the first hearing knowing the Law Book and the U.S Constitution front to back doesn't work.

The kidnapping was, in fact, true at the time Francesca was the noncustodial parent did not return the son to the father and left the State – this is Parental Kidnapping. There was never a Court Battle or fought for her son. I could go on all day going overlies and fabrication and a dumb ass Book that doesn't sell. All this will be in an Upcoming Articles.

Going into an "Actual" Kangaroo Court Process preaching to the Court the U.S Constitution, your Rights going over the Laws – your Immediately Gagged and removed from Court. Tell the Judge you are a Sovereign Citizen and have Immunity, the period you're thrown in Prison. The Government sees Sovereign Citizens as Domestic Terrorist.

Jim Carrey’s tragic real-life story Gets Worse

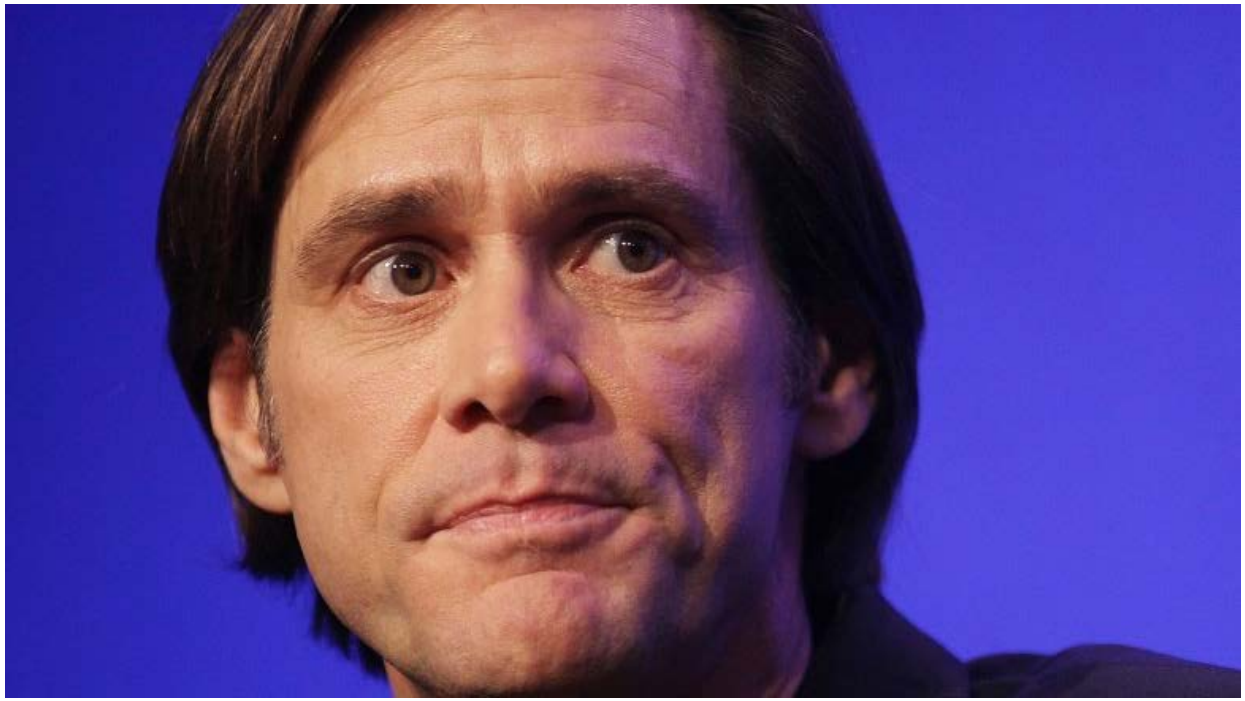

Jim Carrey’s wild personality, kooky facial expressions, and outlandish sense of humor have been making the world chuckle since the ’80s. After snagging a gig on The Tonight Show at the age of 21, he parlayed his

newfound success into a recurring spot on the ’90s sketch comedy show In Living Color. He tickled our funny bones as he depicted memorable characters, such as Fire Marshall Bill and the buff bodybuilder Vila de Milo, and it was clear as day that Carrey had no limit to how far he would go to bring laughter into his fans’ lives.

Box office success soon followed, with movies such as Ace Ventura: Pet Detective and Dumb and Dumber, but despite his accomplishments, he has struggled with inner turmoil that manifested itself during his childhood and wreaked havoc in his life well into his adult years. His goofy personality and his penchant for comedy can be described as protective shields that hide his angst. From depression to homelessness, the trials and tribulations he has experienced are no laughing matter. This is the tragic real-life story of Jim Carrey.

He grew up terrified that the Grim Reaper would come for his parents

Jim Carrey grew up grappling with a fear that his parents, who were “heavy smokers” weren’t going to survive. “I remember locking myself in the bathroom and crying because I thought they were going to die. They banged on the door, telling me to come out. I don’t know if I got over that fear at that time; it was just kind of with me,” he told The Hollywood Reporter. His fears heightened as his mom freely talked about her own mortality. “I remember being seven years old and my mother at the dinner table saying things like, ‘My brain is deteriorating at an incredible rate!’ or ‘My angina’s acting up; I could go at any time!’” he recalled. “Things like that would just shake me to the core.”

Those tragic childhood circumstances inspired Carrey to pen 2013 children’s book, How Roland Rolls, which tackles some of the serious topics that affect young people. “One of the things I’ve always wanted to talk about or deal with is the fact that kids have profound feelings and profound questions that people don’t give them credit for. They think about life and death and ‘What happens when something happens to Mom? What happens when something happens to me?’”

Carrey eventually came to grips with his mom’s outspoken banter, realizing it was her way of “getting attention and getting love,” — but it was at the cost of scaring the bejesus out of him.

Carrey dropped out of school to support his impoverished family

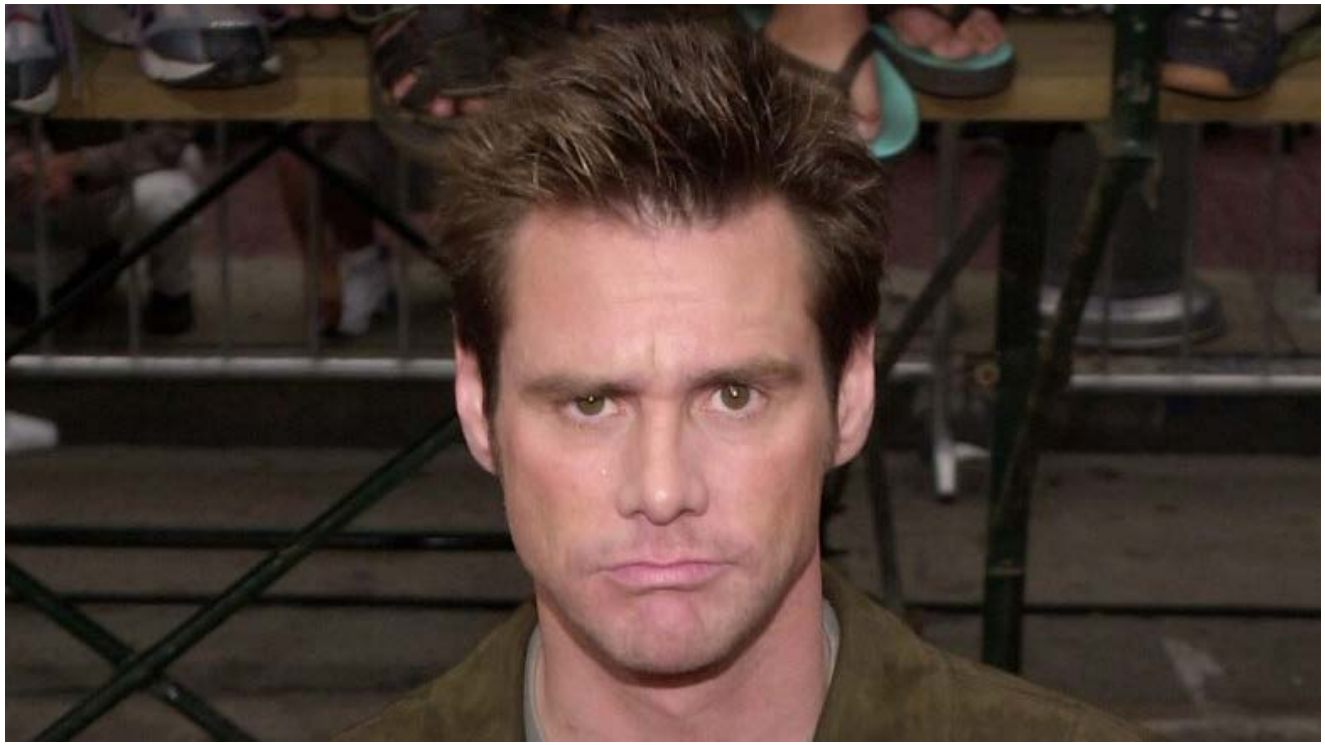

At the age of 10, Carrey wrote a heartfelt letter to The Carol Burnett Show in hopes of showing off his “150 voices” on the program. He waited for a reply and was finally greeted with a rejection letter from the TV personality, who told him the program was “just grown-ups” and encouraged Carrey to “stay in school, study hard.”

Sadly, Carrey wasn’t able to heed her advice after his father lost his job as an accountant. In order to help his family make ends meet, the Bruce Almighty star dropped out of school on his 16th birthday, according to CBS News. “We were experiencing poverty at that point. We all got a job, where the whole family had to work as

security guards and janitors.” There was a bright side to his early exit from school. Carrey was determined not to be a looo-hoo-zuh-her, so he spent his time away from the classroom working on his comedy act “full-time.” And, boy, did that pay off.

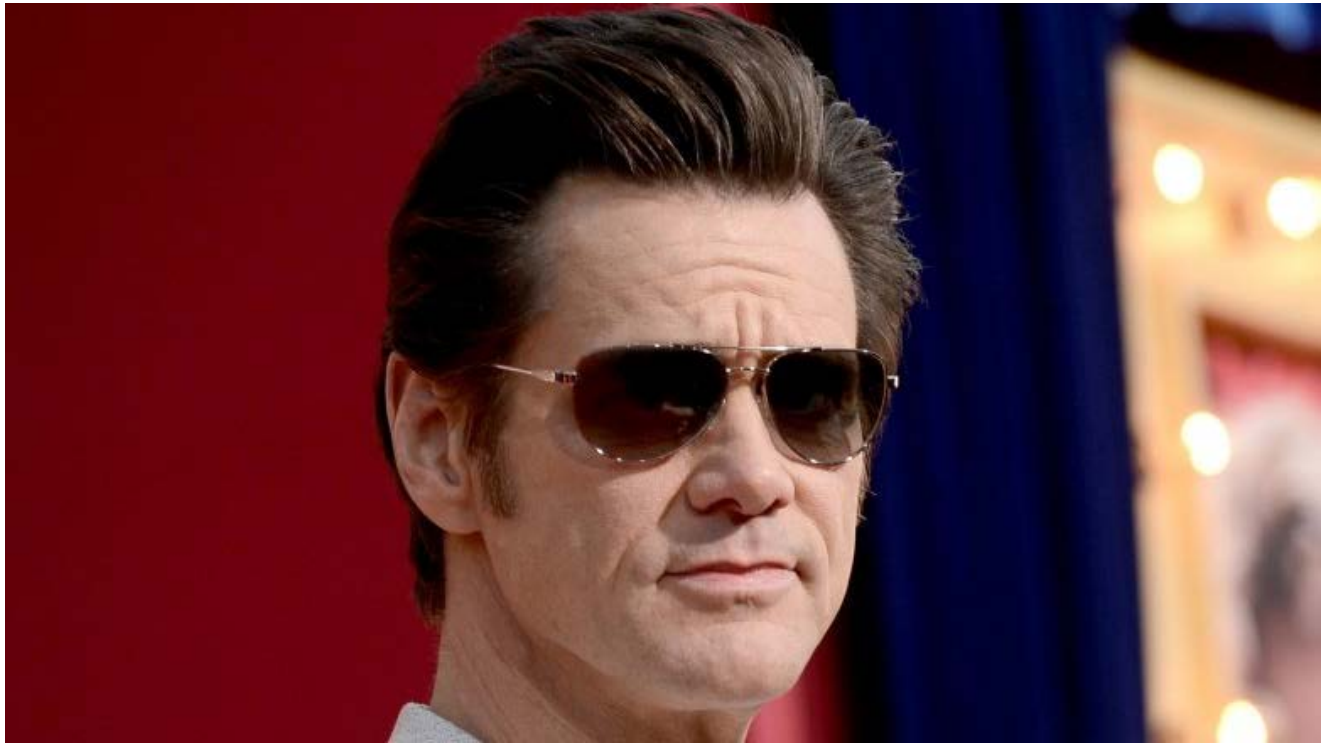

His mirror was his only friend

Jim Carrey also dealt with bouts of loneliness as a child, which he described in a December 1984 issue of Interview magazine. When asked if his childhood was unusual in any sort of way, he made the startling admission: “Well, I spent most of my time in my room staring at a mirror. I never knew I was supposed to socialize,” he said. He went on to say that he would spend “hours” making faces at himself in front of the mirror, but he described the memory in a nostalgic way by claiming he was just “having a good time.”

While chatting with James Lipton on Inside the Actors Studio (via the Daily Mail), the Liar Liar actor shared more secrets about his life of solitude, but he hinted that his aversion to being a social butterfly may have been self-imposed. After dropping out of school, he said he went from being a “straight-A student to not wanting to know anybody’s name, and not wanting to make a friend.”

Carrey’s family was homeless and lived in a van

The Carrey family’s financial hardships meant tough times were abundant. The comedian revealed in an interview with Inside the Actors Studio (via People), that he and his family even had to live “in a van for a while.”

However, Jim Carrey managed to turn those difficult times into a source of laughter: “A lot of people don’t know this but when I was about 14 or 15, my father lost his job and I actually became homeless for quite some time, but of course, I grew up in Canada and I thought we’d gone camping,” he says in one of his earlier comedy skits. Thankfully, those difficult days are now over, and Carrey has used his fortunes to give his lifestyle a complete 180, like the time he purchased a beachside Malibu home that he later sold for a whopping $13.4 million. Cha-ching!

He killed at The Comedy Store … but not in the good way

During The Hollywood Reporter’s June 2019 roundtable chat with other Hollywood comedy legends, Jim Carrey revealed a particularly tragic evening he endured as a fledgling stand-up comic. Describing a disastrous set at Los Angeles’ famous Comedy Store as “an exercise in self-punishment and punishment for [the audience],” Carrey said he refused to leave the stage “for two hours” even though the crowd hated him so much that audience members literally threw chairs.

“I finally got offstage to huge applause just because I mentioned I was going to leave the stage,” Carrey said, adding, “Then I crawled through the audience on my hands and knees, popped up behind the piano and started banging on the keys, singing, ‘I hate you all, you gave me cancer.’” The 250-person crowd didn’t love that either, and all but five people supposedly walked out. Though Carey was clearly working through some issues and was the antagonist in the situation, he left the show feeling devastated. “I got in the car and I cried all the way home,” he said, “Because I don’t want to make people unhappy.”

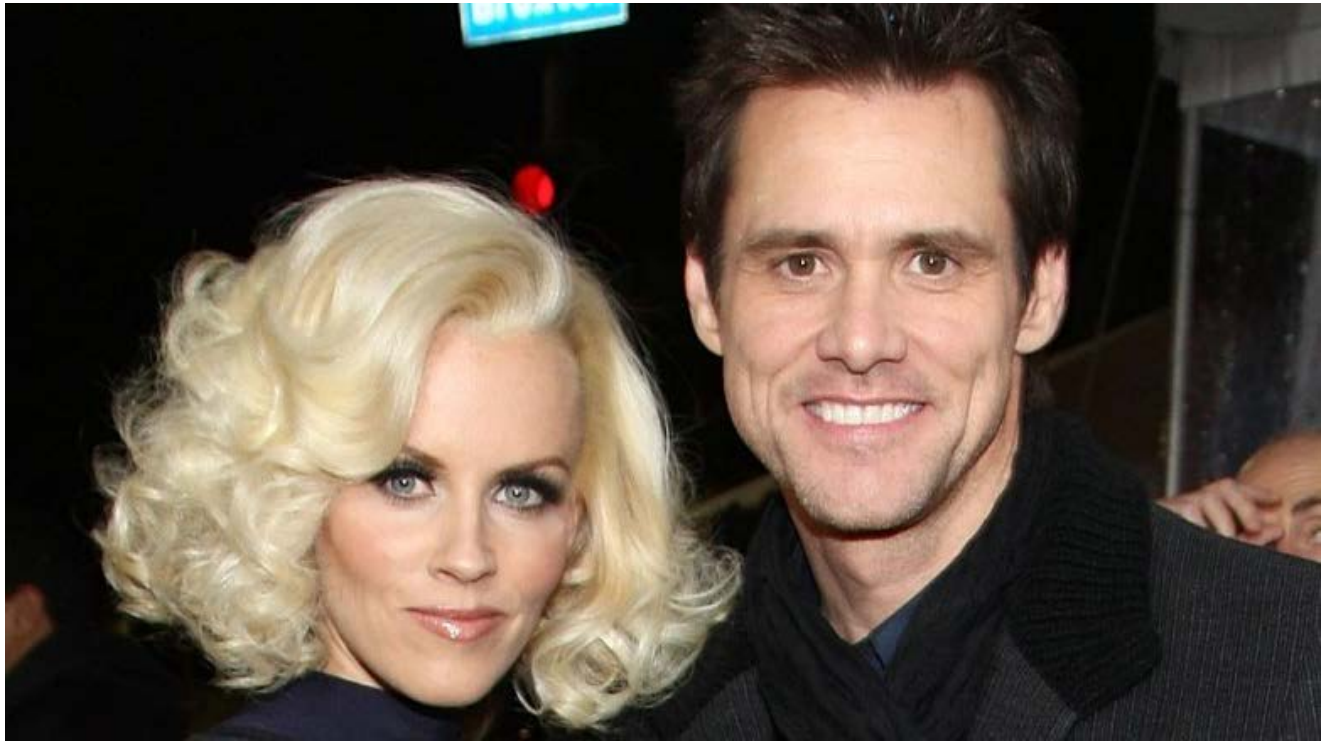

Jim Carrey has suffered from depression.

In an interview with CNN’s Larry King, Jim Carrey described himself as a “weird, serious person,” and he dove deeper into that topic when he chatted with iNews. His “serious” personality isn’t one the public gets to see often, and it could be attributed to the actor’s struggle with depression. He revealed that it took him some time, but he was able to get to a point where he was “sometimes happy.”

After gradually ditching Prozac, abstaining from alcohol and drugs, and limiting his coffee intake, Carrey found that his mental wellness improved. To keep depression at bay, he looked toward the spiritual side of his life. “Jesus. I’m a Buddhist, I’m a Muslim, I’m a Christian. I’m whatever you want me to be,” he told 60 Minutes. “It all comes down to the same thing … You are either in a loving place, or you are in an unloving place. If you are with me right now, you cannot be unhappy. It’s not possible, just try.”

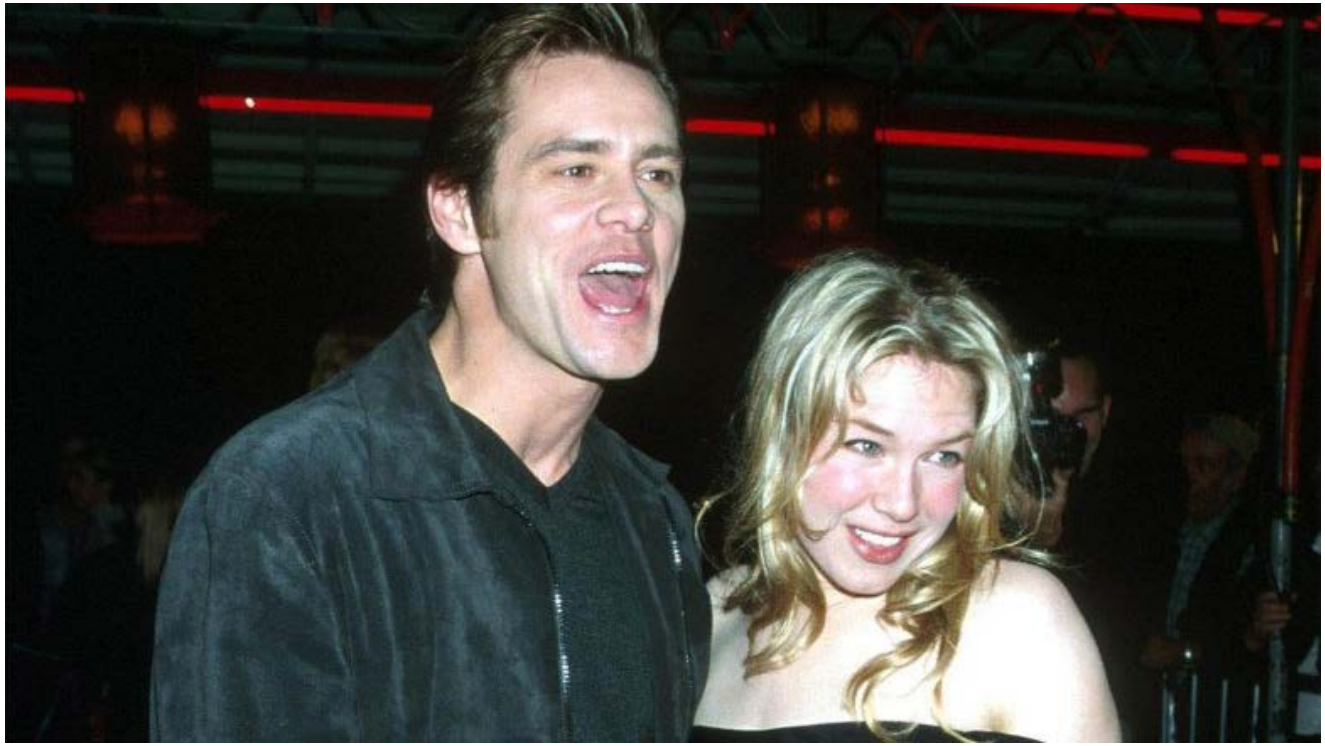

He became ‘obsessed’ with art to mend his ‘broken heart’

We’ve seen Jim Carrey hit up the red carpet with a bevy of beautiful women, but one of his most well-known relationships was with fellow actress and comedienne Jenny McCarthy. After five years together, the couple announced its breakup. “Those moments where you saw us together, was it love? You’re damned right it was,” McCarthy told Oprah Winfrey in September 2010. “The problem is there wasn’t a photographer when the times were rough.”

After going their separate ways, Carrey turned to art as a form of therapy. In the documentary, Jim Carrey: I Needed Color, he said painting and creating clay sculptures helped him “heal a broken heart.” Although he didn’t mention McCarthy by name, the timeline of their breakup coincided with his foray into the art world. “When I really started painting a lot, I had become so obsessed that there was nowhere to move in my home. Paintings were everywhere, they were becoming part of the furniture. I was eating on them,” he said.

He’s been called ‘a hard guy to date’

Jim Carrey has had a long list of leading women in and out of his life. He married actress Melissa Womer in 1987, and they had a daughter, Jane, before they went their separate ways. He married his Dumb and Dumber co-star, Lauren Holly, in 1996, but she filed for divorce in July 1997. A string of rocky relationships followed, including a broken engagement to his Me, Myself & Irene co-star Renée Zellweger (pictured).

After news broke that his aforementioned romance with Jenny McCarthy was on the skids, those close to the actor spoke out about Carrey’s relationship style in unflattering terms. One source labeled the comedian “a hard guy to date,” telling People that “Jim can run hot and he can run cold. He is someone who desperately needs to be with someone, then just as desperately needs to be alone. But at the same time, he can be a very loving, very compassionate guy.”

Jim Carrey lost his own identity while method acting

Jim Carrey was tapped to play the late comedian Andy Kaufman in the 1999 film Man on the Moon. It was a riveting performance, described as “eerily dead-on” by Rotten Tomatoes. Even legendary movie critic Roger Ebert was impressed, writing that Carrey “successfully disappears inside the character.” Carrey agreed, but in a much darker way, telling The Talks in 2018 that the role made him realize he had the ability to “lose” himself in a character. He said he needed a full month to rediscover himself and ask tough questions, such as, “What do I believe? What are my politics? What do I like and dislike?”

The dangers of method acting — which The New Yorker describes as the act of linking “emotional moments from a performer’s life to that of a character” — have long been a topic of discussion. Carrey confessed to The Talks ” that he was “depressed” after playing Kauffman. “If I can put Jim Carrey aside for four months, who is Jim Carrey?” the funnyman pondered. “Who the hell is that?”

His ex-girlfriend’s tragic death led to a legal battle

Another one of Jim Carrey’s relationships that made headlines was his controversial romance with makeup artist Cathriona White, whom he met on a film set in 2012, according to USA Today. White tragically took her own life in September 2015 by overdosing on prescription drugs, and Carrey was a pallbearer at her funeral. The following year, White’s estranged husband, Mark Burton, and her mother, Brigid Sweetman, sued the actor for wrongful death, claiming Carrey had infected White with “three STDs without warning her” and had supplied her with the painkillers that she used to commit suicide.

According to The Hollywood Reporter, Carrey fought back with a countersuit claiming White attempted to extort him in 2013 by threatening to reveal her STD allegation. He also claimed that her mother and estranged husband’s wrongful death lawsuit was just another way for her family to attempt to exploit him. The legal battle got nasty, but the whole thing was dismissed in January 2018, according to a statement Carrey’s rep gave to The Hollywood Reporter. No further details were given by either of the parties following the suit’s dismissal, although Carrey’s lawyer told the website the actor was looking forward to moving on with his life.

Jim Carrey has achieved so much, but he’s ‘still unhappy’

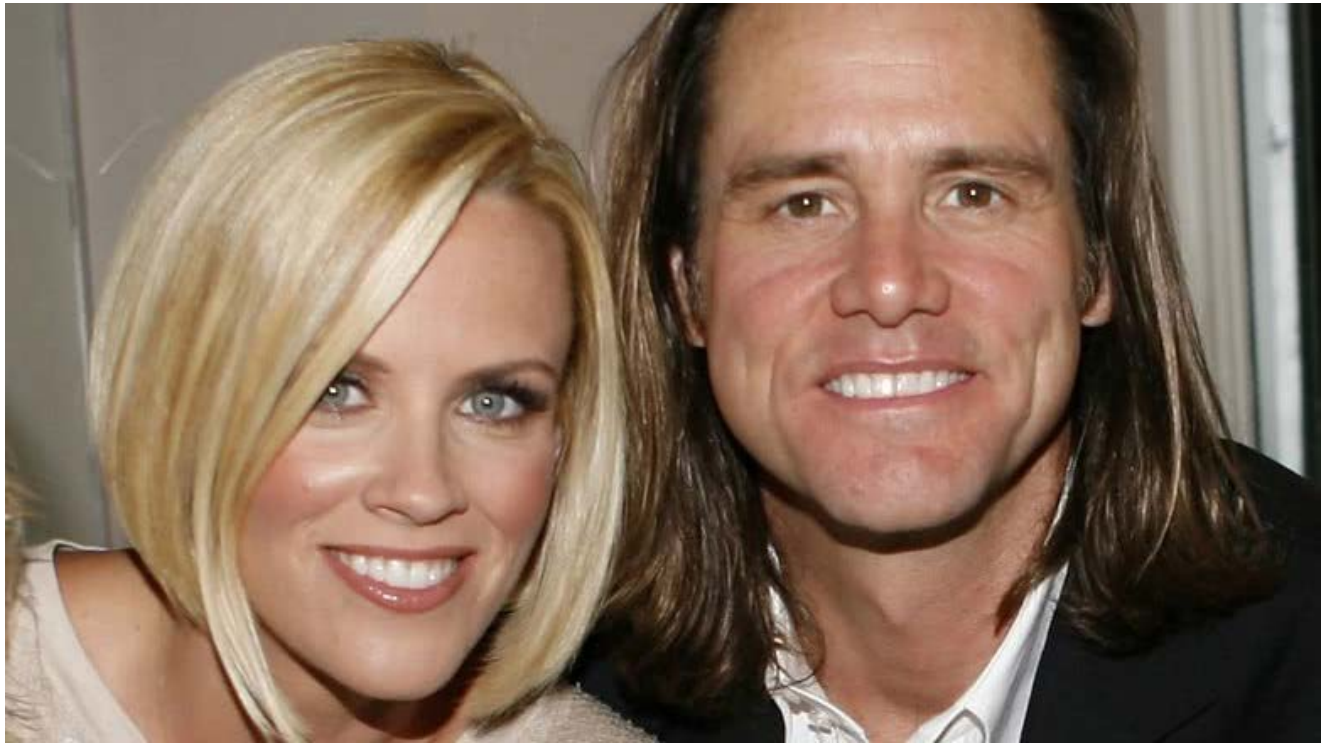

Jim Carrey was once at the top of the proverbial showbiz food chain, commanding $20 million to star in the 1994 film Dumb & Dumber. It was an unprecedented amount of cash that rattled those in Hollywood, according to the Los Angeles Times. Unfortunately, money wasn’t the answer to Carrey’s problems, so he took a hiatus. “I just didn’t want to be in the business anymore,” he told The Hollywood Reporter. “I didn’t like what was happening, the corporations taking over and all that.”

Prior to making his triumphant return to the small screen in the 2018 Showtime series Kidding, Carrey told The Talks he went through many “awakenings” that made him question everything. “What are we? Why are we here? And the answer to both of those questions is: nothing, no reason, as far as I am concerned,” he said. When asked what he thought “prompted those awakenings,” Carrey replied, “I guess just getting to the place where you have everything everybody has ever desired and realizing you are still unhappy.”

Although Carrey also stressed that “[his] ability to understand suffering” was a “way to salvation” and “compassion” that ultimately set him “free,” it’s clear there seems to be a darker side to the legendary entertainer who has made us laugh so much throughout the years

The real reason Jim Carrey & Jenny McCarthy split

Actor and comedian Jim Carrey first met actress and former Playboy model Jenny McCarthy in 2005. The couple spent five years together and appeared to define happiness, so family, friends, and fans when shocked when the duo announced its split in April 2010.

The separation seemed amicable. McCarthy told Us Weekly in a statement that she was “so grateful for the years Jim and I shared together. I will continue to be in his daughter’s life and will always keep Jim as a leading man in my heart.” Carrey echoed her sentiment on social media, tweeting: “Jenny and I have just ended our 5yr relationship. I’m grateful 4 the many blessings we’ve shared and I wish her the very best! S’okay!”

But according to insiders, not all was as peaceful as it seemed, and rumors soon surfaced about problems behind the scenes. What really catalyzed this surprising separation? Let’s take a closer look.

Jeffrey Epstein Autopsy Reveals Broken Bones ‘More Common in Homicide’

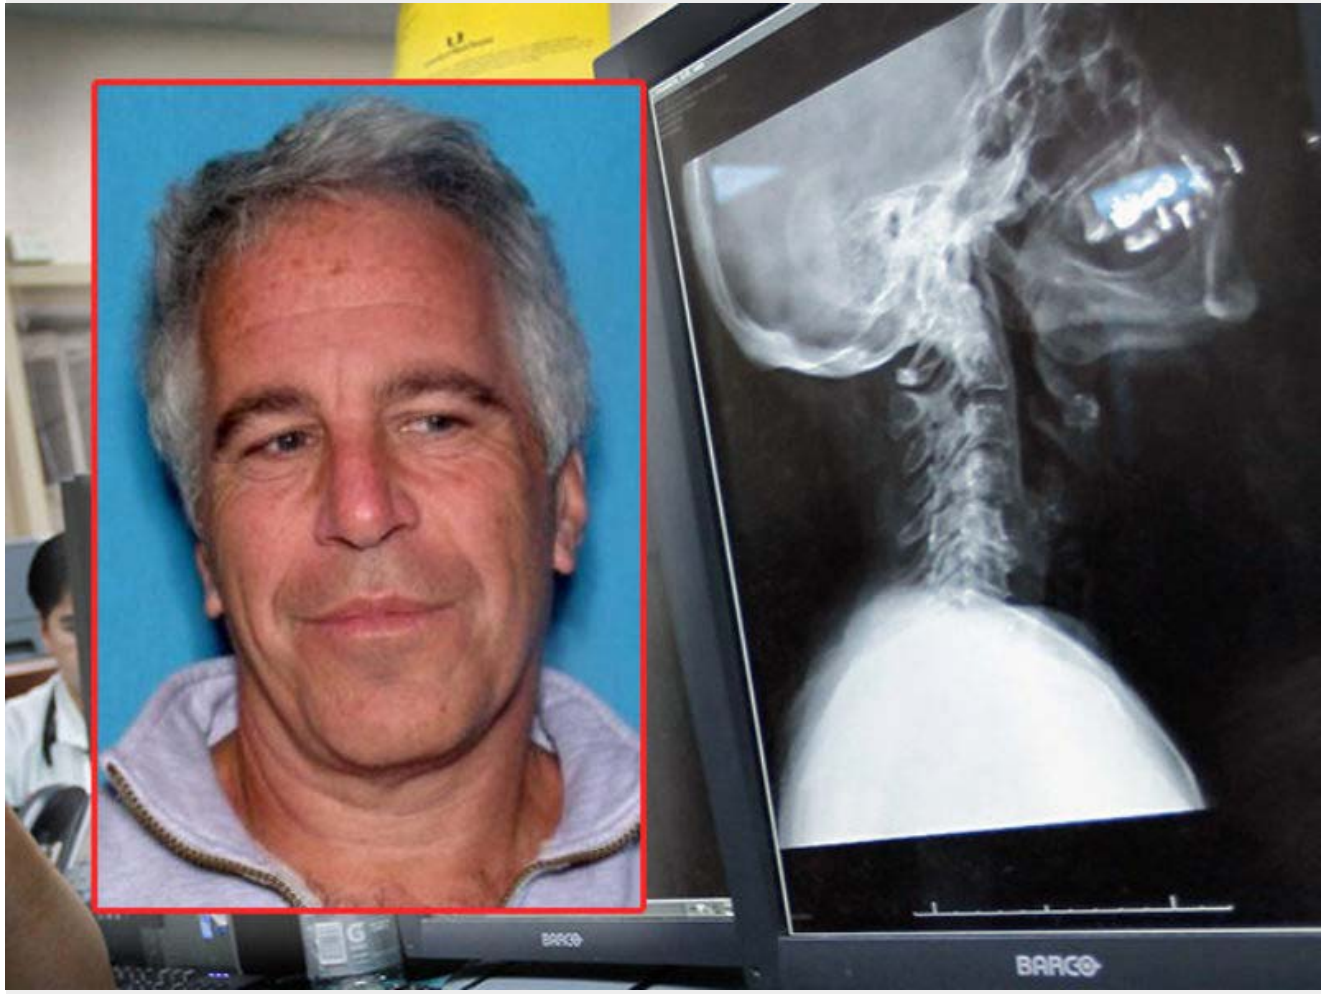

The autopsy of notorious pedophile Jeffrey Epstein shows several broken bones in his neck that are more common in homicide victims who are strangled to death, according to forensics experts.

The *Washington Post* reported late Wednesday that among Epstein's broken bones was his hyoid, a horseshoe-shaped bone located near the Adam's apple in men. Forensic experts told the *Post* that hyoid breaks are plausible in hanging cases but are *more common in cases involving strangling*.

Law enforcement received a call Saturday at 6:39 a.m. that Epstein was in cardiac arrest in his Metropolitan Correctional Center cell and was later pronounced dead at New York-Presbyterian Lower Manhattan Hospital.

MIAMI, FL – APRIL 30: Dr. Daniel Velazquez, M.D. inspects an x-ray of a patient for a possible neck injury at the University of Miami Hospital's Emergency Department on April 30, 2012 in Miami, Florida. As people wait to hear from the United States Supreme Court on its decision of the constitutionality of the Affordable Care Act, some experts say that if the act is overturned, a decision expected later this year, people that now have insurance will no longer be eligible and will be kicked back into a system where the emergency department is

their first visit when sick. (Photo by Joe Raedle/Getty Images)

Under the jail's protocol, Epstein would not have been given a bedsheet had he been on suicide watch, the Associated Press said.

New York City's chief medical examiner Dr. Barbara Sampson said the autopsy on Epstein was performed on Sunday and stated she would release the determination upon "further information."

The *Post* further reports Sampson's office has requested information regarding the condition of Epstein prior to his death, possible video surveillance footage of him in his cell, and the results of a toxicology test.

Epstein's death angered federal and local officials, prompting the immediate launch of an investigation into the prison's personnel and practices. Attorney General William Barr directed the Department of Justice's inspector general to probe the matter. The FBI has also opened a full inquiry.

"I was appalled, and indeed, the whole department was, and frankly, angry to learn of the MCC's failure to adequately secure this prisoner," Barr said on Monday. "We are now learning of serious irregularities at this facility that are deeply concerning and demand a thorough investigation. The FBI and the Office of Inspector General are doing just that."

"Let me assure you this case will continue on against anyone who was complicit with Epstein. Any co-conspirators should not rest easy. The victims deserve justice and they will get it," the nation's chief legal officer added.

The guards on Epstein's unit the night of his apparent suicide were working overtime shifts to make up for staffing shortages, according to several report. One of the guards, who had a different job in the jail and did not regularly perform correctional officer duties, was working a fifth straight day of overtime and the other guard was working mandatory overtime. The prison's warden, Lamine N'Diaye, and the two guards have been reassigned.

Epstein was facing charges of sex trafficking that stemmed from activities over a period of three years in the early 2000s. He served a 13-month prison sentence in Florida in 2008 after he was charged with similar offenses and was forced to register as a sex offender. His attorneys unsuccessfully lobbied for bail and house arrest on the new charges, but a federal New York judge declared him a flight risk and a danger to the community.

Federal prosecutors in New York are pursuing a parallel investigation into whether any of his associates will face charges for assisting him in what authorities say was his rampant sexual abuse of girls as young as 14.

We found yet another Facebook page created by #Oklahoma #Terrorist #Mark_W_Mumma and convicted #Pedophile #John_Aster of #Webguy.com

A page where they can parrade around as if they were one of us, gaining likes and engagements by people who have absolutely no clue as to what and who they are indeed supporting.

FYI, if you like a page, or any posts without proper investigation, you run a severe risk to not only you but those in contact with you.

John Aster plead guilty to over 15,000 images of child porn, both live and dead naked children. Mark Mumma and John Aster get exposed in an upcoming canadian court date.

#Corrine_Mitchell is the woman who abused her 2 week old child. Beat his back in so hard to keep him from crying. This was back in 1979, since then and to this day she continues to stalk my husband #Actor_John_Anderson who also exposed her for her abuse in Facebook live.

She is also friends with others exposed by Anderson, one in particular is a convicted pedophile named #John_Aster who plead guilty to over 15,000 images of child porn.

She claims to now know #Jayme_Knyx after she had stalked John's fanpage and saw a video of Jayme and Anderson together.

If you get a message from her please send to Edmonton Cyber Crimes Division and send a screenshot to #Actor_John_Anderson.
There is an open pending case against Corrine and many of her associates.

Seems like you are a pervert, and the daily haze is filled with them. The following you claim to have is perverts. Lmfao. Deviants at best. So I say have fun with that following, it's the largest group of sexual deviant individuals other than #AXJ.

Now since he was spewing off about how big his feeble following is, we went and decided to make a quick comparison to Facebook fanpages. Now also keep in mind John's BUACA old page he took down had well over 10,000 fans.

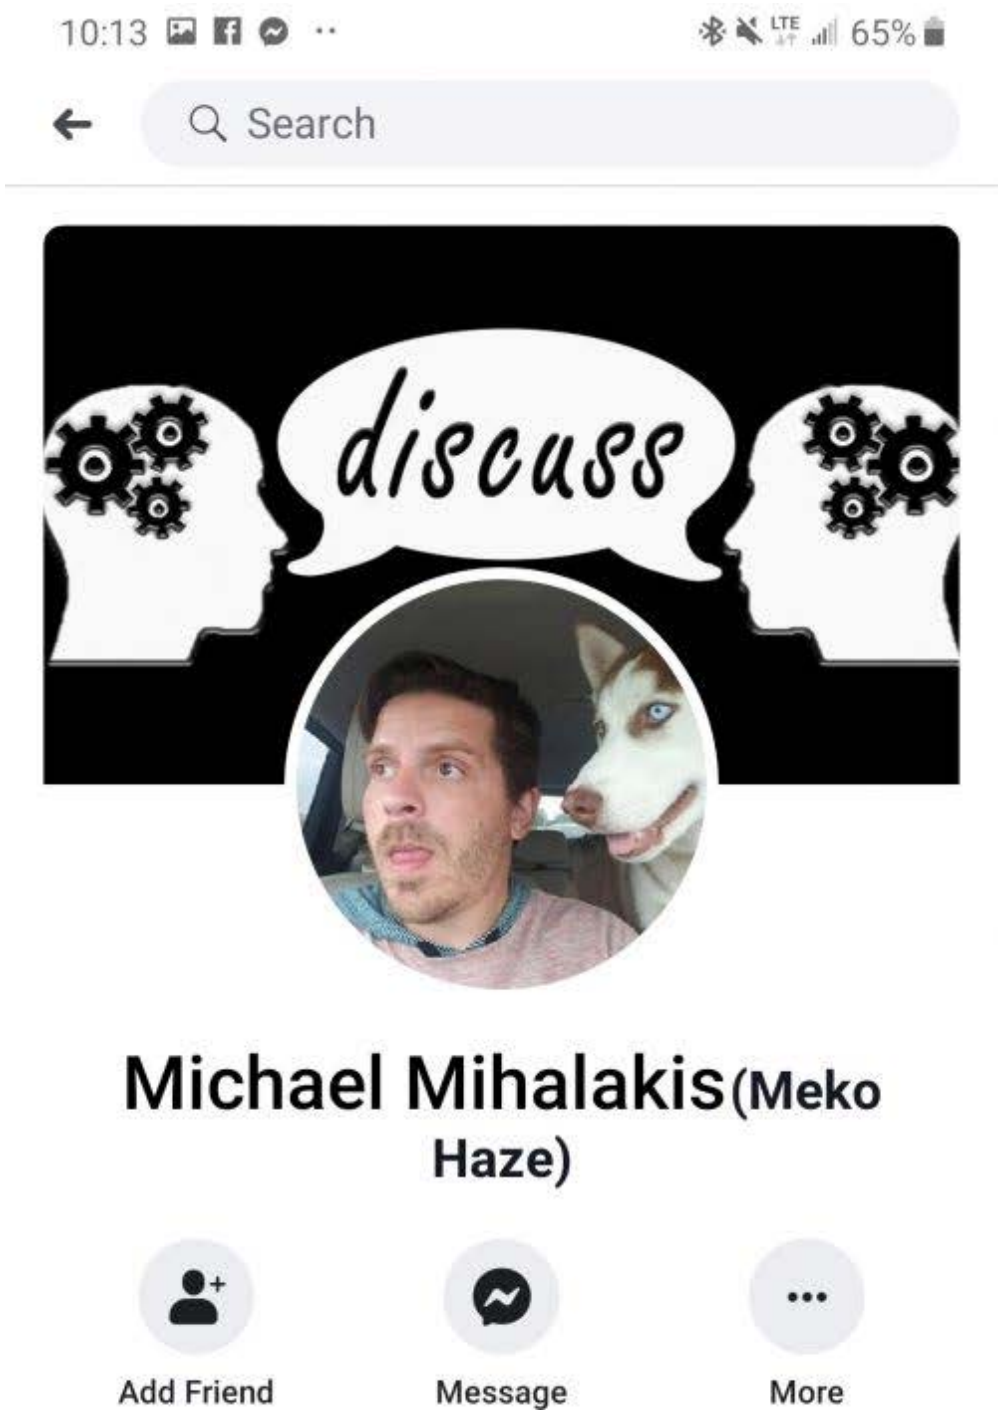

On LinkedIn John's fanbase is climbing high with a recent total of 12,041 fans.

Here is a Facebook screenshot of the facebook fan comparison.

Furthermore this is who Meko Haze really is:

https://www.facebook.com/michael.mihalakis.37

The following is a conversation between Lisa, Admin of Mary's Safe Haven via Facebook and exposed fake Journalist #Meko_Haze of the fake website #The_Daily_Haze.

Where Meko is again called out for faking website traffic algorithms as well as algorithms on his own Facebook fanpages. Watch as he brags about a fanbase that is actually lower than who Meko keeps bringing up in anger.

Yet the actor has proven to have more and a real algorithm to match the amount of followers/fans.

Unlike Meko Haze, just see these screenshots and you will figure it all out. It's simple mathematics dear Watson.

Meko Haze Taunts Police Officers Then Gets Owned.

Don't let this public idiot fool you, he is a fake journalist. Meko Haze is nothing more than an exposed cyber liar, who openly makes many false claims about many individuals who are speaking up against him.

Meko is currently making false claims to Stony Plain RCMP about John Anderson, so let's take a closer look into how much ignorance Meko Haze has towards law enforcement. So for all of you RCMP officers, as well as Edmonton Crown Prosecution Officials, this is who you are dealing with. No CREDIBILITY whatsoever, proven lies after lies, this is one obsessed cyber sideshow who claims he owns the fake news website called, The Daily Haze.

Davian Breedlove Exposed Defaming Pedo Busters

https://www.facebook.com/davian.breedlove.14More content being added soon.

Here we have yet another online troll/bully, one who is just as sick and perverted as the rest of the names listed and exposed on this website.

For now here is the Facebook profile url to one of his profiles. This man is exposed giving aid to multiple fraud/fake advocates as well as convicted pedophiles.

Terrorist of the online sort Davian Breedlove. We hear this sicko has a daughter, she is at great risk being with someone as sick, vile and sexually deviant as Davian.

If you or anyone you know has had online issues with this man please contact stolen Productions Darren Meigh asap,

FYI, Davian is making as if he is exposing pedophiles on his Facebook account, yet many thousands watched who he gave aid to. Yuck.

Davian, you seem to mask as a good man just by posting about pedophiles, that's already been a proven tactic that pedophiles use to hide behind.

#Pro_Pedo #Traci_Ross & #Jim_Mimms have been exposed for months. That's why John Anderson removed his Stolen Productions show he hosted with her.

Traci Ross and Jim Mimms were exposed as frauds along with Francesca over 10 months ago. Just because you got worried about going down with Franny, you pulled away from P4P. You are both exposed pro pedo scum. You helped many pedophiles by the shit you spread. Shit about John Anderson that actually helped give the pedophiles he exposed the mask of credibility.
Traci Ross & Jim Mimms are exposed pro pedo losers.

Traci & Jim are also trying to say they exposed Fran first. Well then why did John Anderson expose you & Jim as members of Franny Pants almost a year ago. We all watched Anderson expose you and Jim. Hell even Jay Moss etc are also exposed while working with Francesca.

Traci hope when that daughter grows up she knows how much her mommy helped many frauds and convicted pedophiles. Just sayin.

Sorry to burst that pride bubble Traci Ross but John Anderson is kicking her ass legally. Something you know nothing about . Know this, your mouth has made it so we all are naming those John exposed. They can all thank you big mouth.

Deb.

Attention Claimed Pedo Busters!!!

#Predator_Hunters_Beware

Attention Claimed Predator Hunters!!!

You are educating pedophiles on what not to do & scaring them into eliminating any possible evidence in their home, car etc that could send them away for years. On top of that you are fucking up the cases against them. If you bait a predator, take it to the police and get something done properly. You are also using victims of sexual abuse to gain social gratification. Spitting on victims all because you want to gain fame from antisocialites.
If you catch a predator, take it to the police. Stop fucking shit up to the point the pedo scum run home to delete hard drives, burning evidence such as the pedophiles trophies from victims, clothing, hair, pictures etc.

The tactics used are more pro pedo than anti pedo. Wake the fuck up.
The facts are being produced into a film for people to get educated on how its more protection of a pedo than exposing.

So next busts you claim to do, just state the facts that the pedophile will more than likely go home and eliminate any evidence against them. Make sure you tell your idiot followers in a live punks. Awareness is key, even if its awareness of your stupidity.

Fatman lost the plot. Why on earth did fatman go live claiming the pedophile was innocent. John Aster even admitted to child porn convictions, afterward fatman goes live sayin he is not a paedo. What I watched was fatman try to help a pedophile clear as day.
Yes it is educating predators
Yes they screw up cases resulting in more of an aid than punishment to paedophilia.

Breaking News…….04/02/2019

It has been a long time coming but we have established that our presence in our communities is making a difference when we choose to not ever turn our backs on situations that becomes too hard or near impossible to expose due to the constrictions placed on naming or alleging that crimes have been committed……..

John Aster did admit to pleading guilty to downloading child porn, he made this admission to me and in front of two credible witnesses at my home 2009…

Background history on John Aster has exposed several deviancy acts some alledged some proved true, including Rape, Grooming, Bisexual, paedophile, predator, stalker, and according to John Aster was visited by the police and RSPCA for acts of bestiality …..

John Aster has not ever sought any legal action to refute the allegations and never will, it is not for us to prosecute but it is up to us to expose the traits of a serious dangerous predator paedophile…..

There are many men like John Aster that like him believe they have a right to commit crime, and we believe it is our rights as parents to ensure these men are exposed and made known to communities nationwide to warn them about the dangers of these predators…..

Secret FB Group Made By Pedophile To Defame John Anderson

We can't upload all the videos yet as directed by legal counsel. Because the video recording of the group are used as evidence in court July 22 2019 in Stony Plain Alberta Courtroom #1 @ 9am.

Rest assured you will get them, produced into a documentary about the many issues surrounding sex offenders a short time after July 22.

What you are witnessing is a real life convicted pedophile named John Aster, going all out defaming and calling actor John Anderson a pedophile because he is mad John Anderson exposed him for his hidden child porn convictions.

15000 images Mr Aster was caught with. Both live and dead naked children.

#Mark_W_Mumma & #John_Aster

Your both In A Bit Of A Conundrum On Court July 22 2019
We have recorded every post and comment in your created group.

Woah, we got sent video after video of an entire group made by an exposed pedophile who is pissed off at John Anderson for exposing him and the pedophiles friends and fake profiles he uses to talk to himself. Calling John Anderson a pedophile and getting others to spread the word is some sick shit. Did you think no one was watching???

Constable Jason M from Fairview created a fake profile to watch all 5 of you and the other idiots you pulled into that group. Mind you many were pissed off and wanted nothing to do with that group.

John Aster as seen in this picture of one of the many videos we got of his secret group where he gathered pro pedo supporters and had them hang up against John Anderson for exposing them all.
How are you going to explain all the defamatory statements, posts, videos and comments, group chats in court?
How are you going to explain?
See Mark W Mumma & John Aster. You walked right on into what was supposed to happen.

Like John Anderson said in that so called threat video, “I’m Just Saying The Threats So I Get Them Into Court, I’m Not Even Serious About The Threats”.
Now why on earth would someone want to do that?

Hummmm, is it maybe because proving your association to a convicted pedophile on court recorded transcript that the public can pay a small fee to purchase copies of and upload ending rumors, false claims, defamation and end each and every idiot stick who helped convicted pedophile John Aster.

Hell, John Anderson has EVERYTHING he needs to end you all in court and use the court to expose you and your names for life.
DOWNFALL Mark Mumma & John Aster is, you don’t understand how smart John Anderson really is.

Don’t let his videos acting fool you into thinking he is dumb, that’s what he wants you to think.

He fucked 5 names all in one final swoop, taking a risk. Now that’s balls. And this is going down in history.

Mark, hope you hire that media crew for July 22. We did.

John Anderson has studied 2 years criminal law and 2 years Psychology.

He toyed with you soooooooo bad and you pro pedos and pedophile bought it all. Walked right on into it. Now no matter what, the shit hits the fan July 22 2019 in Stony Plain Alberta Courtroom #1 @ 9am.

Not to mention that after court, each one of these videos made recording every inch of that group is being made public. By by website designing, probably end up getting divorced after this. Lmao. Doubt Rita will want to stay with such a drastically exposed husband. More so when she learns and see the facts about your black man fetish.

Robin loses her remax Job, starts to stay home and stay from the public's eyes.

Tony probably does something really stupid to try and get sympathy from the public.

Franny Pants, well she loses her son. Goes into the care of the father etc.

Let this be a lesson for anyone defaming someone, siding with a real pedophile to target those who expose pedophiles. You never know who is watching and collecting. So it's best to stop thinking your smarter than everyone else. Because this is what just happened. 5 people thought they were smarter than John Anderson. Thinking they would get him labelled as a pedo for exposing you 4 frauds and 1 pedo. Naw, never.

Americas Taken Targeting Anyone Speaking Against Them

This above screenshot is yet another of thousands of attacks done towards those who know the truth about Americas Taken and the founder Geraldine Phifer. These groups hide as childrens rights groups, beg for money, and bullying others who speak out against the sham.

As you can clearly see Cory S is targeted by Americas Taken. There are well over 5,400 victims of Americas

Taken fake organization in the past 11 years. That's a staggering number.

What's even more disturbing is the fact Mark W Mumma is highly involved with America's Taken, Mark is a friend to convicted pedophile John Aster who plead guilty to well over 15,000 images of child porn.

Best place for any pedophile to hide is, childrens rights orgs, anti social services orgs, personal blogging websites.

So be very careful.

The Daily Haze Attempts To Cover Up Sexual Cyber Hate Crimes

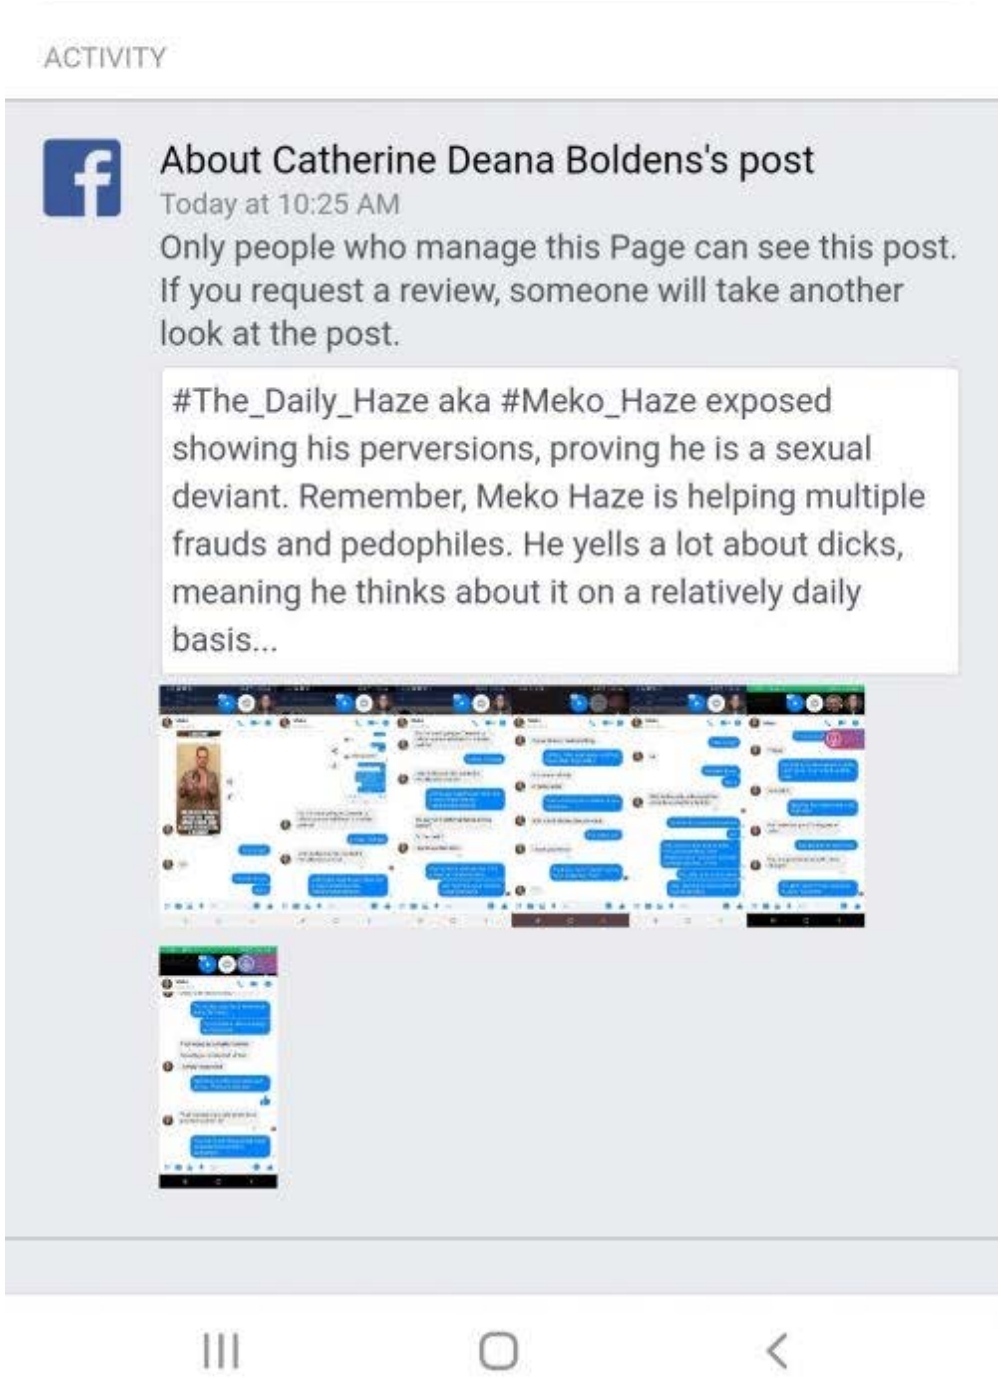

relatively daily basis...

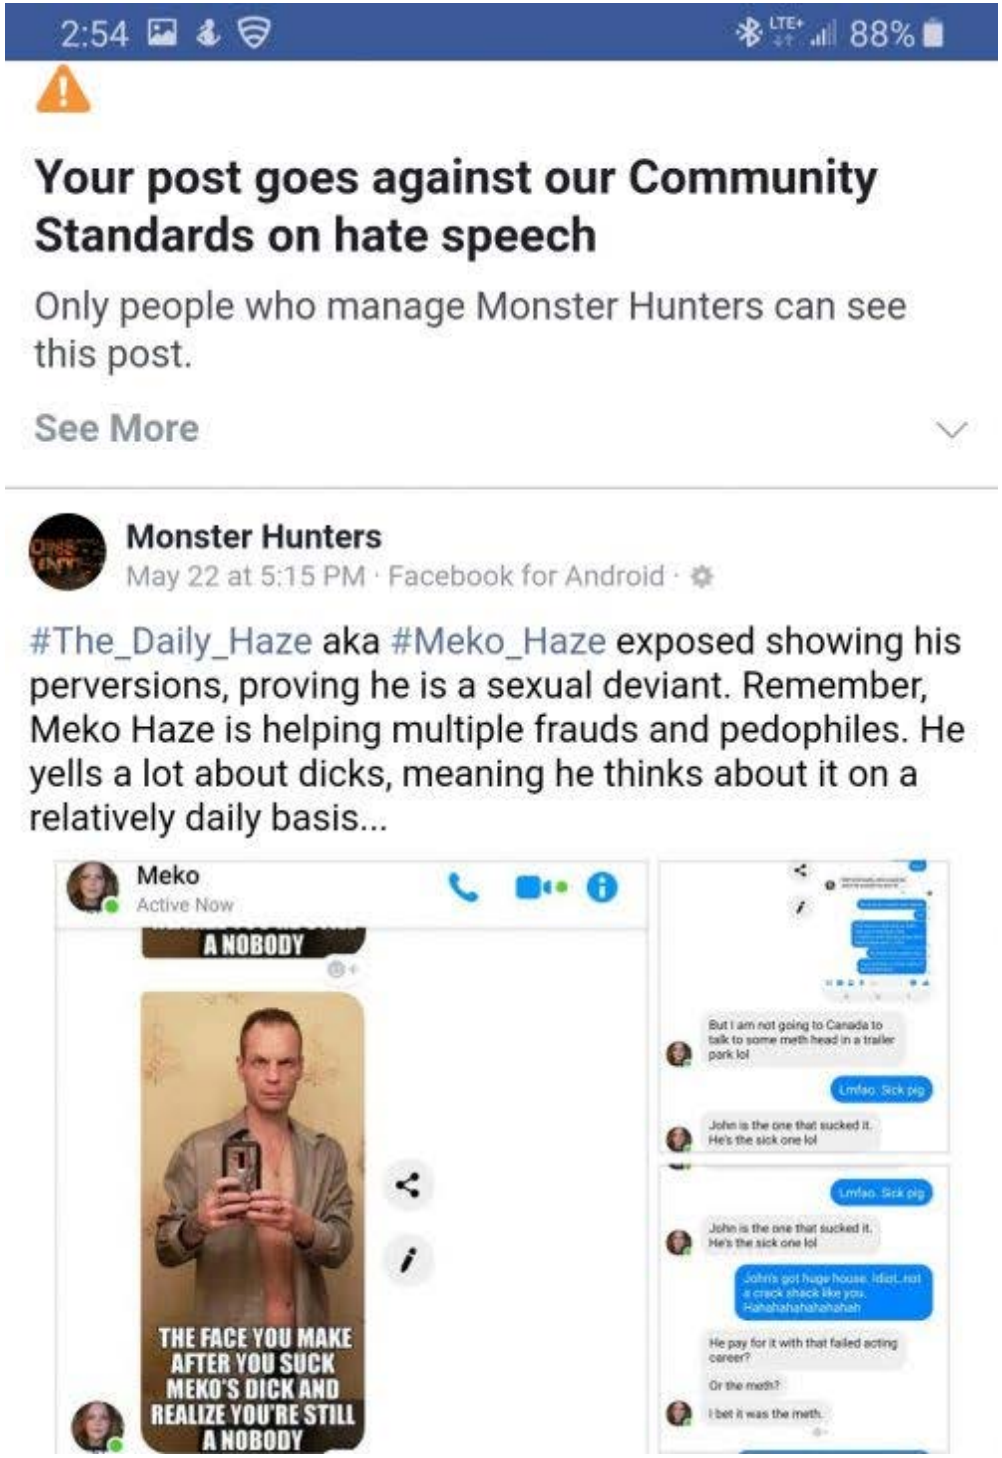

Today an admin sent us these screenshots, screenshots of the self proclaimed journalist who nicknamed himself Meko Haze is busted trying to cover up posts exposing him and his fake news website.

Below are screenshots of poor Miko Haze of WWW.DAILYHAZE.COM. Proving he is nothing more than a pervert hiding as a self proclaimed Journalist. Which he is NOT.

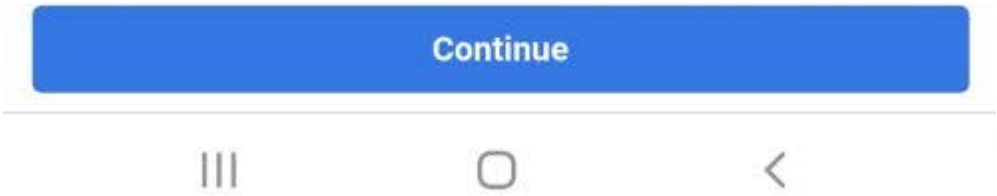

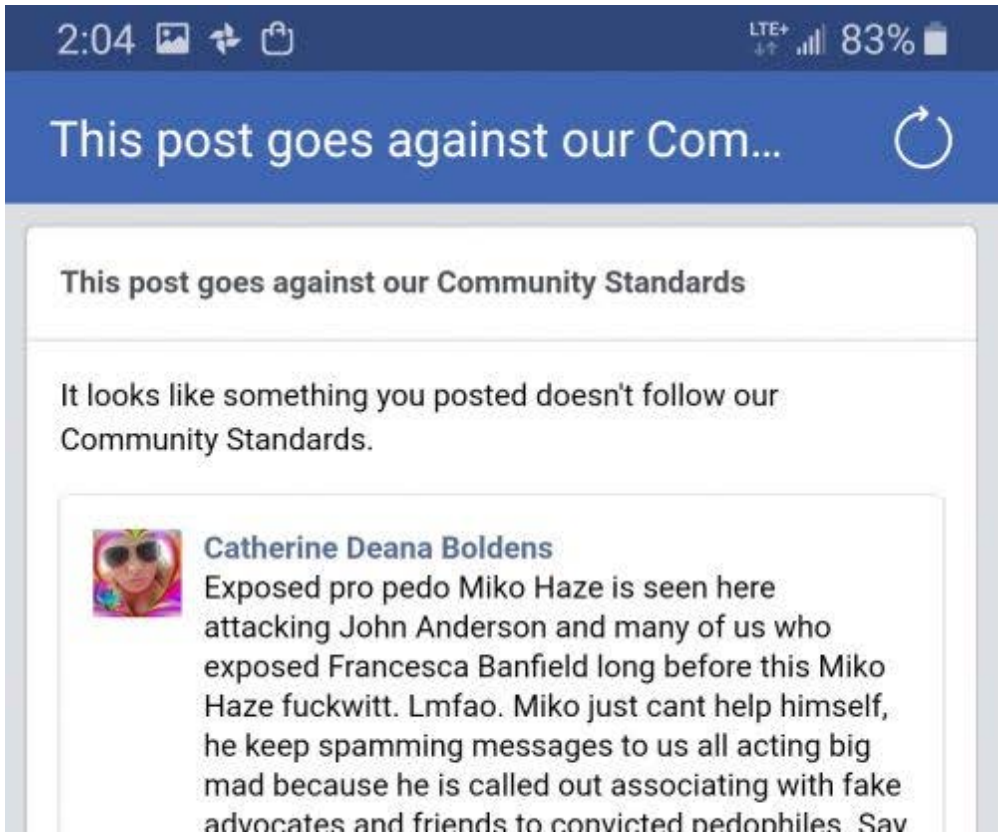

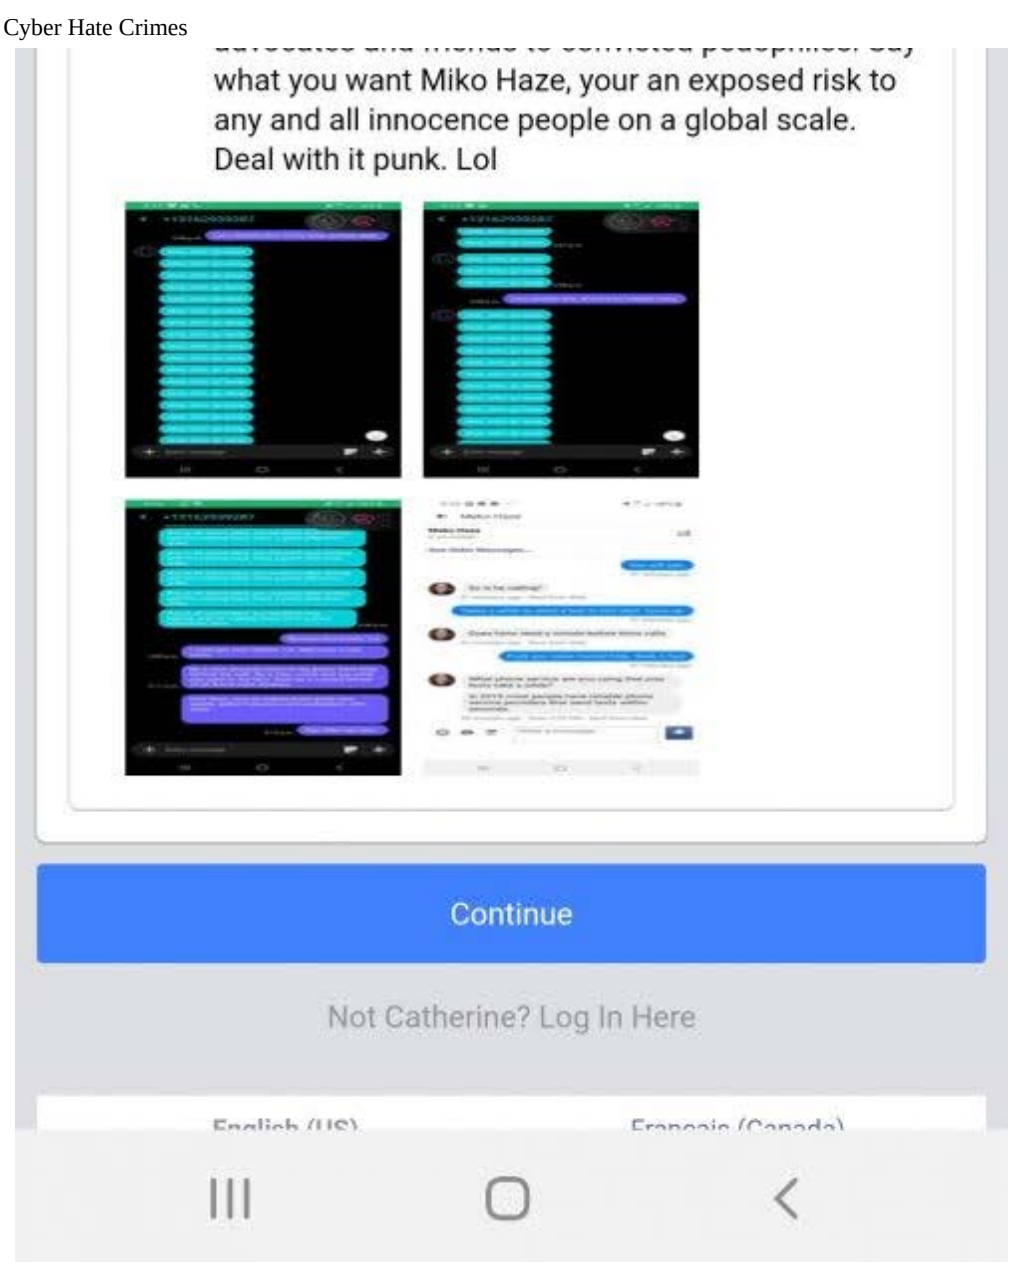

What you see is false reports made to Facebook, reports of the posts/evidence proving his sick demented perversions. (SEEMS THE NEW OWNERS HIT THR NAIL ON THE HEAD EXPOSING THE DAILY HAZE)

Exposed pro pedo Miko Haze is seen here attacking John Anderson and many of us who exposed Francesca Banfield long before this Miko Haze fuckwitt. Lmfao. Miko just cant help himself, he keep spamming messages to us all acting big mad because he is called out associating with fake advocates and friends to convicted pedophiles. Say

If you simply see our other articles published about the huge crackdown on The Daily Haze as being housed with proven sexual deviancy individuals, both supporters as well as close friends and members of The Daily Haze.

The even bigger issue is that Meko Haze is proven to have connections on Facebook that themselves are in direct contact and friendship with 2 pedophiles that have been exposed within the past 10 year period.

John George Aster of Brisbane Australia & Elizabeth Mason of USA are both convicted pedophiles. You can search “John Aster Admits To Child Porn” via YouTube or Google to hear his own confession in recorded calls. Plus other calls with his local police who do not deny his convictions for possessing over 15000 images of child porn.

The Daily Haze was confronted about this issue, Meko Haze, the founder who is NOT a real journalist in any way, got highly defensive. Without even asking the connections or anything he blew up and started to verbally abuse the staff behind Stolen Productions that found out the information to relay to innocent people using social media.

Meko Haze is now attacking actor John Anderson, making up many defaming lies and accusations which openly provides proof that “The Daily Haze” has absolutely no credibility, while at the same time provides many questions about all the claimed news they publish on The Daily Haze website.

The Daily Haze even went as far to target Bikers United Against Child Abuse Canada members, commenting disgusting perverted pictures as well as perverted very sexual deviant pictures.

Like BUACA Canada has advised in a published article, “There are many children surfing through Facebook, the things they post are public and any child can come across the content. Pedophiles get a rise out of sharing sexual content with children so how is this any different. How is this even acceptable in any way.

The Daily Haze is exposed as a fake news site, they do take real news from other websites and use it for traffic purposes.

Even weaker point to be made is that the founder is poor, very poor. Meko Haze is asking the public for donations several times a day. Tho one should ask himself, why donate to a fake news website that is proven to mislead the people? Why donate to a group of sexual deviant men and women who could care less if a child comes across very disturbing sexual images as well as posts and comments?

The biggest factor and question YOU or ANYONE should ask themselves is, why on earth would you pay a fake news website to create hate smearing campaigns, ones that aid other hate campaigns created by pedophiles and both target the organizations and members who exposed them.

Meko Haze and most of the other sexual deviant members of The Daily Haze target anyone who attempts to expose the raw truth and severe issues surrounding the sites publications, Facebook page posts/comments.

Watch The Daily Haze aid self admitted pedophile John Aster, by making up defaming publications that are targeting who exposed him and The Daily Haze/Meko Haze.

Here is Meko Haze mugshot and real name. Stay aware, stay informed, stay safe.

This is Elizabeth Mason and this is public information.

18+ ONLY PLEASE, PARENTAL ADVISORY.

We are Bikers United Against Child Abuse. We fear nothing, and we are ready to show anyone how many Facebook users have very deviant sexual traits, many talk about private parts on a daily basis.

Compared to the many sex offenders we also observed in the many years of protecting children via our charity organization. It's very apparent that this group surrounding the name #The_Daily_Haze aka #Meko_Haze, are bluntly observed as being very similar of how the pedophile groups comment and speak daily. Its days and days of comments about sexual desires, talking about private parts and even worse.

From a look inside the Daily Haze, we find many sick perverted individuals who are no better than how a pedophile speaks with other pedophiles.
They have also been seen to target those who suffer mentally disabilities and even aggressive towards a women who is autistic.

Over 10 years of witnessing many many groups and websites that claim to be for the better good, yet we find many sick individuals using names and groups to hide who they really are.
From experience dealing with pedophiles for over 10 years, I would have to advise everyone that he odds of #The_Daily_Haze having approximately 40% of its followers being seductive deviant craved dormant pedophiles is highly likely.

What we mean by dormant, is that a pedophile that has not acted on his or her sexual cravings, YET. Meaning that their suppressing their perversions for children in a manner where they are able to socialize with others who are like minded. Getting off on the very comments they say amongst themselves or in public threads where children can read them. Think about it, if a guy talks about you being a old man, and talks about Male private parts, (Like Meko Haze of the Daily Haze Has Done) more than likely means he wishes to be seduced by an old man, and do things to his private parts……

What we Express to our followers as we get started again in our organization is, be very careful what you decide to follow. As for #The_Daily_Haze and its feeble minded following, best to keep your feelings of sexual perversions to yourself. Most of all, stop talking about that filth in public threads where children can come across

and be victim to your sick discussions. Then again, maybe that's what gets them turned on, the fact a child could come and see what they are commenting, getting a rise and or sexual gratification from it.

It's a sick world ladies and gentlemen.

Oklahoma Terrorist Mark W Mumma via The Daily Haze

We already know who Mark W Mumma is, we all remember his recorded threats to John Anderson to bomb Canadian politicians and set up John Anderson to take the fall. It was all in the recorded call.

The threats to have John Anderson's daughter raped by 2 black men was also another threat made by Mark Mumma in a Facebook message.

We already know Mark Mumma is the creator of Webguy.com and is working alongside with convicted pedophile John Aster on their new site aimed at trying to discredit John Anderson, but has failed miserably as most of the world remembers John Aster being exposed by John Anderson and Pete Geary of Bikers United Against Child Abuse.

Now we collected a screenshot of Mark Mumma attempting to spread his lies within the comments area of a post relating to John Anderson via a Facebook page called #The_Daily_Haze.

It may seem like he is just posting his rather gibberish garbage, yet what he is really doing is trying to team up with Meko Haze who was recently exposed by all of us behind Stolen Productions.

Now remember, stolen.news is created by both fraud Mark W Mumma & Convicted pedophile John Aster of AXJ.

Now we are all watching close to see if The Daily Haze teams up with yet another fraud and convicted pedophile. This is how Mark Mumma tries to lure people into his hate crime spree and have others spread a

fraud and pedophiles fake news. This is common for exposed frauds and pedophiles to do, it keeps them less in the light.

We will definitely keep you all posted.

Please watch this video done by a very reputable investigative journalist that will help you to understand who and what John Aster really is.

Congrats The Daily Haze, you have proven to NOT post real news, yet are not only proven to mislead the people, Proof The Daily Haze is getting even more willingly involved with many frauds and pedophiles, on a very scary epic scale indeed.

Meko Haze Openly Aids Pedophiles By Attacking Those Who Exposed Them

Miko Haze was busted in his own live via Facebook. Where he openly sets up John Anderson after being warned his actions are in fact aiding convicted pedophile John Aster, Scammer Mark W Mumma and fraud advocate Francesca Banfield.

As there are court conditions that keep John Anderaon from participating in any video that speaks about individuals without consent.

Meaning Miko Haze attempted to set up John Anderson for a breech of conditions. Ultimately giving more evidence for convicted pedophile John Aster and his friends Mark Mumma, Francesca Banfield to have against John Anderson.

Miko Haze has been called out and confronted by many people who question his many connections on Facebook that are indeed proven to be in direct contact and friendships with multiple people who are in friendships with pedophiles.

(Below pic is the real name of Exposed Meko Haze)

She has been a close friend of Randy Davis for years. Even after Randy Davis was shown this he claimed it's not the same woman. Yet when we watched the video where John Anderson confronts her about those charges she never denies them.

Elizabeth's fast words were that the FBI were going to overturn her convictions. This was over 2 years ago she made that claim.

Now the new owners and admins of Stolen Productions confronted Miko Haze about the connections he has to multiple fake advocates, friends to convicted pedophiles, Miko got hostile with the women and made several idiotic statements within messages to a fanpage managed by 5 women.

Miko Haze brags about how many people he has on Twitter and other sites trying to use the amount to intimidate the women. So the admins simply explain Miko Haze to say the same comments he has made to them. Knowing John Anderson wont take the fact Miko is verbally abusing the wonderful ladies.

Miko sends his number, one of the admins sends the number in a text message to John's wife, John's wife sends a text with Mikos number to John Anderson with explanation of verbal abuse to women by Miko Haze.

During the messages between Miko Haze and the fanpage, Miko never advised any of them the call would be live. And the conversation he had with the page was very long. Constant verbal abuse towards the women.

They advised it's not wise to attack John Anderson because if he does it would show he is doing nothing more than helping convicted pedophiles and frauds Anderson has exposed in 10 years,

Miko doesn't care, Miko continues to set up John Anderson, still never advising the admins of the page the pro pedo is recording John Anderson without consent and knowing that his actions are helping a case where Francesca and pedophile John Aster are targeting John Anderson.

Miko does the following live, knowing he was simply called out for all his nasty connections to fakes, trolls, bullies, fraud advocates, convicted pedophiles and friends of convicted pedophiles.

Now it makes us wonder the type of woman he says he is with, knowing he is that mentally insane to risk thousands of feeble followers to be in close contact with many evils by accepting requests and not looking into any of the profiles he is accepting.

This is what people who are grasping for o line fame do, the send and accept any requests from anyone they get. They use these profiles to push themselves and portray as a famous person. When in fact they just sent and received contacts from anyone and everyone possible. Not looking into who they are, risking all the innocent contacts on the same friend list.

This was explained to Miko, he got big mad and just kept on the defensive. Calling all of us names and threatening us with live videos and articles, which we laughed our asses off at when we seen he is actually a nobody. No fame as he tries to portray himself as.

Anyways here is the video where he helps pedophiles and frauds by setting up Anderson and not informing he is recorded, in a direct attempt to help pedophile John Aster, Mark w Mumma, Francesca Banfield, Tony Blas, Robin Sherman, Elizabeth Mason, Geraldine Phifer.

Nice try Miko Haze. You can tell whatever you want to your weak followers. Many know the real truth about you now and what you tried to do and for who you did it for.

> In the end, it's best and safest to say, Miko Haze is a severe risk to children and families world wide seeing as this is a mass social media issue where he has so many filthy connections, even many who are child abusers who lost their children to child services and are playing the corruption card. As we have seen by 99.9% of the family rights groups on Facebook.

The Existence of Non Convictions is being used by pedophiles as defence in court

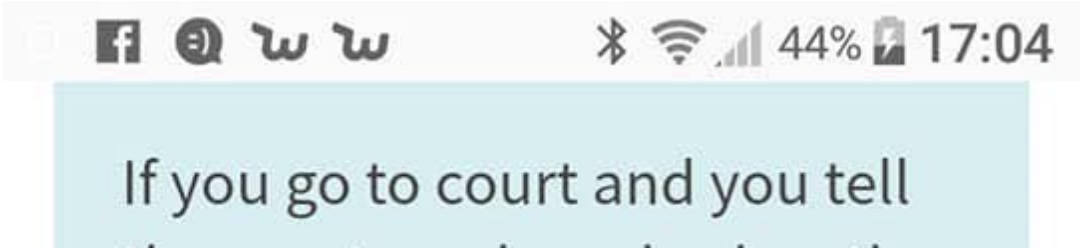

The Existence of Non Convictions is being used by pedophiles as defence in court.

This is not new, only rarely ever spoken about. Pedophiles getting a conviction that is unrecorded, convictions that only show when applying for jobs relating to children and or families.

Pro pedo Mark w Mumma and his friends including convicted pedophile John Aster, Robin Sherman, Francesca Banfield, Tony Blas are all exposed for aiding pedophile John Aster in hate smearing as well as criminal Harassment & defamation against all the sexual abuse survivors who exposed the facts about pedophile John Aster and the list of names who publicly aided the online pedophile to continue his crimes against many innocent people.

This screen shot is from an article explaining a small bit about a non conviction and how it is yet still a conviction.

the court you have broken the law (you plead guilty) or, even if you don't plead guilty but the court says you are guilty, then you are convicted. The court does not always record a conviction.

The law on whether you have to tell people that you've been to court for breaking the law (even if no conviction is recorded) is complex. If you're not sure about whether you have to tell someone that you've been charged, been to

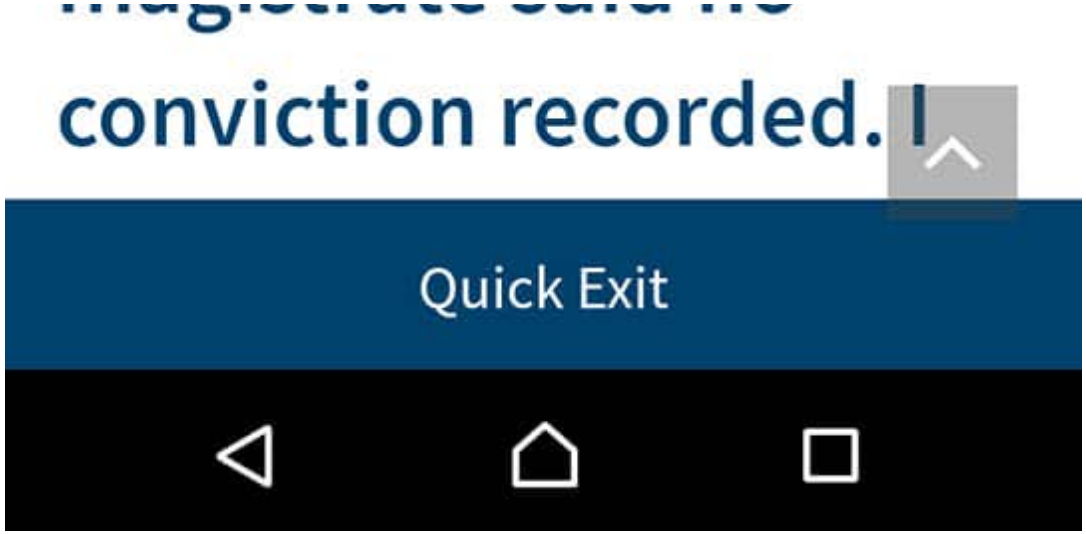

Quick Exit

The law on whether you have to tell people that you've been to court for breaking the law (even if no conviction is recorded) is complex. If you're not sure about whether you have to tell someone that you've been charged, been to court, been convicted etc, ask a lawyer for legal advice.

I pleaded guilty and the magistrate said no

Mark W Mumma owner of webguy website designs and his friend exposed fraud Geraldine Phifer have been involved with John Aster and many of his criminal members many of whom are convicted of sexstortion and even sexual abuse and child abuse convictions for roughly 8 years.

Today as everyday all the above listed names continue to cyber bully, criminally cyber harass, criminal online defamation even while RCMP and cyber crimes has warranted watch from Facebook for the past 5 months. Seeing the truth about Mark Mumma and his pedophile and fraud associations.

Mark W Mumma argued with many that a non conviction does not exist, yet proof it does is shown and best of all will be exposed in an upcoming court event where Anderson exposes the non conviction and those listed in this article for aiding in hate crimes on behalf of convicted pedophile John George Aster.

The following video is from Global news where another of John Asters AXJ members gets 18 years for sexstortion.

Mark your fucked. Mark W Mumma is now #Mark_MummaFried in court on July 22 2019 in Stony Plain courtroom 1.

2 police officers will be testifying on Anderson's behalf against Mark Mummafried Mumma. One being a sergeant and the other a constable who can all confirm the actions of criminal Harassment and defamation are that of the accusers and not that of the accused.

Both confirming the names listed in this article are the real criminals while Anderson is simply exposing the facts about the names in this article.

Here is another video made by a very reputable individual and investigation journalist who explains more about Pedophile John Aster and his creation called AXJ.

Yet there are more videos exposing convicted pedophile John Aster. Many of those with John Asters own voice, so to argue about Aster being a pedophile is done and sealed, you cant argue with John Asters own confession as well as his own local police in this following recording.

Well this is just a small bit of what is being exposed in court in July 22 2019. Many witnesses and other victims of the names listed are also testifying on Johnny Anderson's behalf to help shut down these sick perverts who willingly aid fraud and pedophiles everyday online.

Geraldine Phifer of Americas Taken is one very sick woman, she targets all of us for exposing her and her association with multiple pedophiles. Proof by her own actions that Americas Taken is nothing more than a personal piggy bank because she is to fat and lazy to work for a living, instead she begs people for donations and uses the money in hate smearing campaigns.

If you are thinking of getting involved with the following names, think again, contact us and we will direct you to cyber crimes and they will advise you steer clear of these fakes and frauds. It's for your own safety as well as others.

Rest assured July 22 2019 all those listed will be exposed with use of court transcripts, which prove the many lies told by Mark W Mumma, Geraldine Phifer, Francesca Banfield, Tony Blas, Robin Sherman and convicted pedophile John Aster.

Get ready, those names wont be good names on July 22.

With ease and pleasure it's an honor to post this for Stolen Productions.

Geraldine Phifer of Americas Taken Busted Criminally Harassing & Defaming.

https://stolen.club/wp-content/uploads/2019/04/20190413_141748.mp4

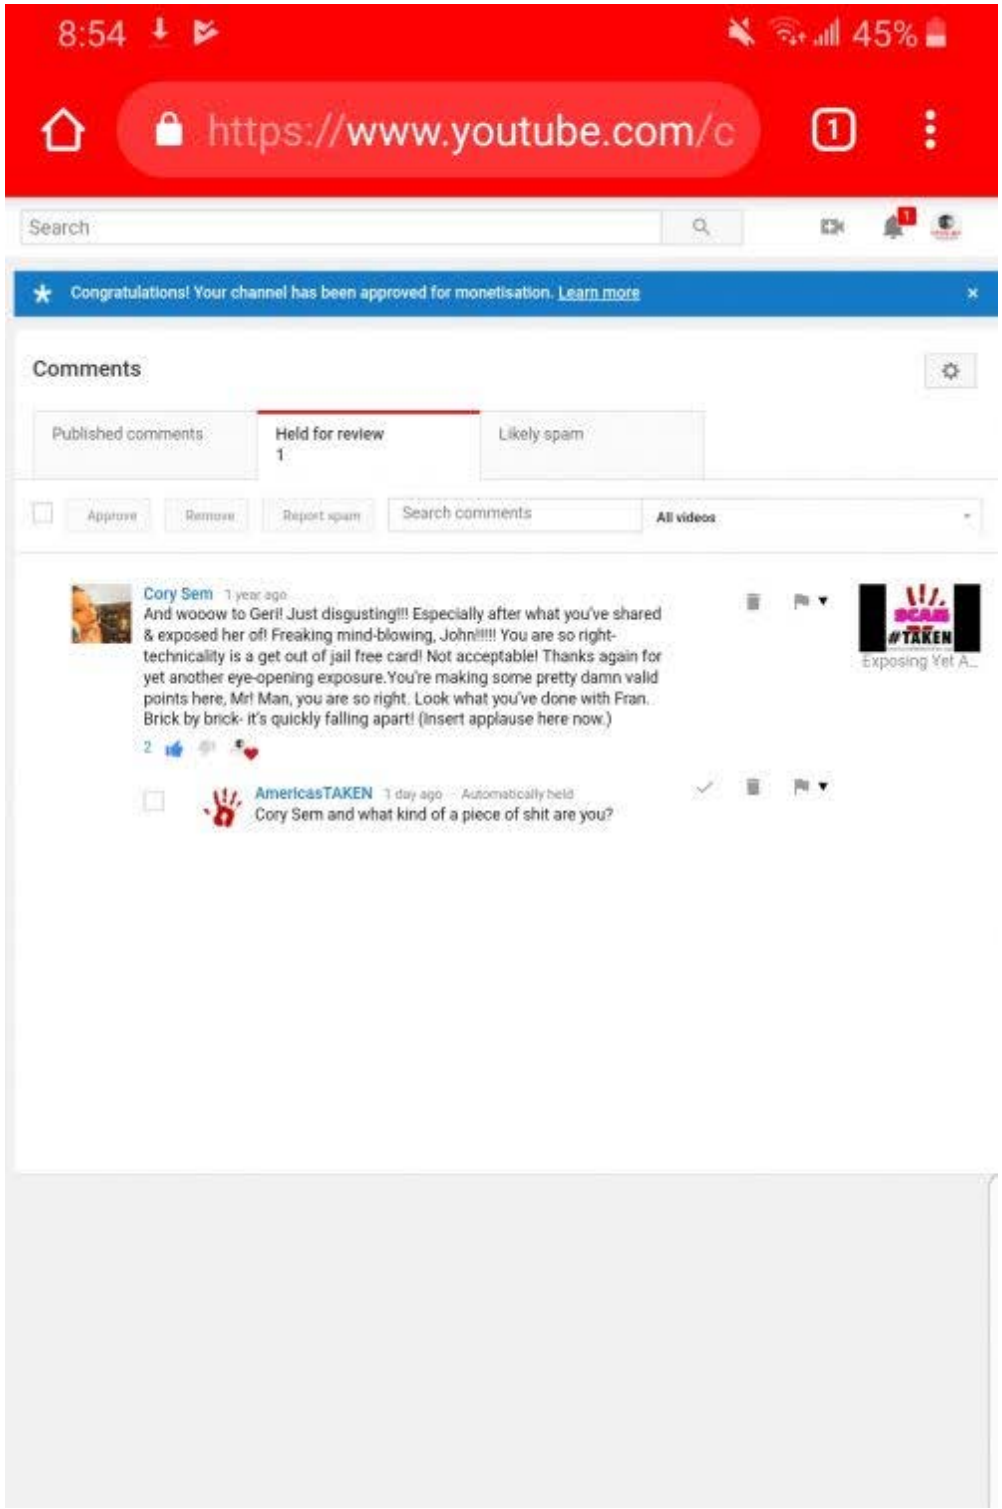

The following is screenshots of Geraldine Phifer the founder and convicted child abuser is seen obsessing over John Anderson's YouTube channel which John no longer owns.

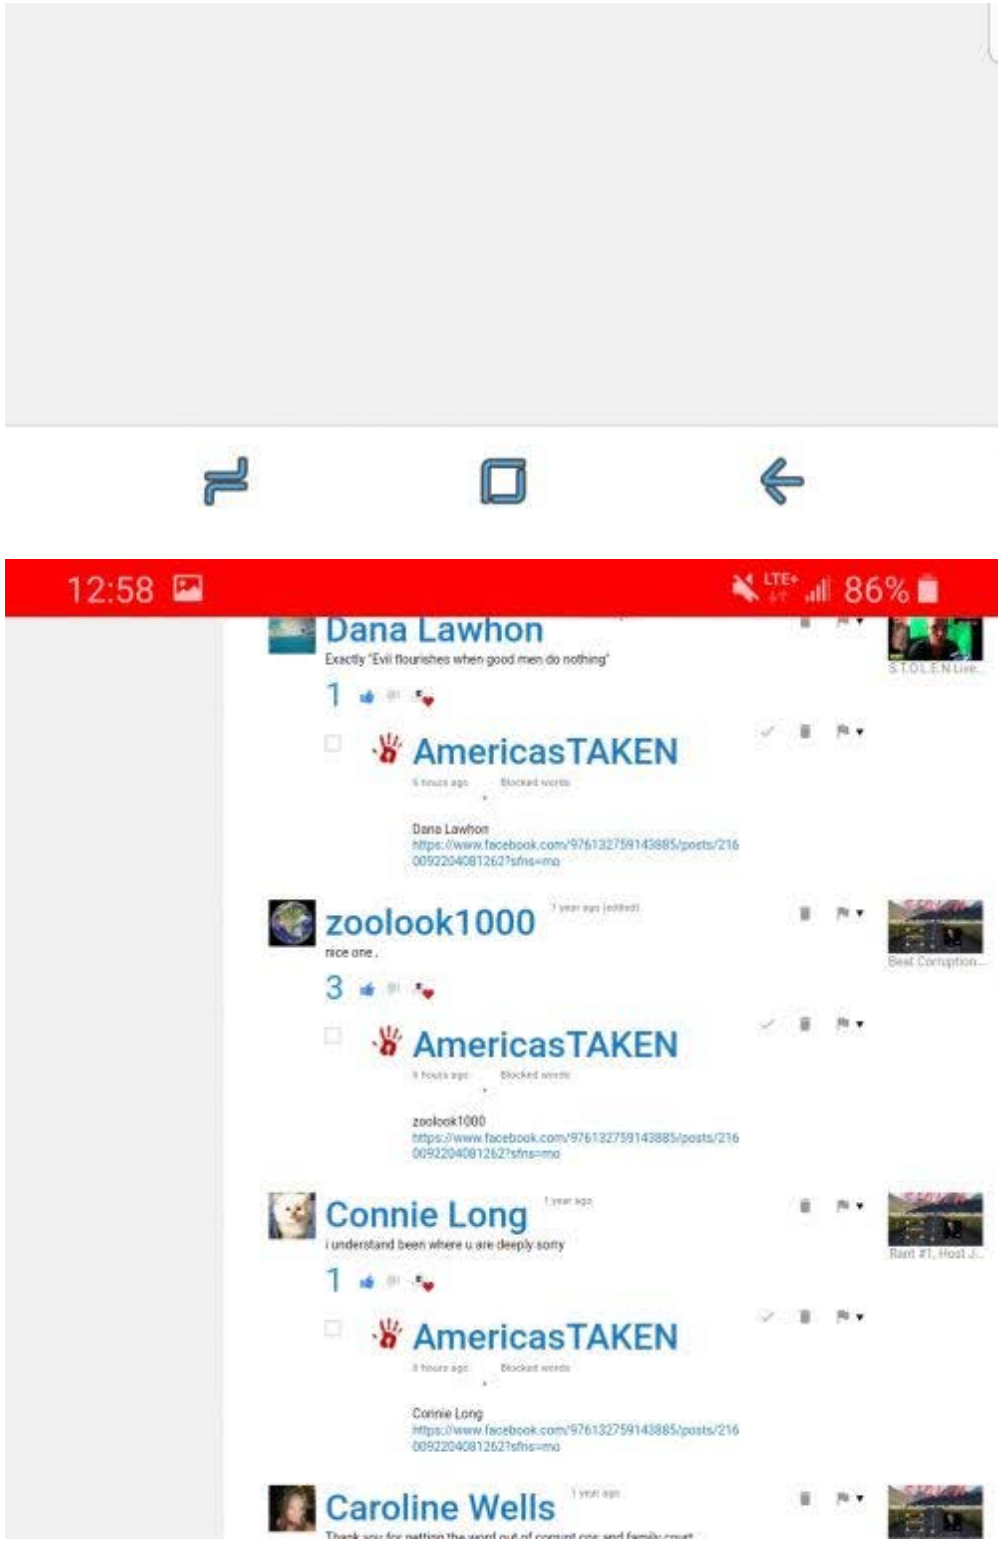

Yet we see Geraldine Phifer continue each and every day, ALL DAY Obsessing over John Anderson all because she is busted proving everyday how much of a fake advocate she really is. Hate smearing campaign after campaign, defaming anyone who dares to expose the truth about who she is and how she abuses donations by playing victim yet spends her days hating people just because she is busted and called out as the fraud advocate she is.

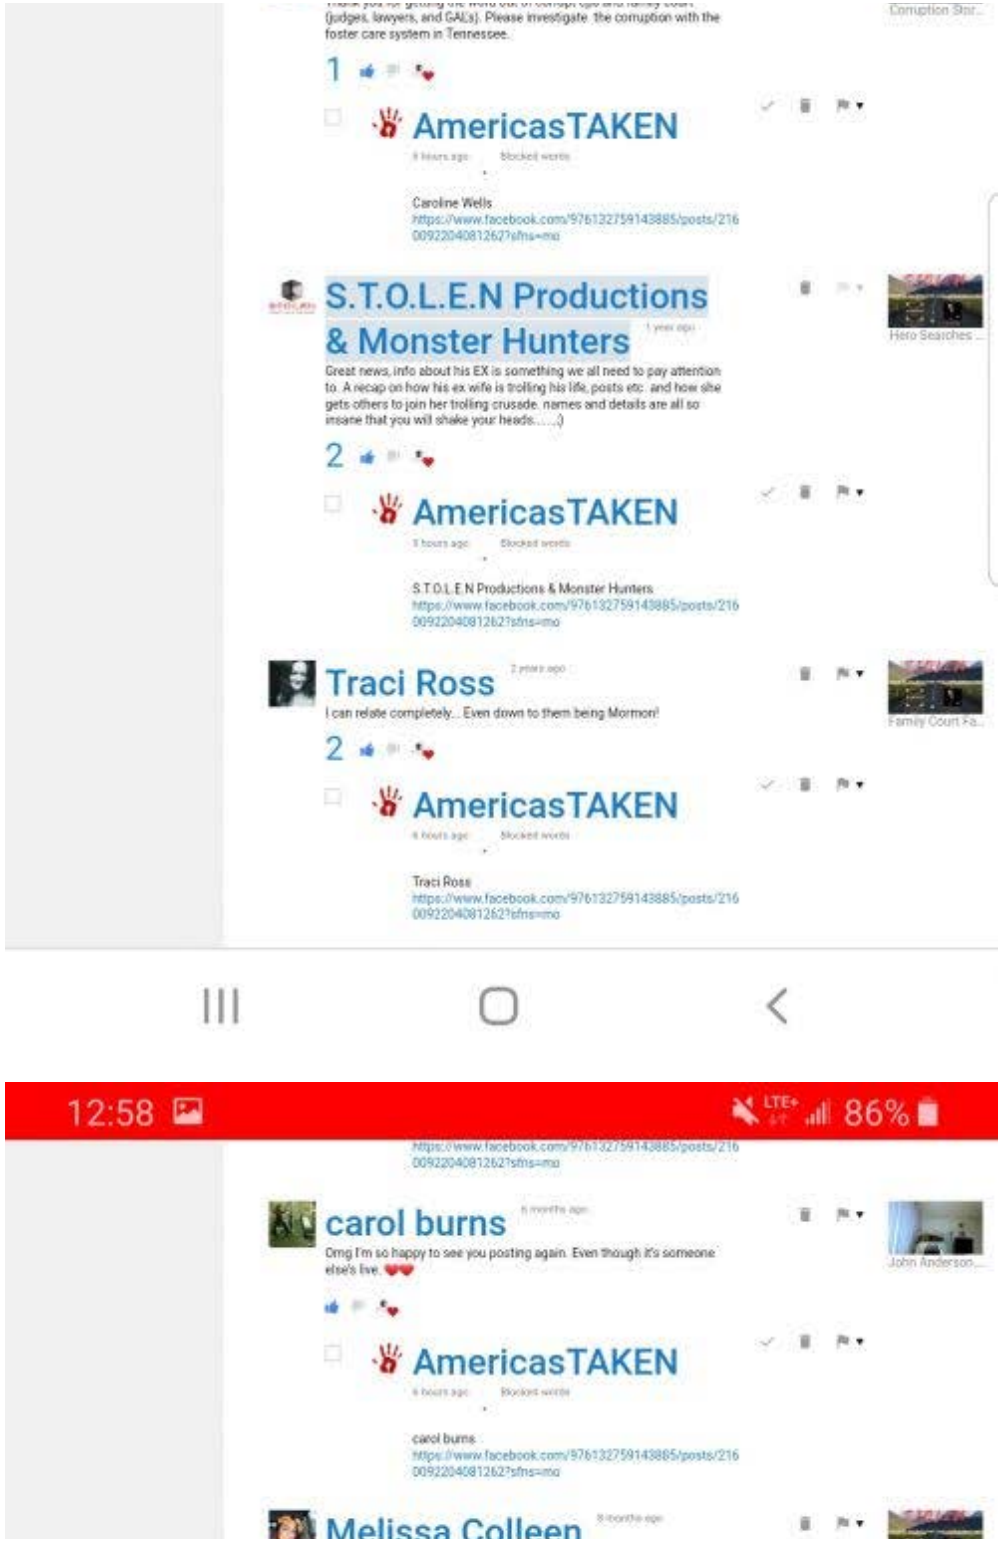

Working with her partner in crime Mark W Mumma who built her website and maintains it, also being the founder of Webguy.com and both Mark Mumma & Geraldine Phifer have also been proven to work with convicted pedophile John Aster who is another person John Anderson exposed and gets attacked by on a daily basis.

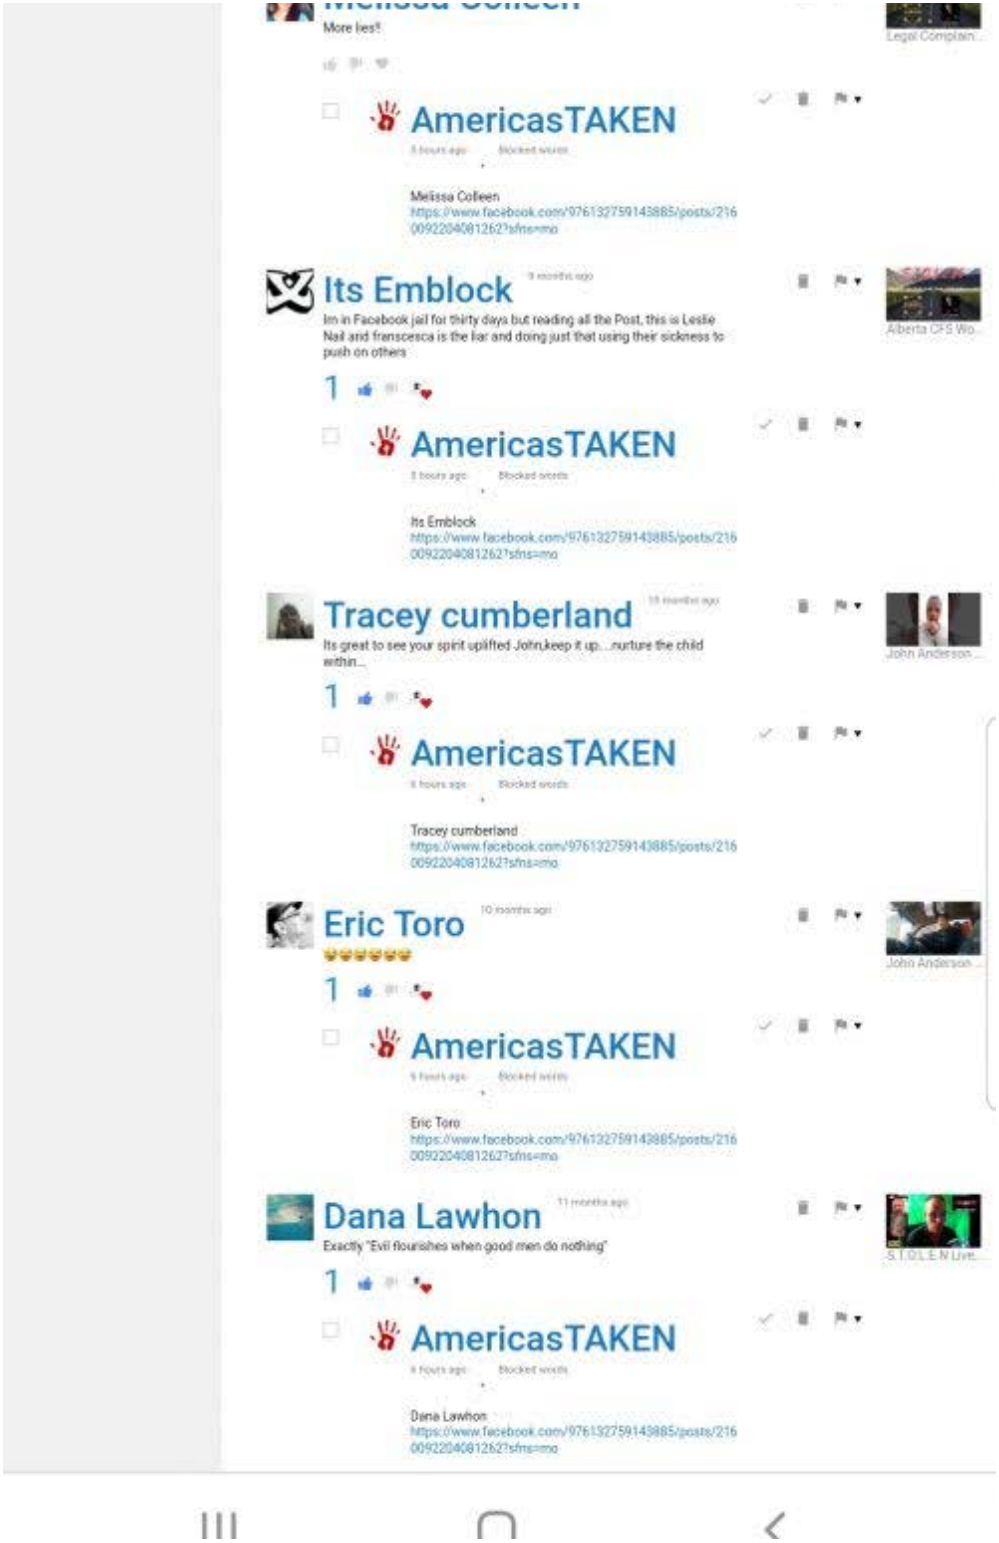

As stated in other articles on this website the proof will be exposed publicly in Canadian court July 22 2019 again by John Anderson and several hundred witnesses, some being police officers testifying on behalf of John Anderson.

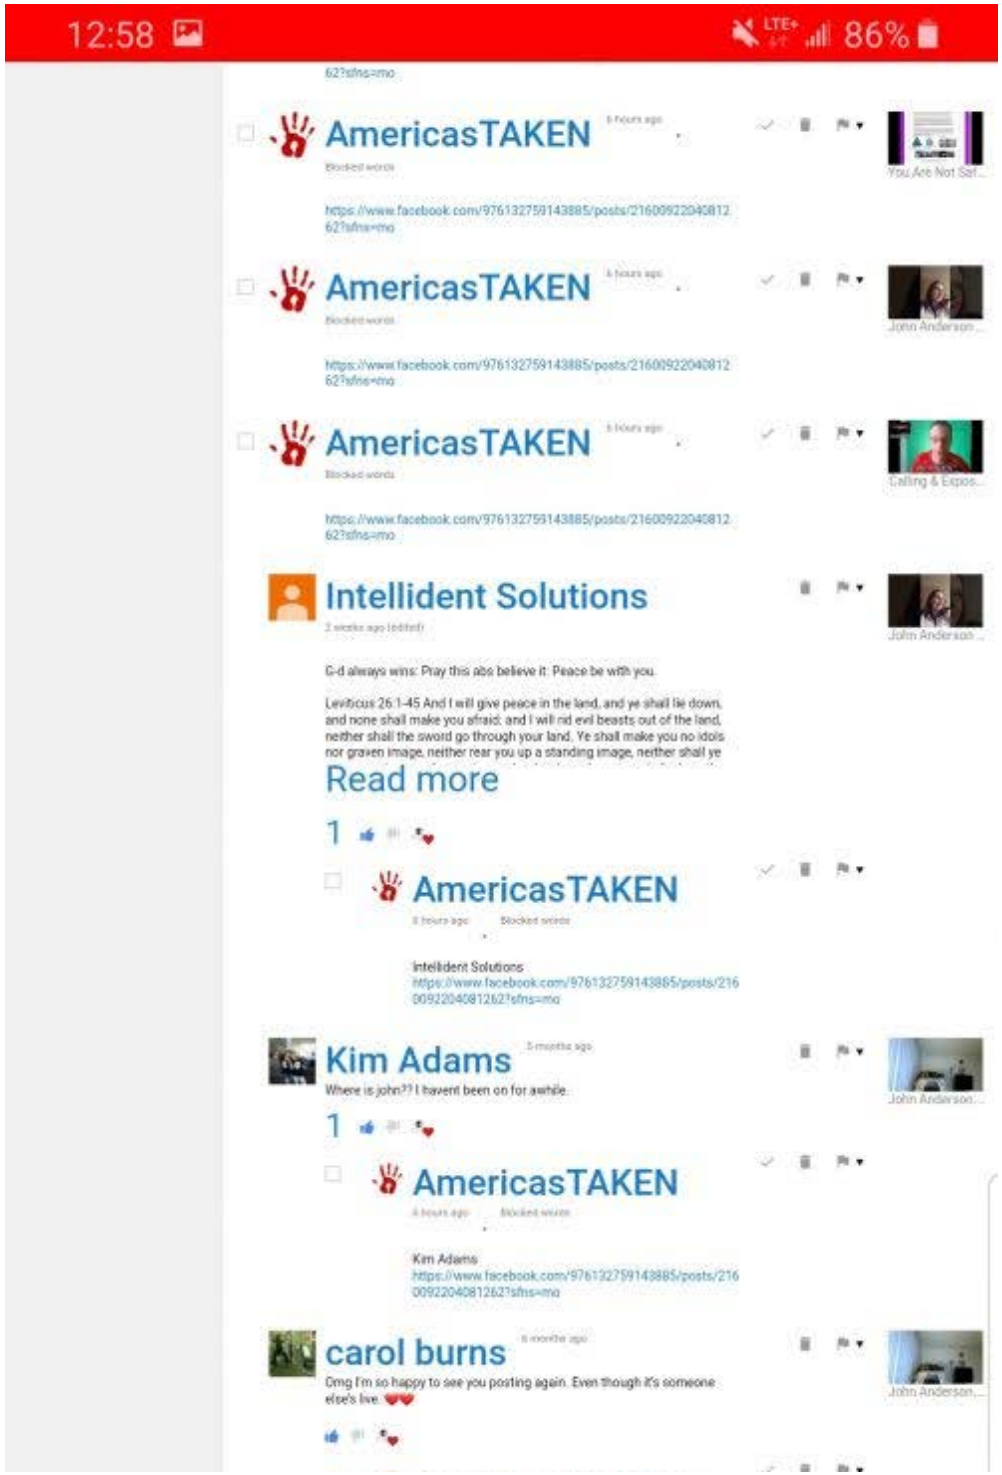

Police who can also confirm John's claims are deemed as fact.

PRO PEDO WEBGUY.COM EXPOSED IN UPCOMING 10 PART DOCUMENTARY FILM

https://stolen.club/wp-content/uploads/2019/04/2019-4-10-9-23-39.mp4

Stolen Productions presents a new 10 part series where we expose all the names who attacked Actor John Anderson.

John Anderson is being stalked, harassed and criminally defamed by convicted pedophile #John_Aster and friends of his who are deeply into fraud advocacy groups etc

July 22 2019 is when John Anderson exposes all. How the criminals used John's acting videos to file false police reports etc. Even more sick is how fake advocates who got caught by Anderson sided with the very pedophile Anderson exposed named John Aster who openly admits to being convicted of downloading over 15000 images of child porn.

Actor John Anderson will never rest until the criminals are arrested, in jail, shut down. It will happen because John Anderson has been an informant for Calgary Criminal Intelligence Agency since 2001.

Watch as police testify against other police and also testify against mark W Mumma and his friends pedo John

Aster and Geraldine Phifer of Americas Taken advocacy scam. This scam was made by a convicted drug dealer and child abuser named Geraldine Phifer. A creation to line her pockets with free money. Donations.

Rumor Control Patrol. FYI About John Anderson

FYI

All John Anderson's videos, articles & pictures we uploaded to this website are NOT new. We copied them from his Facebook account, YouTube channels & other media websites.

You may go & see for ones very own self because they are public dated months ago some over a year.

(He is NOT online)

Sad fact, haters, pro pedo's, Paedophiles are creating rumors John Anderson is online when it is very blunt John is not. We are on our own accord maintaining this website & Facebook pages.

John has indeed been through enough.

The admins of this website & Facebook pages are listed by first name only. We are witnesses to the crimes by those falsely accusing John & are standing by him. Most of us will be testifying as witnesses for John. We will report anyone who harasses us or bullies us to police, so don't even bother us. We don't want to hear a fairytale. We know and watched everything for months, some of us for years.

This is the renowned rap song about John Anderson exposing the corrupt system, fraud and sex offenders.

Emphasis on the fact that the system can't get him on anything legit, and another fact that thousands globally support John Andersons creation of Stolen Productions. Support in the way he exposes so many and places them into a team all exposed together.

If you think you can shut him or us down, better rethink that though because we are never going anywhere.

We piss on those who are corrupt, paedophiles, pro pedo scum, frauds, fake advocates and so much more.

Bring it on losers.

Punished 4 Protecting Exposed As Full Blown Scam

Christian Patrick Beesmer, left, and Frances Amato (*Provided*)

KINGSTON >> A missing 9-year-old city boy may be in the custody of his noncustodial parent but is not

Advocate scam

We have stated it before, the worst thing for a parent is to be ripped away from their children. The desperation, vulnerability, the sleepless nights are just a portion of their nightmare. Many of the parents turn to the Facebook community in a desperate attempt of seeking an advocate, and advocates are in abundance.

While there are many good people who truly want to assist these victims, there are many who wish to exploit them; it is such an person we wish to expose, Punished for Protecting (P4P,) Francesca Amato-Banfield.

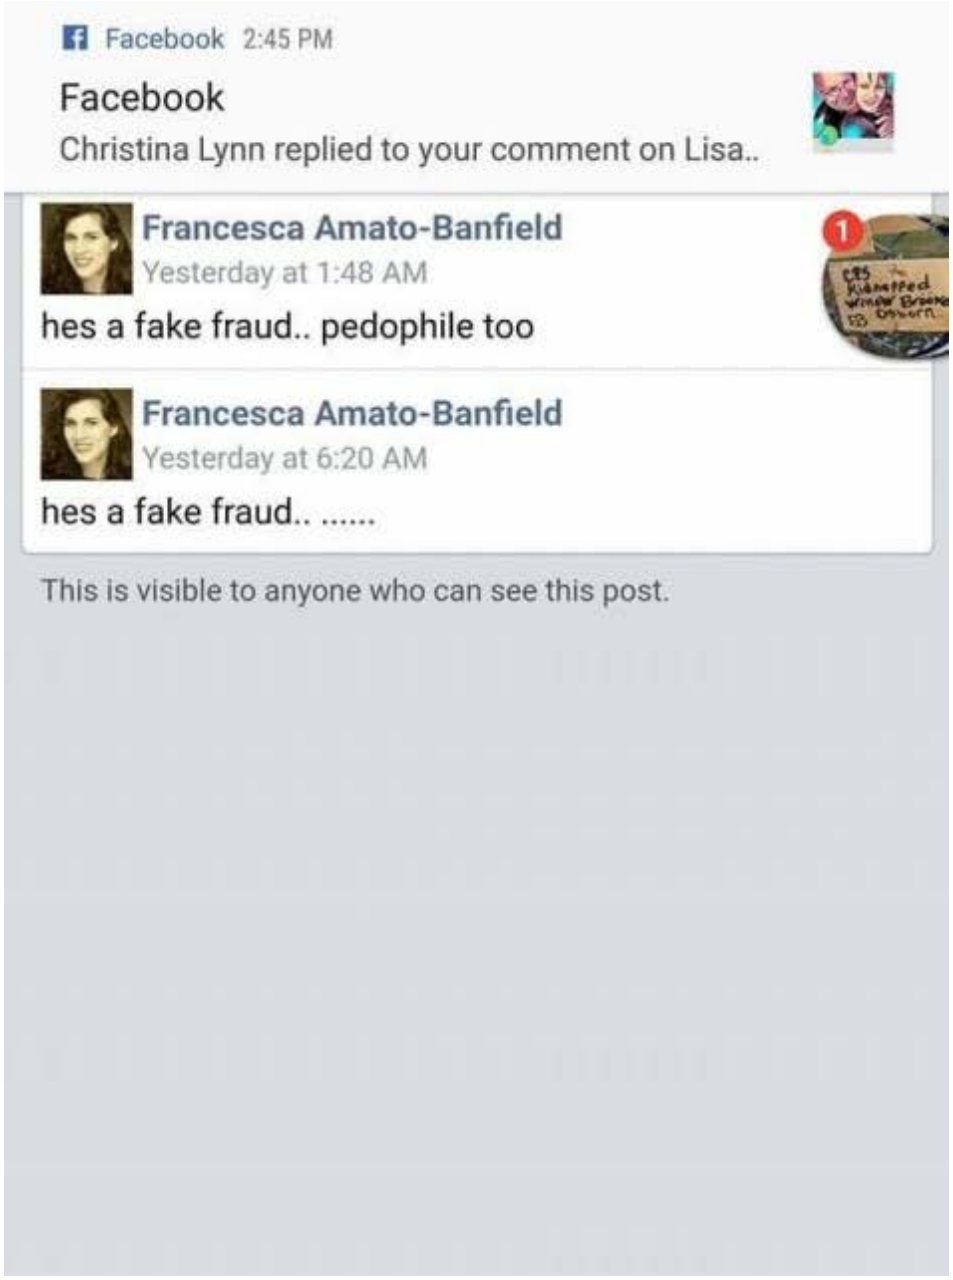

Looking into P4P

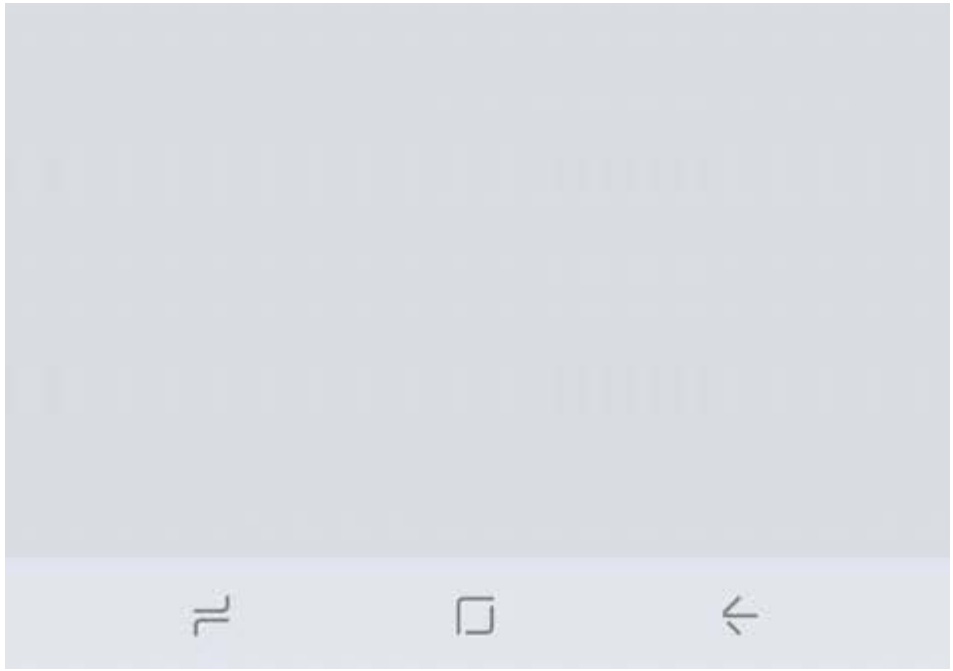

Two different platforms did research into her 501(c)4 organization. As an organization, she would had obtained either a tax number or a tax exemption number, both are public information. According to the outside source, neither things were found within IRS records. As we had stated in the last artical, the state of New York also had nothing within their records pertaining to P4P, this is an enormous red flag to anybody seeking an advocate.

With the lack of any relevent, and legal, information to validate this 501(c)4, we must presume it isn't a legal organization. Once we came to this conclusion, we decided to further investigate. Because of Ms. Amato's consistant outbursts, looking into her, as a "founding" figure was rather easy.

Amato vs. Meko

" alt="" aria-hidden="true" />

In the above image, the true color of Francesca is clearly seen. First, let's nust point out the idiocy of the original post, prior to her editing it.

She states, "hes a fake fraud…pedophile too." This was a review left on a page operated by Meko Haze. First, to let's look at the "fake fraud" aspect. To be a fraud, that would mean that you are not legitimate. It is furthered determined that if you are not legitimate, you are fake. So, in retrospect, she used two negatives. In the English language, wo negatives counter one another. That means what she really stated, had she of known proper English is, " he's legitmate" as the double negatives contradict one another.

She goes on to use the pedophile claim. As we have seen in the past, these criminals, who get exposed, absolutely adore that claim. In fact, one of our own had an actual campaign against him deriven from this very accusation. The reason they use the pedophile claim is simple.

The pedophile claim, often times, needs no proof, nobody ever says, "prove it." As a result of this, the claim is often spread around, doing extensive damage to a person's reputation. But wait, here's the good part: it's also illegal. Libal slander, slander, and defamation of character are three great litigation cases for people like this. Upon being called out on this claim, Amato edited her comment (post below the first one.) Sadly for her, however, Facebook let's you see the original post.

The Zoom Classes are weekly two (2) day class and the fees are to be paid prior to attending classes. If you wonder why as a 501(c) 4 P4P charges for classes, the reason is that the remittances This allows us to keep the wheels in motion each week. If you are a P4P

As you can see, this clearly states that all of her classes must be paid upfront, as a fee. Sorry to be the bearer of bad news here but this is not a donation. So, if she is collecting donations, making book sells, why is she charging for a class while denying taking fees outside of donations? The answer to this is obvious: she simply

forgot this part of her deception.

The forced payment cannot legally be classified as a donation. Doing this is considered fraud because, as we all know, donations are essentially gifts. If you force people to gift your organization, you are not a non-profit, you are not taking donations, and you shouldn't try to claim that you are.

In her own mind, she is a revolutionary woman. She is running for governor (no records exist to prove her claim,) she has a magical affadavit that returns all children, though in reality you denounce your citizenship and ultimately lose your case, and she is a top selling book author, even though her "top seller" is valued to be a little over $5.00 on Amazon. All-in-all, she has a great imagination.

We have already exposed one of her "organization's leaders" here. With the behavior that seems to run rampant within "P4P," it makes me glad to not be a desperate parent. I do, however, fear for those that she has/will victimize(d). It is, with this in mind, we brought this information to our readers.

Advocate Scammer Francesca Amatto Banfield.

DISCLAIMER:

We have been hearing a lot of interesting things about a Francesca Amato. Now, before we really dig into this, I must say that nobody with WoC has ever heard of this woman prior to this article. All information provided is purely based on our observations, findings, and creditable source information. All source information was given

anonymously. Their names will not be provided in this article, in email, or private messaging.

OBJECTIVE I

When we began this article, we were actually looking into P4P's North Carolina chapter leader, Danielle Hatcher. We had heard rumors of corruption within the "501c3" and decided it was something worth looking into. Upon looking into Hatcher, we had stumbled across an image posted to Social Media. That image is below.

HATCHER, DANIELLE MARIE

We found this to be rather interesting. Although we don't know why she is currently in jail, a disturbing rumor has circulated regarding the advocate. The rumor states as follows:

> At some point, while in jail, Ms. Hatcher took it upon herself to use feces as a method for "finger painting."

As we stated, this is a rumor and is currently not proven. However, it was this rumor that lead us to look a little bit deeper. What is this organization that she helps manage?

OBJECTIVE II

We did a 501c3 check on P4P. The reason for this was because, according to the organization's website, they had a 501c3 status. Well, we looked and we found nothing called, "*Punished for Protecting," "Punished for Parenting," "Punished 4 Protecting,"* or "*Punished for Parenting."* To put this blatently, as far as we can tell, this 501c3 does not exist; but don't they claim to be one?

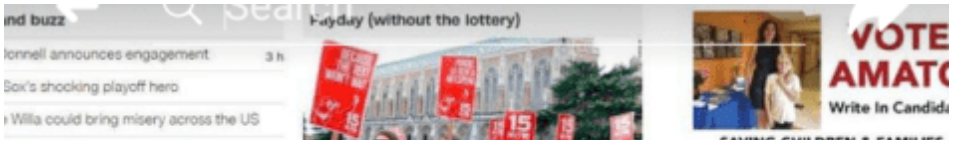

Yes, yes they do.

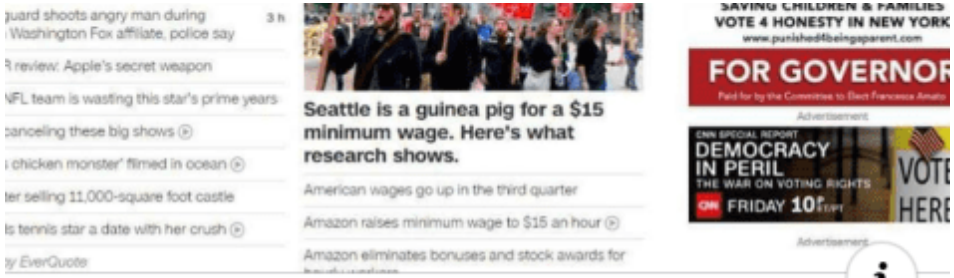

We gave them a benefit of a doubt. Maybe they meant charity rather than 501c3. We conducted an identical search with the same results.

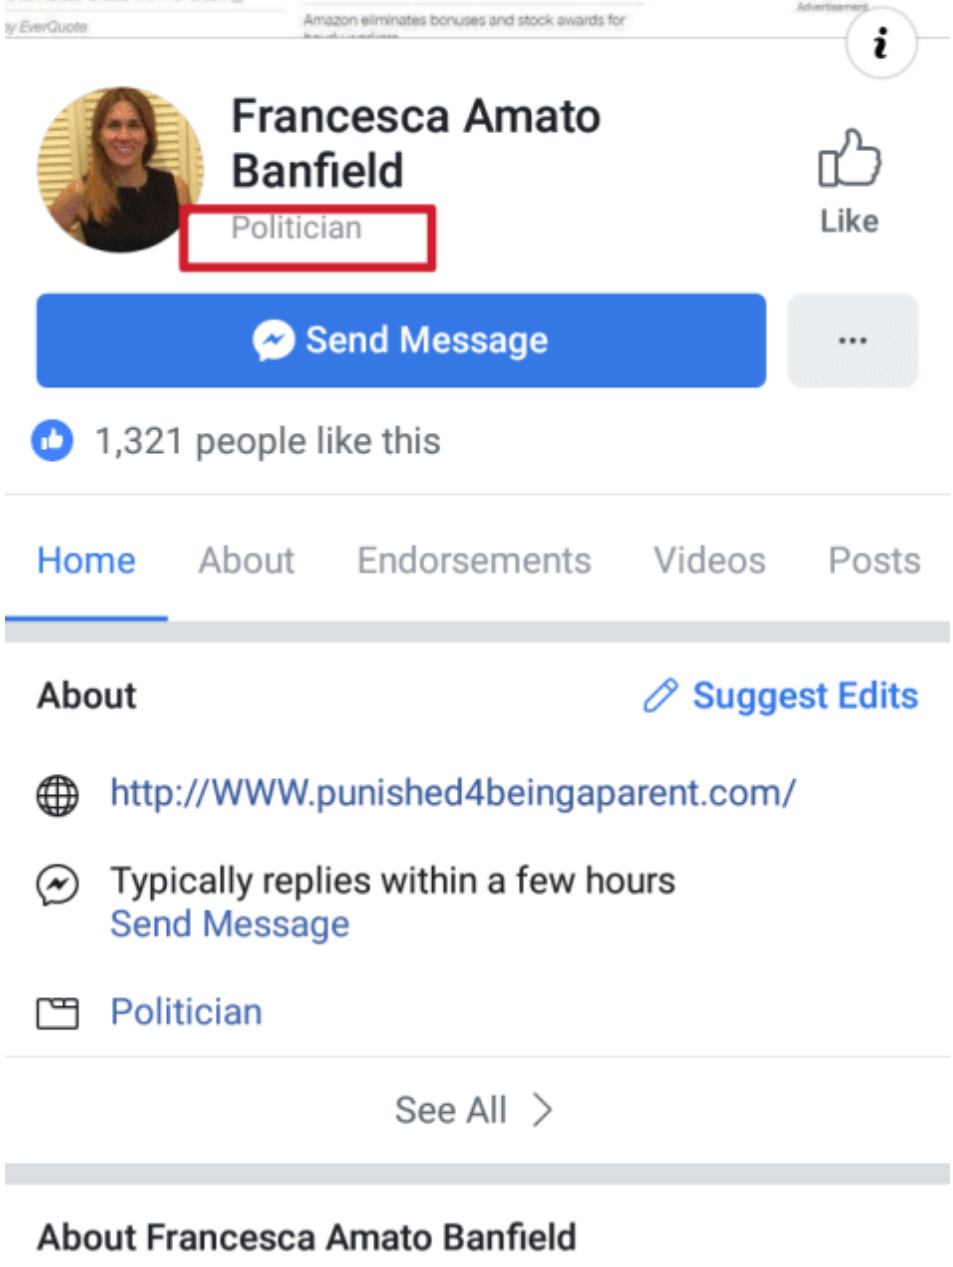

So if they aren't found on New York's list of charities or 501c3 organizations, what exactly are they? Well, I don't think we need to state it but we know you can compose the conclusion. Since we couldn't find it on any list, we decided to look into the founder.

OBJECTIVE III

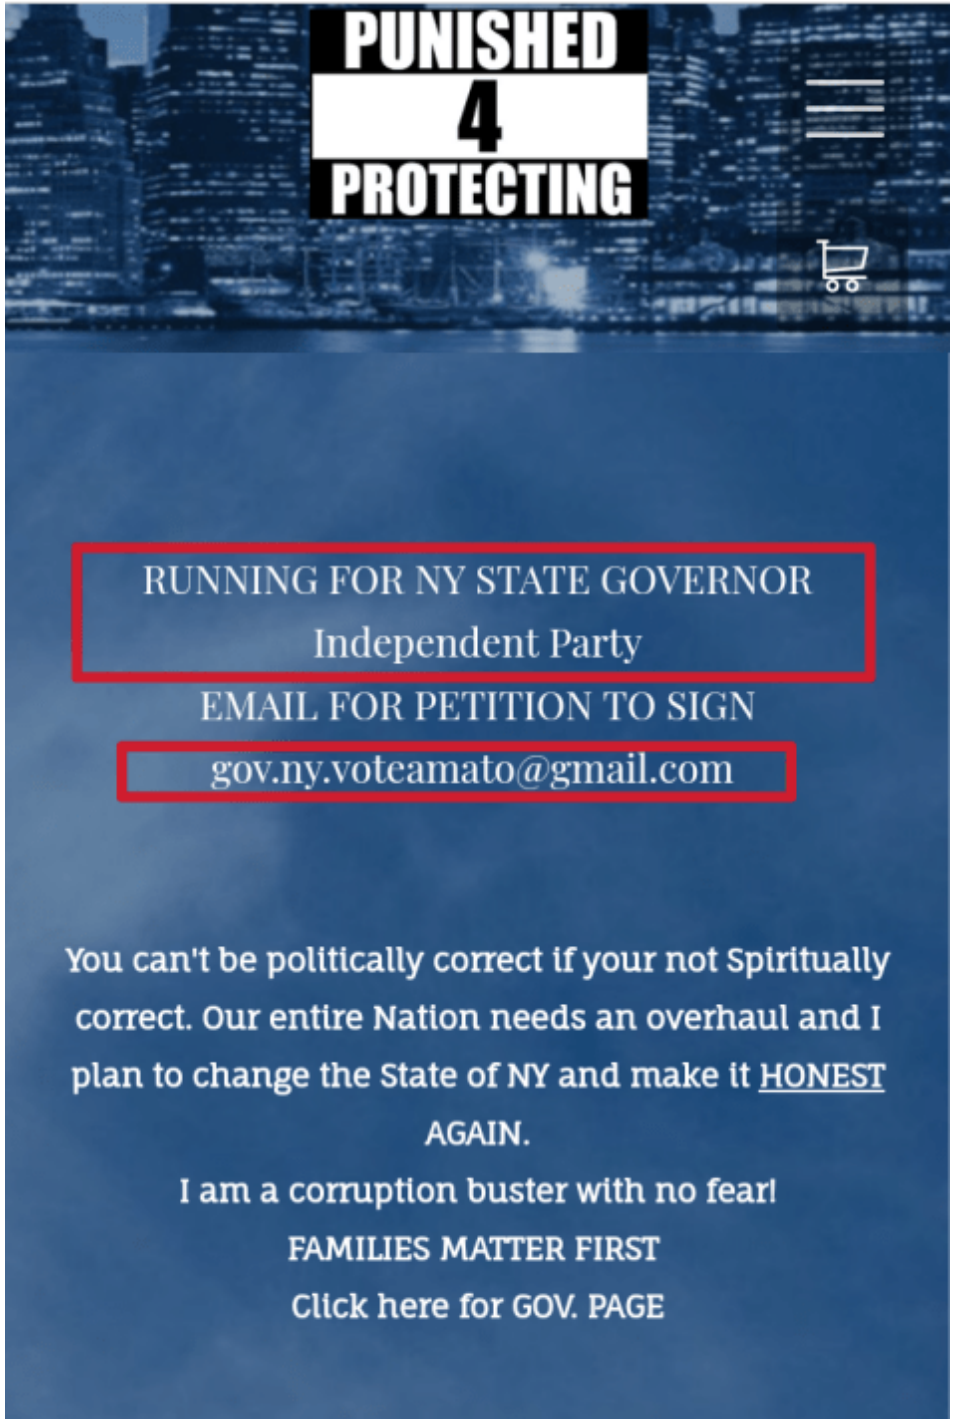

Francesca Amato is the woman behind this "organization." According to a Facebook page (depicted below,) she is running for NY governor. Well, we already found one issue, so we looked into that as well. What we found was equally as disturbing as the previous findings; there were no obtainable records that she is, or has, ever ran for a political position…and yet she makes the claim.

About Francesca Amato Banfield

To be a politician, that means you have to actually be running, or are currently in office. When we checked into this, as previously mentioned, there were no obtainable records. The reason these records are unobtainable is purely because they do not exist.

But, as we also stated, she claims to be actively running. Now, we could point out other problems on this page, such as her using a gmail account rather than an actual account linked to her “political” website, but we decided

to just briefly mention the one issue.

CONCLUSION

Based upon what we had seen and the evidence, as it stands. We are presently at the conclusion that her, the organization, and its leaders, are scamming desperate people out of their money. But, as it always stands within the WoC policy, should we find evidence that contradicts this information, we will happily revise this article.

Sources have, on seperate occasions, told us who she associates with. In fact, we have articles on several of them for corruption, etc. Currently, the only supporting evidence we have, is a video that Ms. Amato herself did. In the video, she makes mention of good people being slandered. It is, at this point, we briefly saw the profile of a person that we had deemed to be a very real danger to others. However, by all means, come to your own conclusions.

Americas Taken Targets Victims Of Sexual Abuse

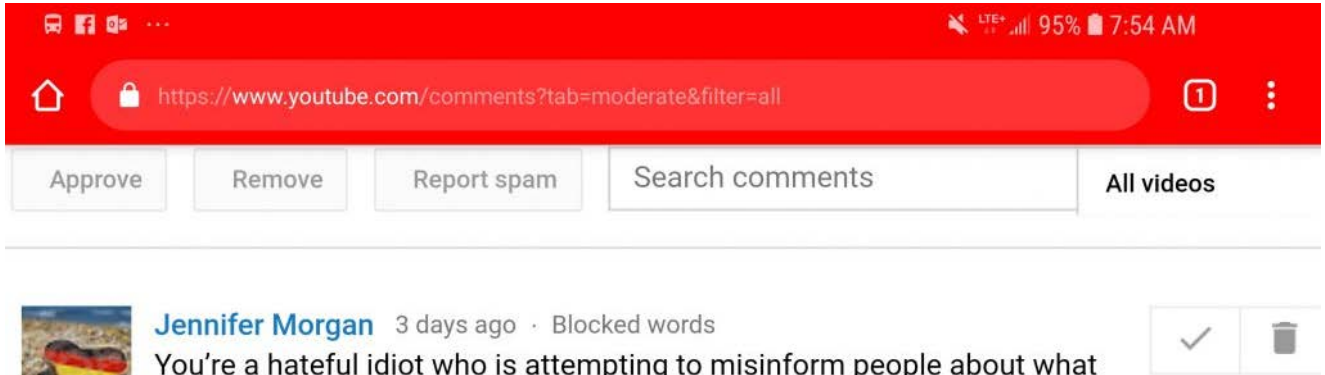

Since exposing the fake organization called #Americas_Taken
They call our founder and father a pedophile because he was sexually abused.

This is yet more proof these people don't deserve to have children, proven reason as to why they lost their own children to the system..

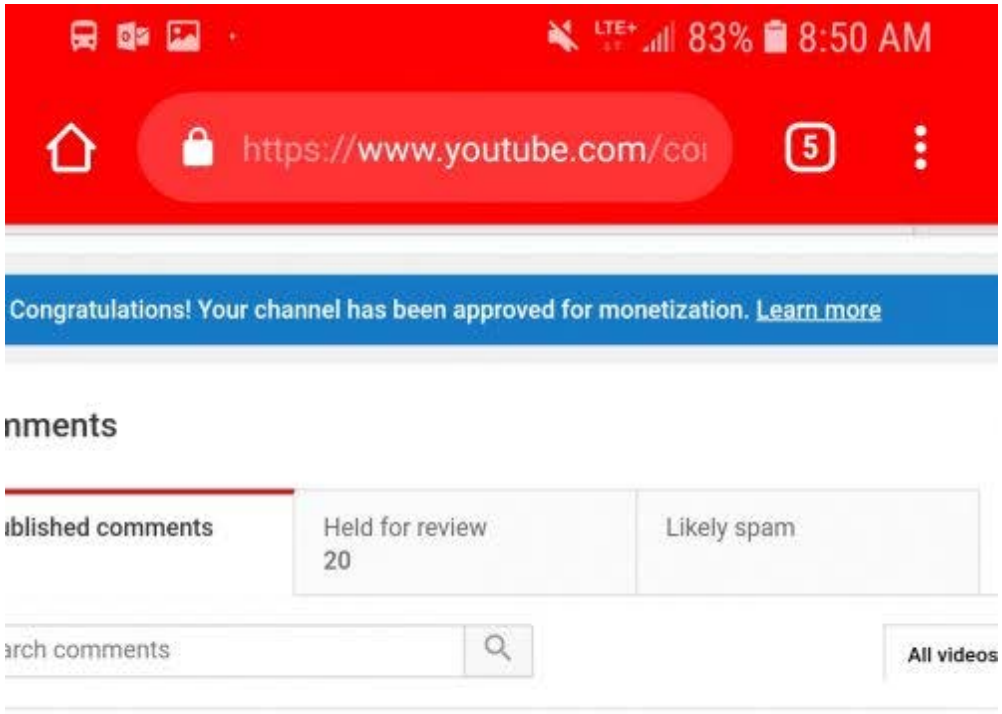

#Geraldine_Phifer is a convicted child abuser hiding behind her own fake organization creation. Not to mention the many pedophiles she has involved like #John_Aster and #Elizabeth_Mason.

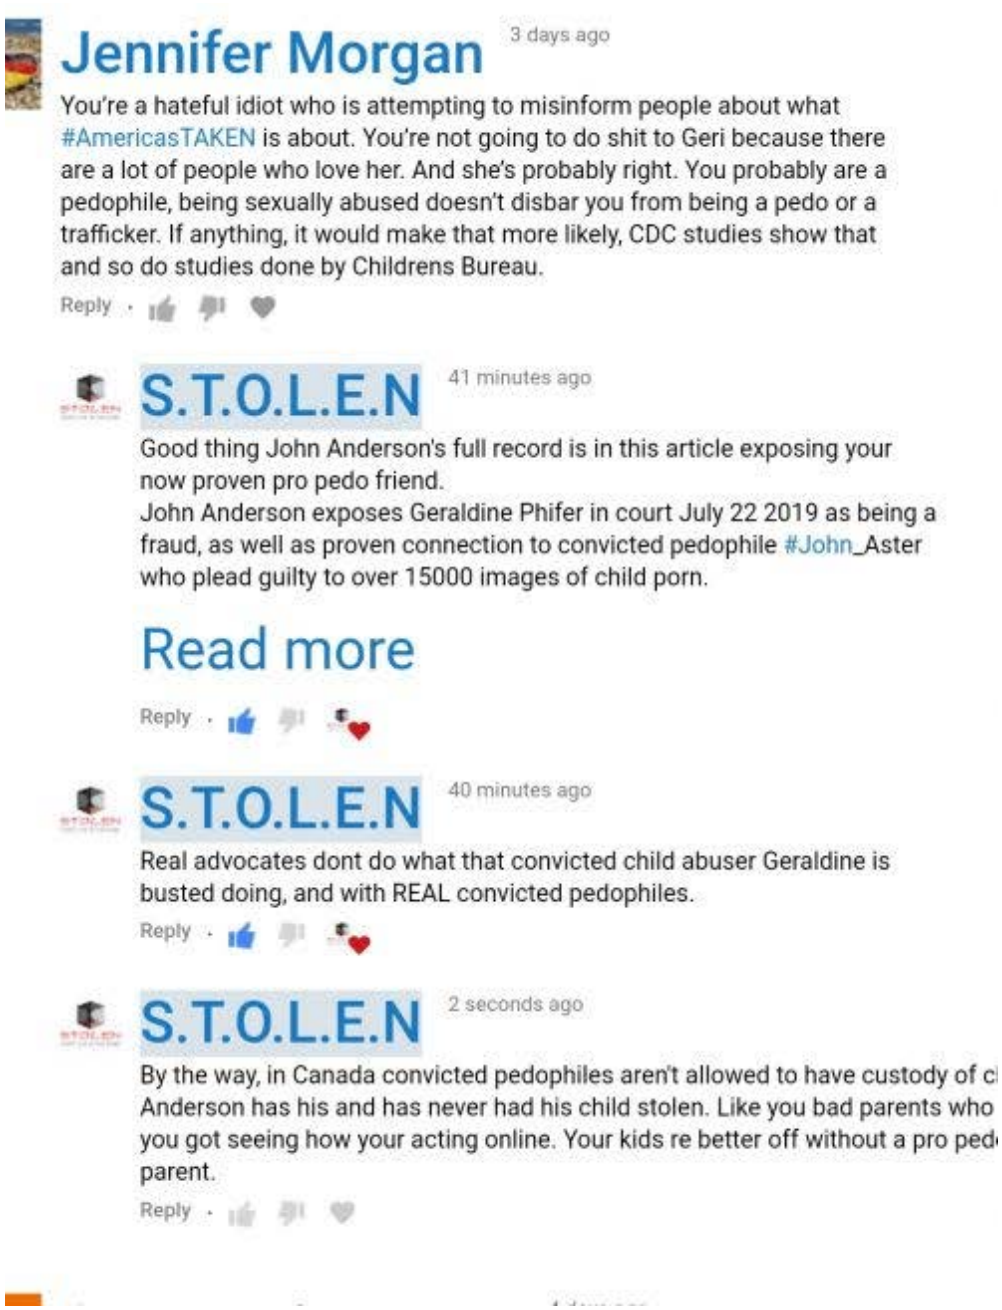

#Americas_Taken harbors parents who have many reasons to not have children in their care. Parents to display actions like as seen in this screen shot.
Is this worth donating to? Knowing these people are being paid to create hate campaigns and make defamatory comments about survivors of sexual abuse.

Think, there are real genuine organizations out there that refrain from this sort of behavior. They are the ones that deserve donations, not Americas Taken.

Below is our reply to this #Pro_Pedo idiot.

Jennifer Morgan 3 days ago

You're a hateful idiot who is attempting to misinform people about what #AmericasTAKEN is about. You're not going to do shit to Geri because there are a lot of people who love her. And she's probably right. You probably are a pedophile, being sexually abused doesn't disbar you from being a pedo or a trafficker. If anything, it would make that more likely, CDC studies show that and so do studies done by Childrens Bureau.

Geraldine Phifer of Americas Taken Children Exposed Targeting Those Who Expose Sexual Abusers

As you can clearly see with this sideways screen shot, that #Americas_Taken_Children founder #Geraldine_Phifer is comitting criminal defamation towards an innocent actor who also exposed scams and pedophiles.

Actor John Hans Anderson exposed Americas Taken Children as a full out scam created by a convicted child abuser and drug addict. Using the creation to reap donations to support her drug habit and pay others to bully and troll hundreds of innocent people.

To set the record straight and expose this sick and repulsive woman we obtained John Hans Anderson's full criminal record. Both youth as well as all adult convictions are listed. This article just proves the fake and fraud advocate Geraldine is someone who should not be in possession of ANY non profit organization period.

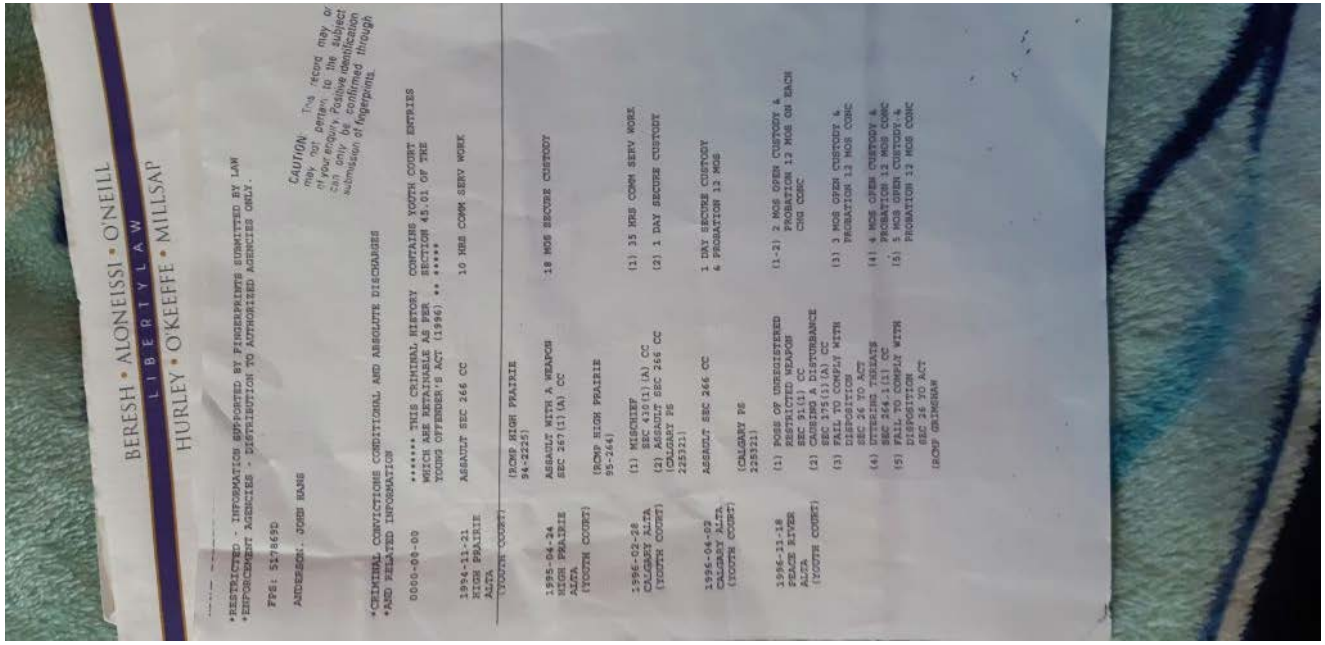

John Anderson, Katherine Anderson, Denise Anderson, are currently at the police station making a formal police report as well as updating the FBI.

Geraldine Phifer is also strongly connected to fraud #Mark_W_Mumma and convicted pedophile #John_Aster who in a recording admits to pleading guilty to over 15000 images of child porn.

Actor John Anderson exposed pedo John Aster and his connections to Geraldine, Mark and even Francesca Banfield of the scam #Punished4Protecting.

July 22 2019 all will be exposed in a court case John Anderson had the scum walk right into. Every detail and proof will be exposed and recorded in court transcripts. We will be obtaining those court transcripts and producing them to the public to end many frauds, fakes and online pedophiles once and for all.

The following is proof John Hans Anderson has NO convictions relating to sexual abuse and NO domestic violence convictions. Yet Geraldine Phifer is convicted for child abuse.

Mark W Mumma Threatens To Bomb Politicians & Set Up John Anderson To Take The Fall.

This is the ultimate video where John Anderson exposes Mark W Mumma. Mark calls John Anderson and makes threats to bomb politicians and set up John Anderson to take the fall by using spoof calling application.

Mark Mumma claims he was just joking, yet charges John Anderson after this video was made. Charges for uttering threats in a video where John Anderson clearly says he is not serious about the threats. Yet Mark W Mumma aka webguy.com is exposed making threats of national security.

At first John Anderson thought the caller was Richard Provost, one of Francesca Banfield ex members, later to get another call from Mark W Mumma where Mark clearly admits it is him in the recorded call, and does the voice again to prove it for John Anderson.

Mark Mumma makes more threats using his gun and makes the loading sounds to try and scare John Anderson and make Anderson stop exposing Mark as well as his strong associates including convicted pedophile John Aster who plead guilty to over 15,000 images of child porn.

Mark Mumma is also founder of Americas Taken along with Geraldine Phifer who is a convicted child abuser and drug possession.

Exposing Gross Pro Pedo In Hiding

https://stolen.club/wp-content/uploads/2018/11/SteveTony-Blas-the-disgusting-individual.mp4

We can see the real Steven B in this video. Bashing the mentally disabled and just down right disgusting.

This is the self proclaimed predator hunter, who is helping train more pedophiles than getting ANY actual convictions.

Using victims of sexual abuse this fool has to realize his so called busts are not getting any convictions. Why you ask?

Because of how he baits the claimed predators the cases get thrown out. Think about this, if you were a predator who just got publicly shamed on a Facebook live, chances are that afterwards you would be worrying about the evidence you have as trophies from other victims or articles of clothing from other victims etc. So you can bet that a predator will be going straight home to remove anything that can sentence them to prison time and so on.

This tactic is a proven aid to pedophiles on a global scale, while claimed predator hunters are screwing up cases. Using predators to cash in on donations and promotional gear. It’s now all about using what ever you can to hide behind while at the same time using victims to profit from.

No sentences have been handed out over 99.9% of the claimed busts made. 98% got off because of how these

fools are baiting the predators. About 2% are awaiting court.

Each and every time you see the claimed predator hunters do a “bust”, the pedophile will get no sentence, they educate multiple pedophiles per each video by showing pedophiles what to watch for and what not to do in order to not get caught.

Real predator hunters don’t do busts on a live feed without risking and or stopping victims from seeking justice. They do the busts off cam with police assistance, after the sentencing has been made by a judge, then produce the video. What these idiots are doing is nothing more than helping to educate pedophiles while making it so they get off of all charges.

Facts are facts, we know that Steven B is reading this, understands these facts and yet will still ruin cases just to get his nasty ass attention. So because Steve, Shane and others want attention, many predators will be getting away Scott free.

How do they sleep at night, better yet, how can the idiots following that support helping pedophiles? Ah, because to them this is entertainment. Sadly the fact is it’s not entertainment to victims and survivors seeking justice.

If you have kids and follow that garbage risking more children and keeping a pedophile free just for entertainment, Better understand YOU are a part of the problem. Not the solution.

Take that F@tman

Gambino Mafia family boss Frank Cali shot dead in front of his Staten Island mansion

By David Amoruso

There are no happy endings in the Mafia. Either you find yourself in prison or you end up six feet under in a casket. The latter will apply to Gambino crime family boss Francesco Cali, who was shot and murdered in front of his Staten Island, New York, home on Wednesday night.

The 53-year-old mob boss was hit with six or more bullets fired by one gunman who then fled the scene in a blue pickup truck, authorities report. The assassination took place in front of Cali's lavish mansion in the Todt Hill neighborhood of Staten Island.

It's the same neighborhood that once was home to Gambino family leader Paul Castellano. It's not the only thing Cali and Castellano now have in common. Cali is the first mob boss to be murdered since the infamous hit on Castellano in December of 1985, which was orchestrated by his successor John Gotti and took place in front

of Sparks Steak House in a bustling Manhattan.

The Sicilian who became an American boss

Born in Sicily in 1965, Francesco Cali became a made man in 1997 and was elevated to boss of the Gambinos in 2015. His rise was another example of the influence of Sicilian-born Mafiosi on the New York crime clan.

The FBI viewed Cali as an important link between Sicilian Cosa Nostra and the Gambino family. Sicilian bosses are caught on wiretaps talking about Cali with much respect, saying: “He’s our friend and he is everything over there.” The FBI monitors numerous trips made by the Sicilians from 2003 through 2006 and they always visit their friend from ‘the other side’.

Death is part of doing business

With law enforcement on his tail, in February of 2008, Cali was charged with various racketeering charges alongside over sixty other Gambino wiseguys. A few months later, he admitted taking part in an extortion conspiracy to get money from a trucker who was doing work at a Staten Island NASCAR construction site. He served just 16 months before going back to work.

Now, his job is what killed him. An unsurprising end for a Mafia boss, but still a surprising murder in an era in which the American Mafia seemed less prone to commit high profile hits on prominent figures. Perhaps the murder of Frank Cali is the first sign of the ushering in of a new violent era in which the mob will return to its bloody origins.

Mark W Mumma, known Fraud, online stalker and defamer is creating many sites to claim his so called innocence.

Yet on July 22nd Mark W Mumma I'd exposed and proven to be an online criminal connected to convicted pedophile John Aster and makes websites for vulnerable people thinking that he is an actual website creator.

If you have been a victim of Mark W Mumma contact us ASAP & join us in ending fraudsters once and for all.

Mark W Mumma in this excerpt is clearly claiming he stood up for Geraldine Phifer, the creator of the fraud Americas Taken Children and convicted child abuser both exposed by actor John Anderson.

I MADE CONTACT WITH MARCI WARREN (VICTIM). WARREN WAS VERY UPSET AND STATED THAT GERALDINE PFEIFFER HAD ATTACKED HER WITH A PITCHFORK. WARREN HAD A SMALL ABRASION ON HER RIGHT CHEEK, SHE HAD DIRT AND GRAVEL ON HER BACK. WARREN ALSO HAD A ABRASION ACROSS THE MID SECTION OF HER BACK. (THIS PHOTO DID NOT SAVE ON MY CAMERA)

Geraldine Phifer Founder of Americas Taken Children Scam Defamed John Anderson for Exposing Her.

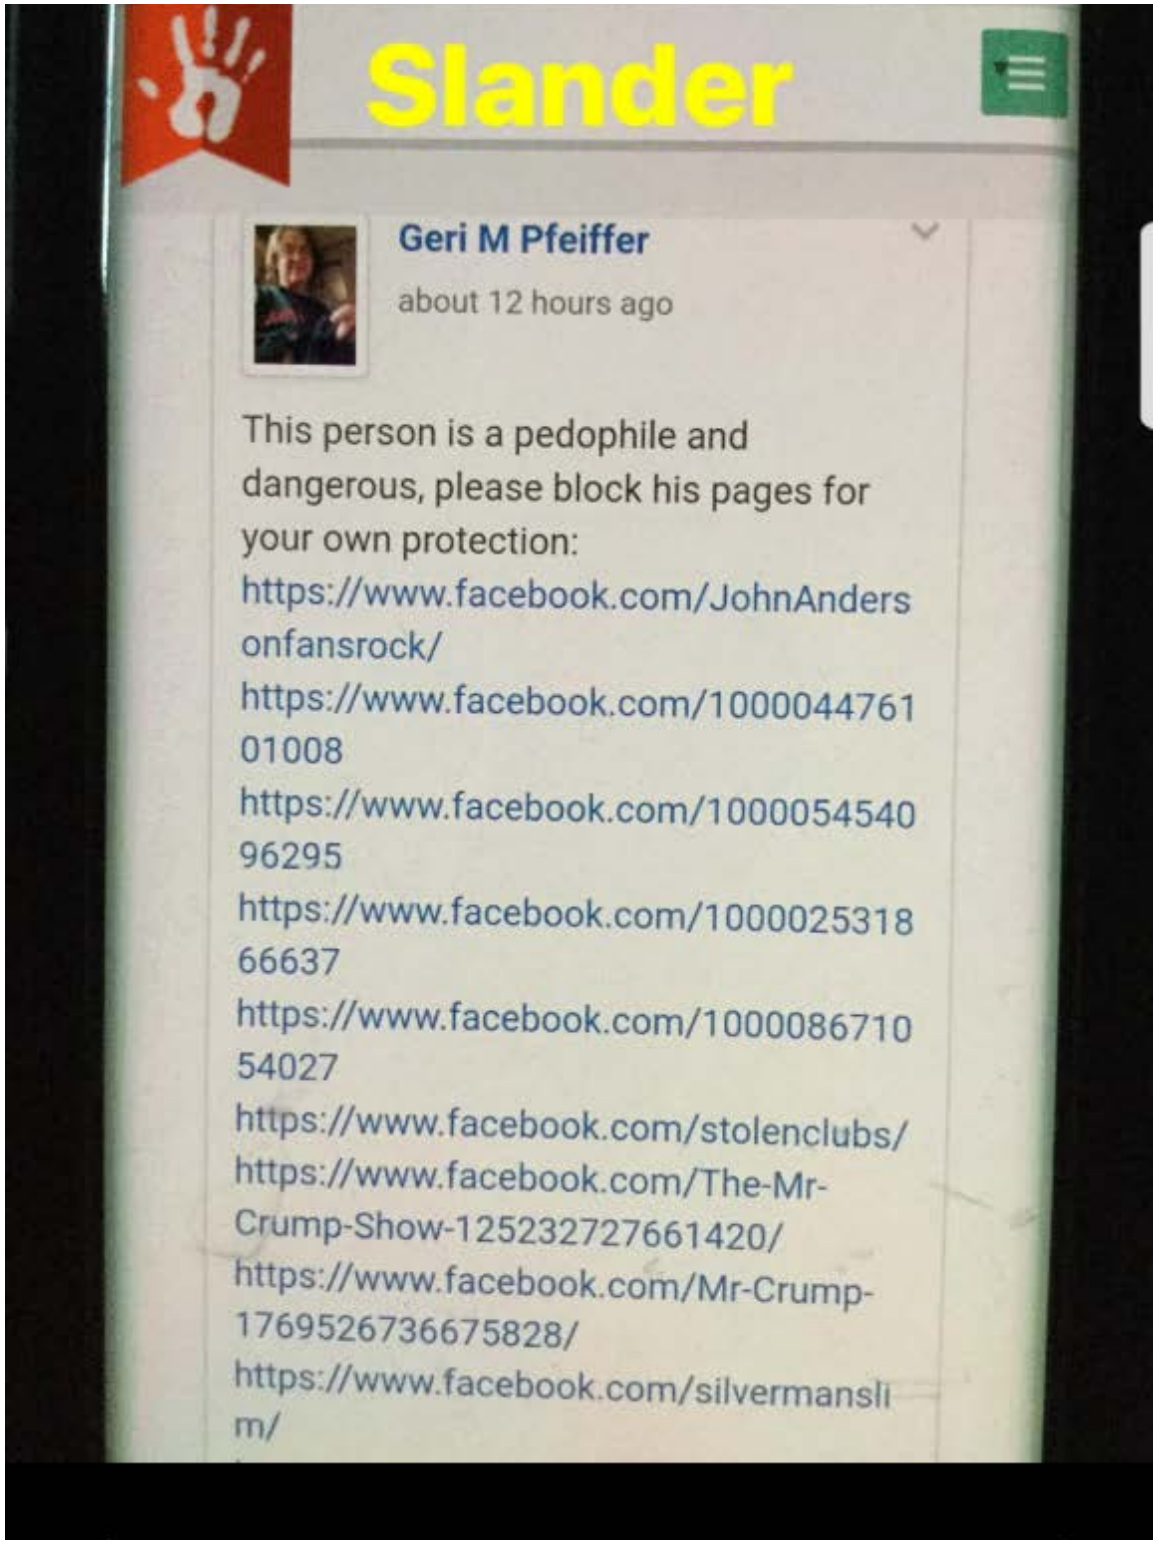

Looks like John Anderson should show these in court on July 22 2019.
We have a ton more. Even screen shots and screen recording of the secret group.
John Anderson exposed Geraldine phifer and her fraud cause Americas Taken Children. In anger she spreads lies about Stolen Productions and our founder who exposed the scam and the pedophiles the scam harbors.
John Anderson will be ending many scammers and pedophiles in court.
Is this how any organization should be acting? Defamation galore and the tables have turned in favor of Actor John Anderson.

John Anderson exposed her criminal history for child abuse, as well as her strong connection to convicted pedophile #John_Aster who plead guilty to over 15000 images of child porn.

#I_Stand_With_John_Anderson #Stolen_Productions
Stay tuned.

NATHAN FORREST WINTERS:

From the ages of 6-years-old to nearly 12, I was sexually abused by Hollywood director and producer Victor Salva. I starred as a child actor in two of his films, “Something in the Basement” and “Clownhouse.”
Once my abuse was made known, Victor Salva was arrested on 11 counts ranging from child sexual abuse to possessing child pornography.
He was ultimately convicted of four of those counts.
Though he was sentenced to three years in prison, he never served one day doing hard time. Instead, he spent 15 months in a treatment center.
When Salva was free from treatment he found more work in Hollywood including making the Disney film “Powder” and the “Jeepers Creepers” franchise.
My life was destroyed while Victor Salva continued to work in Hollywood and was rewarded for it.

The Real Tony aka Steven Blas

Tony Blas aka Steven Blas contacts John Anderson's wife making many threats and verbally assaulting her about her husband John Anderson who exposed Tony as a fake predator hunter who does more training of paedophiles than exposing them. Even admits to John Anderson's charges as being fake. As we of course already knew seeing as thousands watch everything that went down for months and even how.

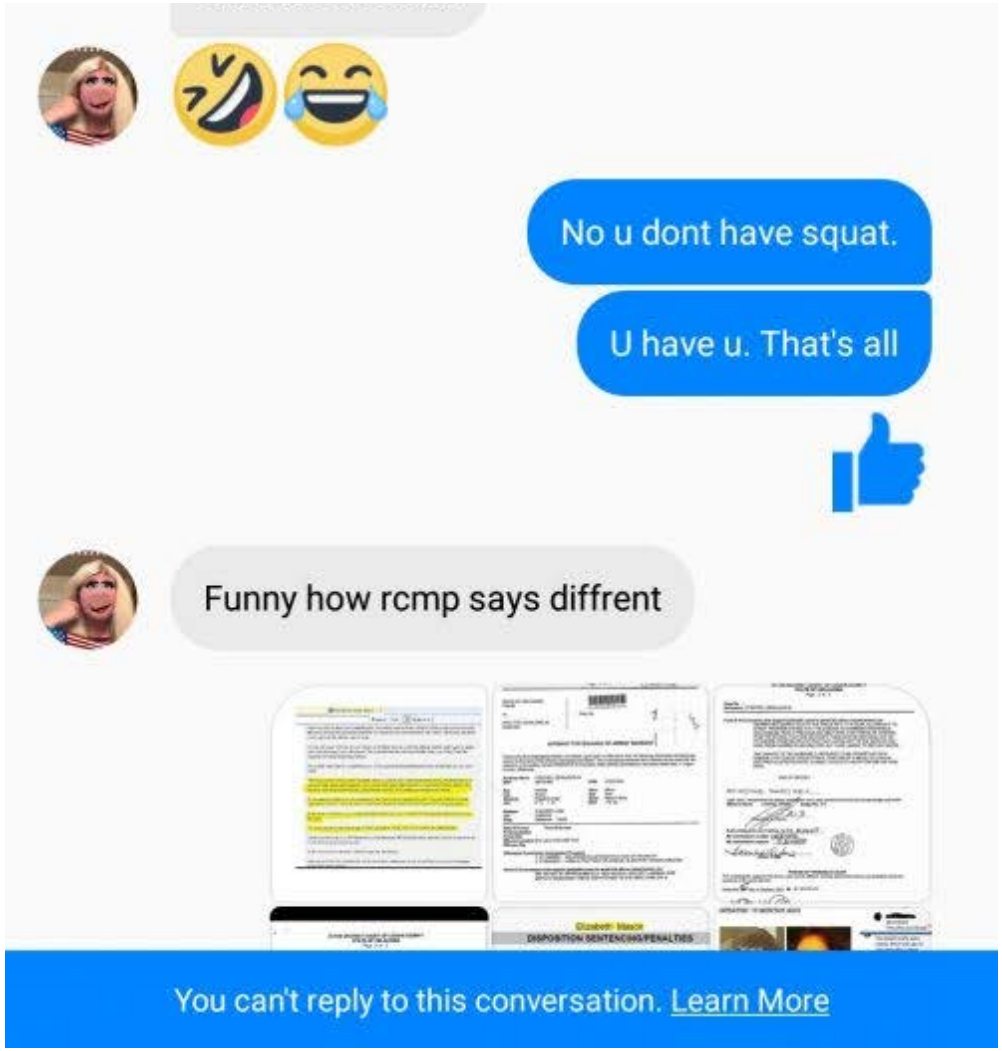

Tony keeps running his mouth, talking about dick and other perversions often in this conversation. Tony is in for a real treat when John Anderson presents proof of Tony's involvement with convicted Paedophile John Aster who plead guilty to over 15000 images of child porn.

Read as Tony also brags about having a contract with Vice Media. Sadly Vice has been well informed of this sick perverted man who is hiding his true colors by attempting to expose others just like himself.

Proof it is Tony as he also sends voice messages to John Anderson's wife. Tony is presenting evidence that he is not just pro pedo, but someone with high sexual deviancy as well as paedophile like tendancies.

Well he has now admitted to Fake charges against John Anderson.

URLs to this conversation are copied to prove validity. Shows once again the RCMP are a failure just as the Crown Prosecution in Anderson's case.

At this point we feel local media involvement is deemed very necessary in regard to everything that has happened.

Team Loyalty Working With Pedophile John Aster.

Mark Mumma & his convicted Paedophile friend John Aster who openly admits to pleading guilty to over 15000 images of child porn are now working with Team Loyalty.

John Asters own admissions and copy of his convictions are being presented in a Canadian court proceeding, also proving every name that is working with the said convicted Paedophile.

Mark Mumma is also under investigation for threats to Canadian parliament, threats to bomb them and set up John Anderson to take the fall by masking Anderson's number.

Bikers United Against Child Abuse was the first to expose John Aster, a real children's organization. Sadly many sheep following Team Loyalty are unaware to who Team Loyalty is protecting. PAEDOPHILES & FRAUDS LIKE John Aster.

John Anderson is who exposed the groups housing frauds and paedophiles within.

Here is the proof.

Below is a screen shot of convicted Paedophile John Aster showing his support. Seems team loyalty is rounding up and helping more paedophiles than trying to put an end.

Fact is, team loyalty is now exposed as a severe risk to children & families. If you are in support, you support the Paedophiles team loyalty is accommodating via social media.

Steven Blas is the claimed predator hunter who went on a live video claiming John Aster was innocent. Yet John Anderson has all the proof of John Asters child porn convictions. Be prepared as John Anderson exposes everything in Canada court with the media mainstream networks.

Americas Taken Children is not only exposed as a full outright scam but as a safe haven for many convicted child abusers as well as pedophiles to hide behind.

Americas Taken founder Geraldine Phifer, is a known drug addict with a list of violent convictions. Some convictions are of child abuse in nature. Not only that, a few convicted known pedophiles are also seen showing strong involvement with Geraldine Phifer. John Aster plead guilty to over 15000 images of child porn. Elizabeth Ann Mason is yet another convicted pedophile.

When Elizabeth was confronted about her pedo convictions she openly admitted the charges. Now she is also a member of Francesca Amatto Banfields National Coalition P4P.

Many warnings have been sent with facts, evidence and proof, yet they stick together like glue. It would seem frauds and pedophiles have a lot in common. Enough in common to stay together and attack those innocent people who even try to expose them.

Facts & Circumstance that support probable cause to arrest the above named person are

WARREN HAD JUMPED OUT OF THE TRUCK WITH IT IN GEAR, ALLOWING IT TO CRASH. PFEIFFER STATED THAT THE DAMAGE TO WARRENS WINDSHIELD WAS DAMAGE FROM A PREVIOUS INCIDENT WITH A BOYFRIEND OF WARREN. PFEIFFER STATED THAT SHE DID HAVE A YARD RAKE IN HER HAND, BUT NO PITCHFORK. PFEIFFER STATED THAT SHE HAD INJURY TO THE BACK OF HER HEAD FROM WARREN PUNCHING HER, BUT I WAS UNABLE TO SEE ANY MARKS.

THE DAMAGE TO THE WINDSHIELD APPEARED TO BE CONSISTANT WITH DAMAGE THAT COULD OCCUR FROM A TYNE END OF A METAL PITCHFORK. (SEE PHOTO) DEPUTIES WERE UNABLE TO LOCATE AND PITCHFORK OR YARD RAKE.

FIGHT IN PROGRESS. WHILE ENROUTE TO THE CALL, DISPATCH ADVISED THAT ONE PARTY WAS BEING ASSUALTED WITH A PITCHFORK AND THAT A VEHICLE HAD CRASHED INTO A TREE. UPON ARRIVAL I OBSERVED A 1996 TOYOTA PICK-UP (OK# AIA-093) THAT HAD CRASHED INTO A TREE AT THE DEADEND OF ERIC LANE.

I MADE CONTACT WITH MARCI WARREN (VICTIM). WARREN WAS VERY UPSET AND STATED THAT GERALDINE PFEIFFER HAD ATTACKED HER WITH A PITCHFORK. WARREN HAD A SMALL ABRASION ON HER RIGHT CHEEK, SHE HAD DIRT AND GRAVEL ON HER BACK. WARREN ALSO HAD A ABRASION ACROSS THE MID SECTION OF HER BACK. (THIS PHOTO DID NOT SAVE ON MY CAMERA)

WARREN STATED THAT SHE HAD COME OVER TO PFEIFFERS RESIDENCE TO CONFRONT HER ABOUT SOME PHOTOS OF WARRENS FATHER. WARREN STATED THAT SHE AND PFEIFFER HAD BEEN FRIENDS IN THE PAST AND THAT WARREN HAD BEEN TOLD THAT PFEIFFER HAD TORN-UP THE PICTURES EARLIER IN THE DAY.

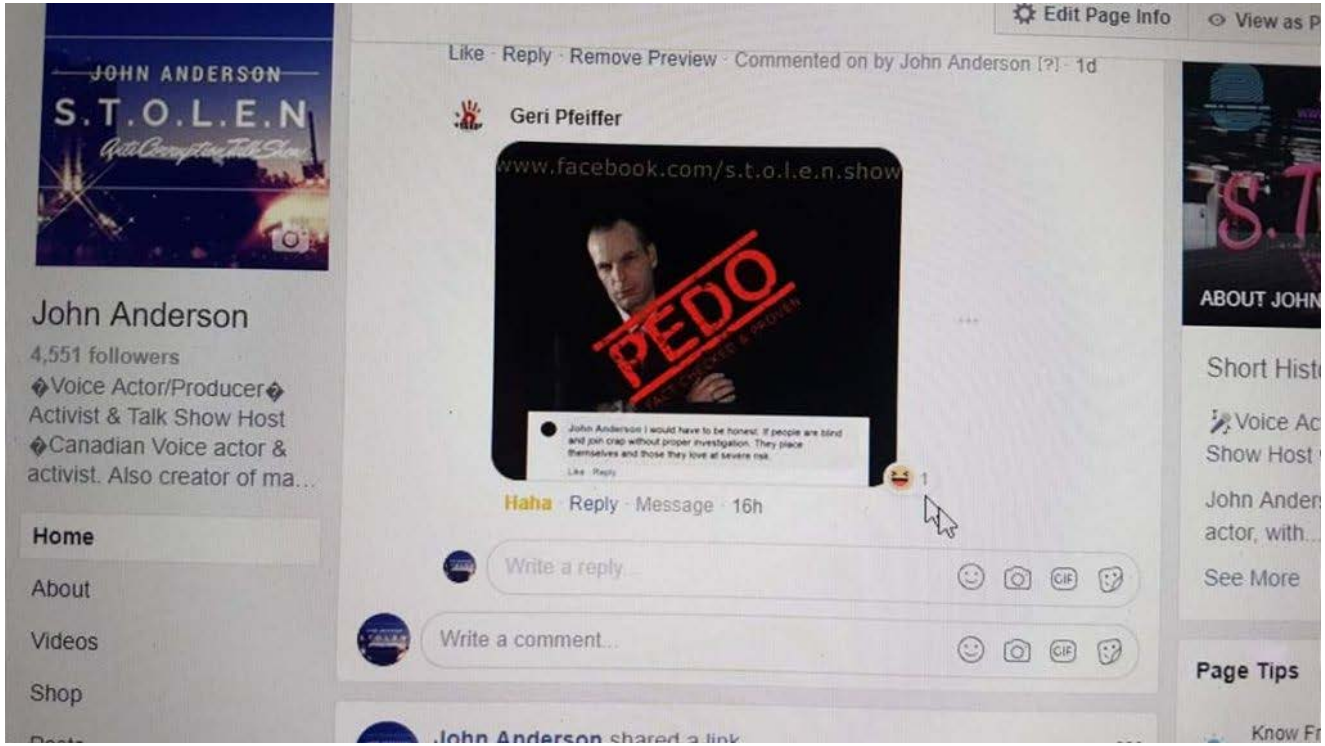

WARREN STATED THAT WAS IN THE STREET, AND THAT PFEIFFER WAS IN HER YARD. PFEIFFER GRABBED A PITCHFORK AND CAME TOWARDS HER IN THE STREET. WARREN TRIPPED AND FELL (CAUSING THE BACK INJURY) THEN GOT BACK UP AND RAN AWAY.

WARREN STATED PFEIFFER SMASHED THE WINDSHIELD WITH THE PITCHFORK, THEN REACHED INTO THE TRUCK PUTTING IT INTO GEAR AND ALLOWING IT TO CRASH INTO THE TREE. WARREN STATED THAT PFEIFFER THEN THREW THE PITCHFORK AT HER AS SHE WAS RUNNING AWAY.

PFEIFFER STATED THAT WARREN CAME INTO HER FRONT YARD, AND THAT SHE WAS DEFENDING HERSELF. PFEIFFER STATED THAT

Below is a pic from when Geraldine claims Pro Pedo Mark Mumma scammed her. Since this post the pro pedo and frauds have both kissed and made up.

Below is a pic of Geraldine stalking all of John Anderson's members posts. Yet makes comments in an attempt to hide who and what Geraldine really is. A fraud who is bluntly pro pedo and loving it.

Below is a screen shot of where pedophile John Aster is upset because judge Demak called him a cunt and a lying pedophile in one of his court cases.

Why on earth would John Aster be called a pedophile by a judge? Duh, because he is a convicted pedophile.

This is part of a transcript written by John Aster, the transcript is called Doc 6 and here Aster claims the magistrate called him a cunt and also called him a paedophile, FMD stands for federal magistrate demack.....

was yelled excessively which was ensuring John Aster could not concentrate and putting time restrictions on my questions to Eun Kyung Hwang when John Aster was on the stand for no less then 6 days in final hearings and yet Eun Kyung Hwang was on for no time where John Aster could be allowed to ask questions and where FMD was not raising Her voice and stating the words "cunt" and called John Aster a "paedophile" in the court room. Federal Magistrate Demack knew there was people watching and allowed the stalking material on the internet to be admitted as evidence. Dr Chalk was in communication with one (1) or more of the stalkers and also receiving emails of material yet John Aster was not permitted to email Dr Chalk. Dr Chalk did not provide to the police of serious crime and misconduct for which FMD knew was being posted and that not only was Her Honours harm causing John Aster serious harm by the Judiciary however evidence of rewards and money has been documented where the criminal stalkers were communicating with witnesses. Dr Chalk did NOT report the serious allegations by stalkers to either State or Federal Police. Dr. Chalk and the Judiciary for over 2 years was videos of myself speaking of them and either John Aster was denigrating them or John Aster was speaking the truth and due to not wanting to put the best interests over their own myself and my daughter have been harmed.

John Anderson’s Impression White Suppremist Rudy Orr.

Check out this comical video of John Anderson’s vivid impression of Rudy Orr. Rudy is one of Francesca Banfields partners, who is a white Suppremist and has lost his first daughter due to inappropriate touching during a supervised visit. Rudy Orr attacked many people on behalf of Francesca Banfield and in this video you can see John Anderson impersonating the pedo scum Rudy Orr..

Markie’s Proof Of Obsession For John Anderson Continues.

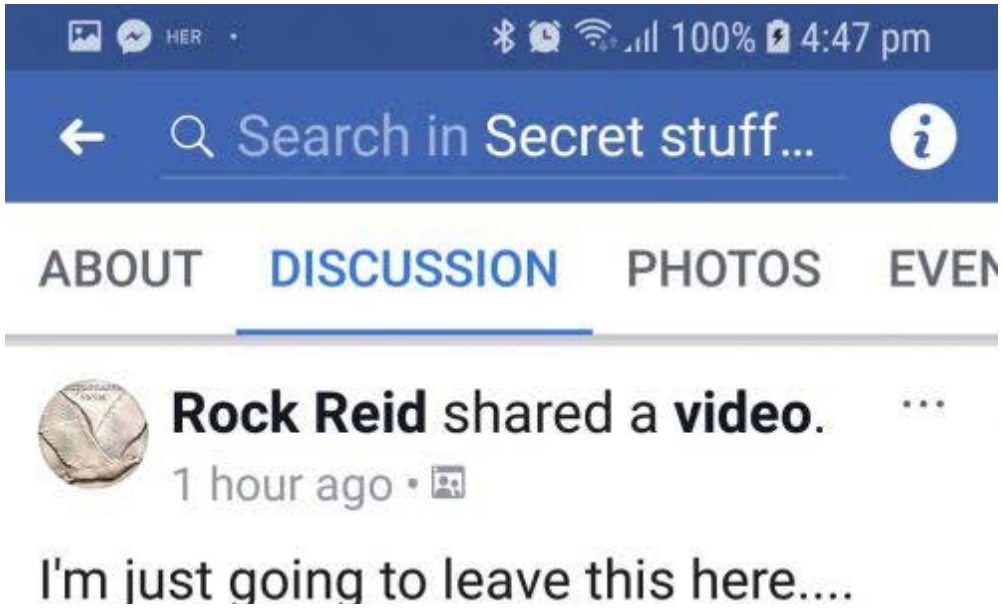

Scammer Mark W Mumma is again making videos proving his deep obsession for John Anderson.

John Anderson exposed Mark Mumma for his scam as webguy.com and AmericasTakenchildren as being in close relationship to convicted pedophile John Aster. Mark Mumma is daily attacking all of us members, faking profiles, making fake websites all with his pal John Aster in an attempt to hush anyone who exposes them.

Watch this video Mark Mumma posted to Facebook, have a look at the screens. This idiot thinks because he has a few screens he is a somebody. Yet his screens prove he is obsessed in such a way one would think its sexual in nature.

Talk Show Fact Check
25 Jun. at 7:18am •

The second in our series of ORIGINAL FACT CHECKS focuses on a silly claim by STOLEN Talk Show (the same guy as our first Fact Check): Who seems to think 4 = Roman Numeral X 🤣🤣🤣

Fact Check Mark Mummas Above Pic: Nope, your pedo pal Aster thinks X means 4 Mark. After all Aster says

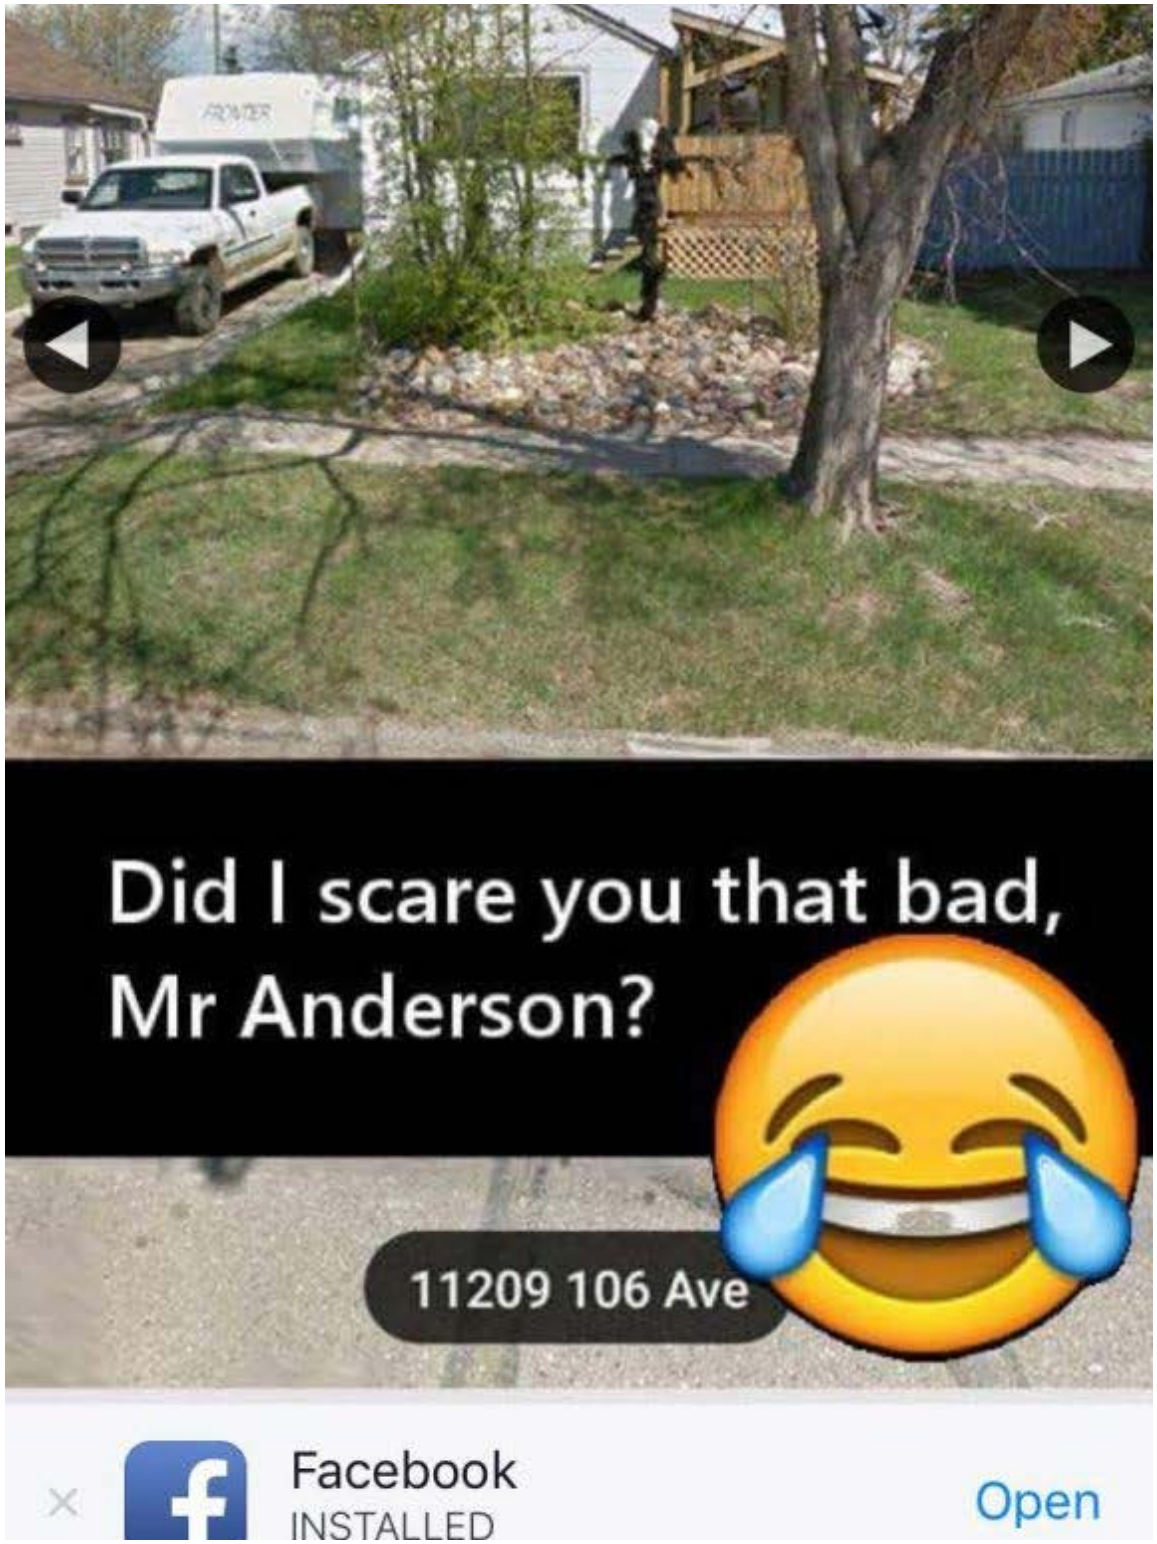

AXJ aka Actions 4 Justice.

Fact Check Above Pic: Mark Mumma & Geraldine Phifer of Americas Taken Children scam organization attempt to spread lies about Anderson who is exposing the scam and pedophiles within.

Mark, Geraldine, John Aster, Robin Sherman, Lorie Buchanan, Francesca Banfield, Shane Coyle, Tony Blas, all send messages to contacts and followers of John Anderson by criminally stalking all of John Anderson’s Pages, Profiles, Contacts and even John Andersons family.

Did I scare you that bad, Mr Anderson?

Fact Check Mark Mummas Above Pic:

Nope, John Anderson’s house is the house next door idiot. This shows how far stalker and pervert Mark Mumma will go to criminally stalk, defame and slander someone. Just wait until you hear all the recorded calls of Mark Mumma, one where Mark threatens to have Anderson’s daughter raped by 2 claimed black men.

Take the time to really investigate Mark W Mumma aka Webguy.com and anyone will find public knowledge of the many lawsuits Mark has been getting due to his online and criminal stalking behavior.

Mark owes so much money in legal action that he is a permanent broke ass. Using webguy.com to try and keep his head above water. We also did some real digging and found mark likes gay porn. Dont really know if his wife Rita Anderson knows about it and don’t really care. Fact is he like specific porn where a white Male is sucking off a black Male. In comments in a lot of places you see Mark speak of dick sucking etc. Do the math.

Did the poofter forget about the documentary being made about him? He should seriously lay off the weed (and sucking dick).

The movie being made about Johnny “AIDS patient” Anderson is not a secret.

Anderson is going to get the public butt fucking of a lifetime. I am going to kill Anderson.

John Anderson is not a part of this website. This is a support website on behalf of John Anderson since he gave it away. John is NOT online and we have no idea when he will be back.

Please have patience as we know many of you are wanting to speak with him in regard to the crimes committed against him by a handful of sick minded individuals.

You can contact Titus or Denise if you have any questions.

Thank you.

John Andersons Impression of Pro Pedo Tony Blas.

The epic live video where John Anderson of Stolen Productions does an impression of wanna B gangster Tony Blas who publicly backed up a convicted pedophile named John Aster. John Aster plead guilty to over 15,000 images of child porn & has been exposed by Stolen Productions. Also Shane Coyle & Cory Sem have a strong liking for pedophile John Aster.

John Anderson is seen here making fun of John Asters specific pal Tony Blas. LMFAO.

Punished 4 Protecting, is Protecting Pedophiles

John Anderson hosts another show that gives a bit more details as how the P4P scam operates and with convicted known pedophiles.

Francesca Banfield & White Suppremist Rudy Orr are proven partners in this cyber crime scam.

Francesca Banfield member Elizabeth Mason aka Elizabeth Ann Byler. This close member of Francesca needs

some sex offender treatment. John Anderson confronted Elizabeth and she admitted it was her. With claims the FBI are going to overturn her pedophile convictions, one year later and still never happened. Francesca Banfield your a liar, a scammer, and we will not stand your bullshit any longer.

Francesca likes calling those who speak out against her as being pedophiles. Funny as she is proven to be connected to more than one.

Her member Cliff is seen here sharing pedophile John Asters fake news about Anderson who exposes both John Aster & Francesca Banfield.

The very first attack made was against John Anderson, for calling her out as a fraud.

John Anderson VS Pedo & Pro Pedo Advocates

This is the live where the RCMP charged John Anderson of Stolen Productions for uttering threats. What makes this video non threatening is the very blunt fact John Anderson clearly says he is, “Not serious about the threats”. Also bluntly explaining the attacks, defamation and more from those who are proven to be aiding convicted pedophile John Aster, who has been exposed by both John Anderson & Pete Geary of BUACA/Stolen Productions.

Thousands of people witnessed the crimes taking place, hate smearing, false police reports, fake profiles, staging accounts etc.

The real criminals attempted to use the system to have Anderson’s child removed and Anderson off the internet so that he would have no choice but to remain silent about the truths he has been exposing for the past 10 long years.

Child protection came to interview the family after false reports were made to Cfs also, child protective services agreed that they were used as a tool to harm John Anderson and his family. No child services file was ever created and a letter will be requested from child protection agency for court proceedings on John Anderson’s behalf.

Pedophile John Aster and his close contacts involved in setting up John Anderson are as follows.

Robin Sherman (Winnipeg REMAX Realty Agent)

Cory Sem

Mark W Mumma (Website Creator)

Geraldine Phifer (Americas Taken Children)

Francesca Banfield (Punished 4 Protecting)

Tony Blas & Shane Coyle (The Ultimate Decoy)

Lorelei Buchanan (Winnipeg Resident, Close Friend With Robin Sherman)

Other articles and recordings are available via this website & other sites that provide more proof that what John Anderson has been exposing is 100% truth.

#We_Stand_With_John_Anderson

Thanks to John Anderson the world will truly know the real dangers of being online, the dangers that include the large amount of pedophiles and frauds who work hand in hand together. For fame, attention, views or likes, social networks are a breeding ground for pedophiles and frauds to unite globally. However, John Anderson is one to never back down from exposing evil. NEVER!!!!

Yup thats what I said to a former P4P WV Group member – that Francesca Amato-PedoFeel was using P4P: Punished 4 Protecting – as a front for criminal Activity – pretty good guess –

I had no idea what Francesca or these other scumbags where doing – absolutely did not know about John Aster or these other Pedo’s she was supporting – sick at my damn stomach that I was part of P4P Francesca wanted me to attack John Anderson calling him a Pedophile and other shit – I wasnt about to –

Dont worry John we get these punk bastards

The Case Against Pedophile John Aster & His Evil Pro Pedo Minions

This narrative is real and so are the details mentioned.

John Aster is connected to Francesca Banfield, Tony Blas, Shane Coyle, Cory Sem, Robin Sherman, Mark W Mumma, Corrine Mitchell as well as many other names.

Be careful as they all work with John Aster knowing his conviction and recorded confession of child porn. Over 15,000 images of both live and deceased naked children.

Update: the above names mentioned have filed false police reports against both BUACA founders, Pete Geary Australia & John Anderson Canada. In a blunt attempt to kidnap John Anderson's daughter, taunt Pete Geary using his son Charlie and so much more.

More about this will be compiled once we get more information from both Pete Geary & John Anderson.

One thing is for certain, BUACA members never back down from pro pedo & pedophile scum. No matter what false police reports are filed.

Get ready, things are about to get real.

How to be the biggest loser on Facebook, Fraudcesca Scamfield chronicles.

Since Francesca won't debate in real time we will respond to her live video's on our podcast.

She did a 2 and a half hour live from her kids bedroom, with the occasional break while she acknowledges the kid and the puppy.

with guest appearances by a creepy Australian with a disdain for everything except himself

and A drunk boyfriend.

Join the fun as we try to make sense of word salad tossed by our favorite marathon live-er.

Well, #Mark_W_Mumma & #John_Aster & #Francesca_Banfield & #Geraldine_Phifer , if any of your claims are true, why does John Anderson still have his child? Oh, I know. BECAUSE YOUR FULL OF SHIT. SEE YOU HAVE NO CASE FUCKERS. YOU RUINED YOUR FALSE COMPLAINTS. SCREWED YOUR ATTEMPT TO SEND AN INNOCENT MAN TO JAIL. LOOKS TO ME LIKE JOHN ANDERSON WILL BE GETTING A PAYOUT. ;) All charges will be dismissed. #Bong_John_Silver that shit punks. Lol

What you see here is where the friends of convicted pedophile John Aster, Mark W Mumma, Geraldine Phifer try to have proof/evidence removed. Evidence that shows they indeed slandered John Anderson who exposed the pedophile and names of those who aided pedophile John Aster.

John Aster plead guilty to over 15000 images of child porn. He is a part of Webguy.com & Americas Taken, Punished 4 protecting, all of which are full blown scams that attack anyone who dares to expose them and the pedophiles they work alongside with.

Pedophile John Aster & His Friends Criminally Harassing John Anderson

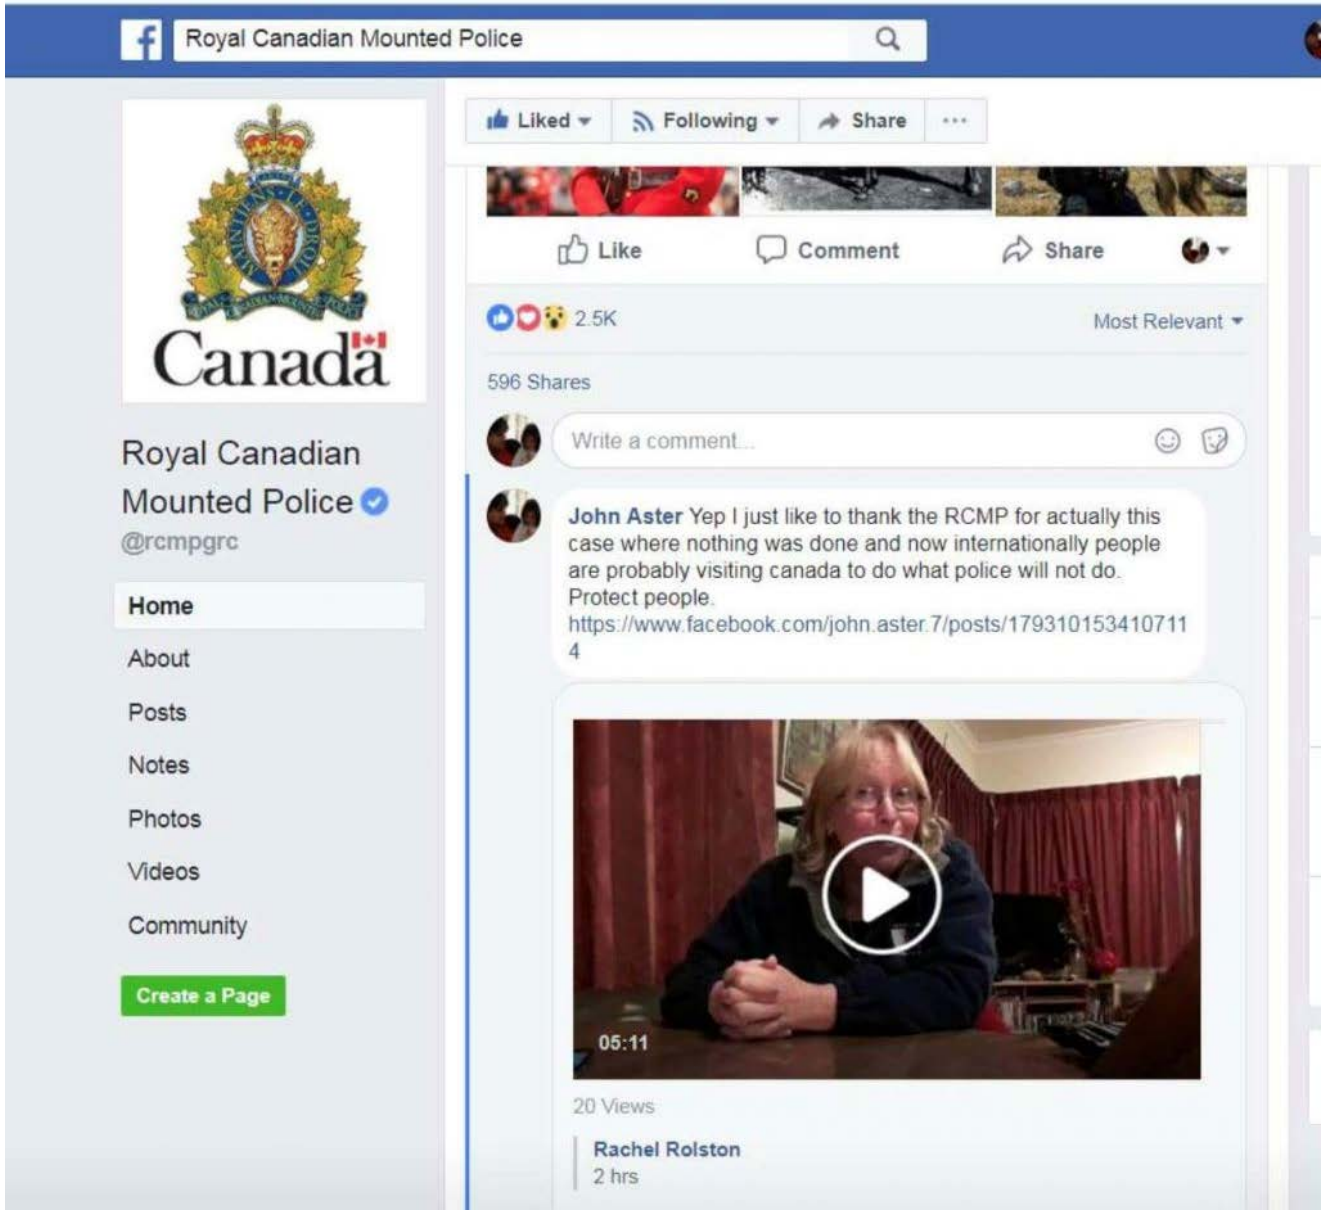

Below is a video made by a very sick pro pedophile woman who resides in NZ. Rachel Rolston is already known globally as a con woman, yet is now proven to fully support convicted pedophile John Aster & is seen helping John Aster by attacking Stolen Productions founder John Anderson who exposed the both of them and many more.

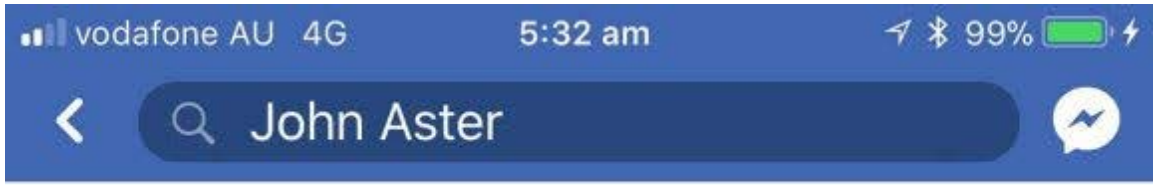

Rachel made this video for her pedophile friend John Aster. Making bogus allegations. This is just one video of many the pedophiles, pro pedophiles and frauds have all created in an attempt to shut Stolen Productions up from exposing them all. It actually fuels us to do more, police in Fairview Alberta confirmed this woman is a crazy nut who did indeed make up false allegations within this video, all for a convicted pedophile named John Aster who plead guilty to over 15000 images of child porn.

This pic below is of Rachel peodphile friend John Aster sharing her bogus allegation video. Bluntly to the Canadian RCMP pages via Facebook.

John Aster gets people mentally challenged like Rachel Rolston, to make up lies together in hopes those who read his and her bullshit will believe it. Yet this is just another of pedophile John Asters epic failures.

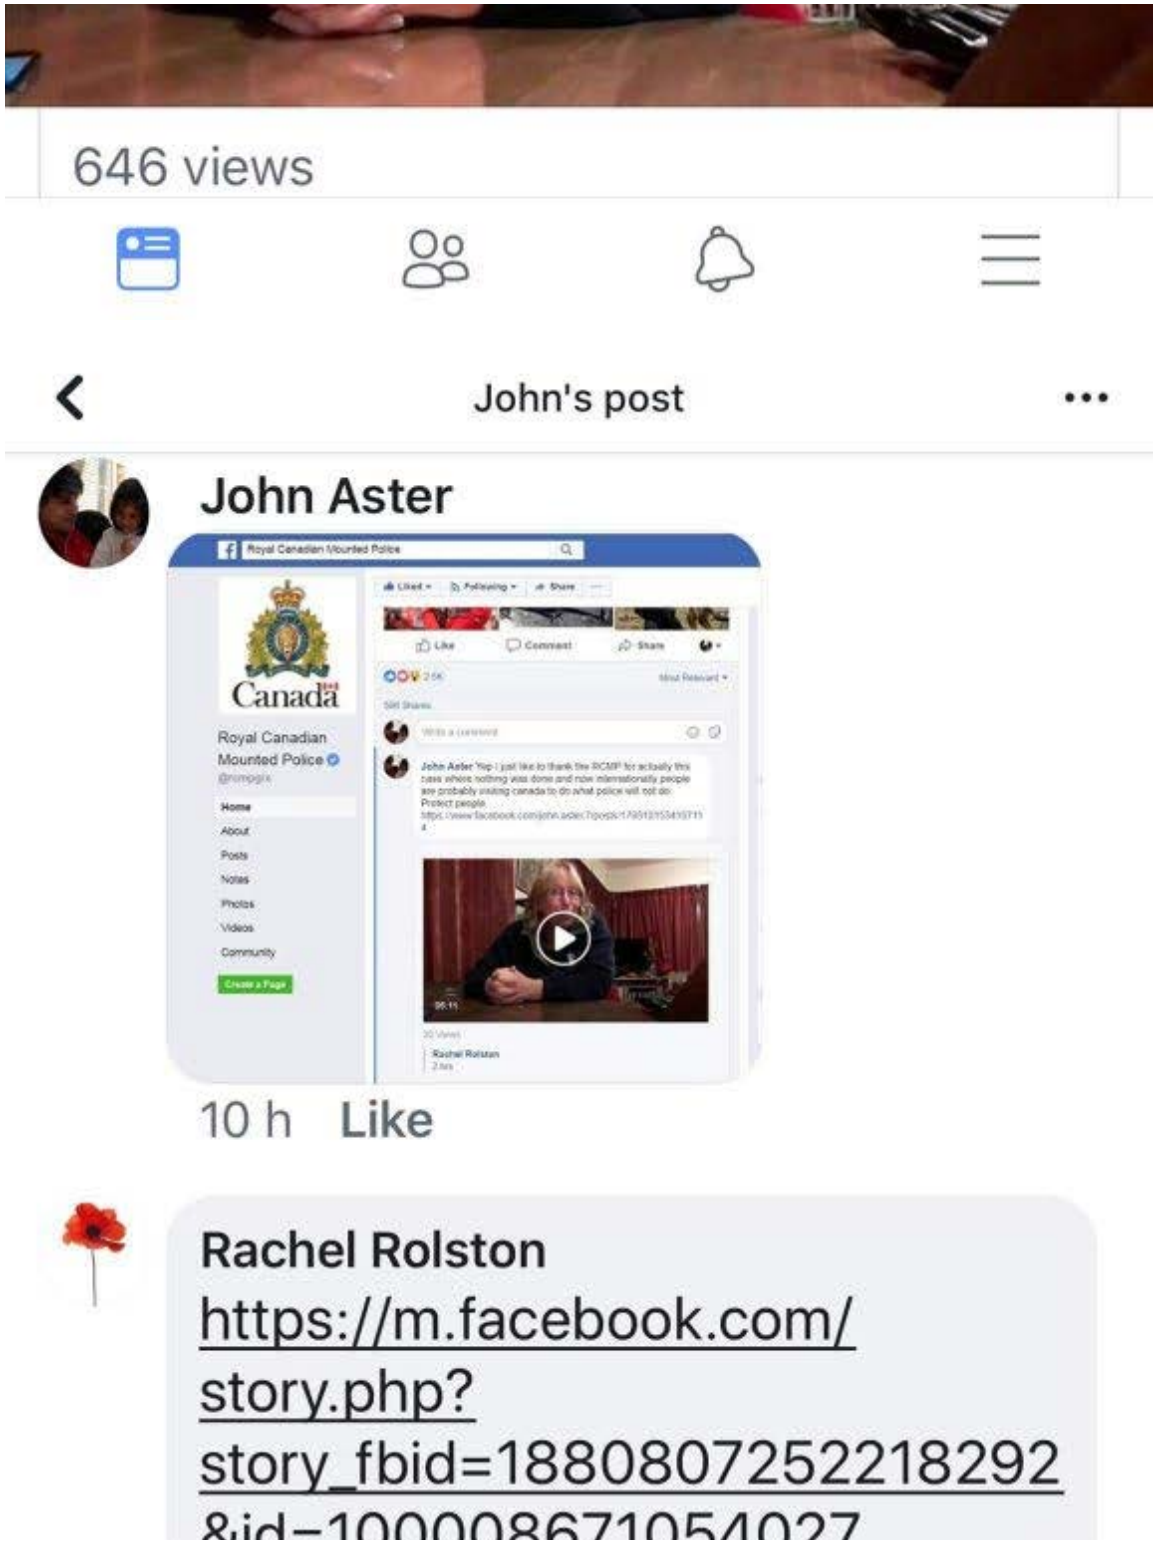

John Aster shared a **video**.

Mr. John Hanns Anderson you keep attacking my friends and due to your great investigation skills you seem to have pissed her off, see she knows stuff about you. She actually has been investigating your group now for a very very very very long time. ... I think she is a little serious about you stalking her daughter. It's not nice what you do Mr. Anderson aka Pete Geary paid sidekick.

Below is a picture of another friend of Pedophile John Aster. This woman is a Canadian resident who works for Remax Realty. She was against John Asters friends until Anderson caught wind of her involvement with an Alberta pedophile named Jim Hogan. Robin knew of his convictions and refused to inform Stolen productions founder, resulting in Anderson removing her once she got Jim Hogan to go to Anderson's house with another male. Since she was kicked away from Anderson she has joined up with those Anderson has been exposing for the past 9 years. Frauds and even more pedophiles.

We plan on getting updates and more details when we are able to reach Stolens John Anderson who proudly exposed all of these evil and corrupt pedophile and pro pedo rock spiders not forgetting also exposing fake advocates that are proven working with pedophiles.

I for one will be testifying with close to another hundred others, testifying on behalf of John Anderson who I am proud to say did a great job exposing all the names he has these past years.

Below is a pic of John Aster (Convicted pedophile) with his so called friend who is definitely barely of age if she even is. Topless and young is how John Aster gets his rocks off.

John Aster likes them as young as 5 years of age. His favorite TV commercials are that of diaper advertisements. Be careful this man is very dangerous and a high risk to children and families. If in contact please check in with Brisbane Australia police to confirm this information.
